The selection of Lt. Col. Geo. W. Fowler of Sussex to the Senate leaves the whole northern portion of the province without representation and gives Kings county two Senators. Surely some man with necessary qualifications could have been selected from the North Shore.

A SEARCHING CRITICISM.
The Canadian Courier vigorously dissects from Sir George Foster's assertions that the war has made it impossible for a government to regulate price. It points out that food is as cheap in London as it is here, after all the cost of haulage, insurance and risk of submarines; and that since Canada produces more food stuffs than England "a government could, if it wanted to, conscript enough of every crop to feed Canada for a year at less than famine prices." The Courier says further:
"Unless the department of trade and commerce advises such action, it will likely not be taken. The department, we take it, does not approve of a food controller. Canada, the most bountiful producer of all the nations, according to home demand, is not to have her production and distribution of food regulated as it is in England and the United States. We don't quite see Sir George Foster's daylight. If Canada is to go on putting an increased weight into the war on all sides, it is absolutely essential that we take advantage of our own resources to keep the cost of food at least a margin lower than it is in England, France or Germany."

NEW CARLISLE.
We are glad to announce that Mr. J. A. LeBrock who for some time has been quite ill is now reported to be gaining in strength.
A delegation of five ministers and one elder from the Presbytery of Miramichi is expected to visit this field to look into matters regarding the Presbyterian congregation. They expect to arrive here about the 11th or 12th.
