WEEKLY MONITOR.

A MIRACLE OF TO-DAY. The Startling Experience of a Young Lady in St. Thomas.

CONSTANT SUFFERER FOR MORE THAN FIVE

VEARS-HER BLOOD HAD TURNED TO WATER-PHYSICANS HELD OUT NO HOPE OF HEE RECOVERY-HOW HER LIFE WAS

SAVED-A WONDERFUL STORY. From the St. Thomas Journal. "The Angel of the Lord encampeth round about them that fear Him, and delivereth them." Such is a verse of holy writ made familiar to very many residents of St. Thomas by the well-known evangelist, Rev. J. E. ter. In letters of gold on the stained glass fanlight over the door of his residence, No. 113 Wellington street, is the text

"Psalm xxxiv, 7." Though we live in an age noted for its energetic, zealous Christian endeavor, this idea of Mr. Hunter's to imof the Inspector. press the truths of the scriptures upon those original and so novel, that it at once excites gress of tuberculosis in the human subject, it the curiosity. Those not familiar with the text make a mental note of it, and at the first opportunity look it up. This is just what was done by a representative of the Journal, who had occasion to visit Mr. Hunter's residence the other day. But with early stages of it. The New Hampshire obtained the reader will be more concerned. ber of cows which reacted to tuberculin, and marvellous cure said to have been effected and when animals do not react after injection in the case of a young lady employed in Mr. it can be said, with almost absolute certain Hunter's family, by the well-known and ty, that they are free from tuberculosis. popular remedy, Dr. Williams' Pink Pills. Results with tuberculin have been so satis-And it was a wonderful story that the young as it is wonderful. Last June the same reporter interviewed Mrs. John Cope, wife of aid us, we are now in a position to battle the tollgate-keeper on the London and Port with the disease as never before, and can Pillsof running ulcers on the limbs after years This agent is used by the New York State by a number of physicians. The old lady had Prof. Koch's discovery promises to be of entirely recovered, and could not say too great service to mankind indirectly enabling much in praise of Dr. Williams' Pink Pills, which had given her a new lease of life. As it was with Mrs. Cope, so was it with Miss the agency of the milk of consumptive cows. Edna Harris, the young lady in the employ of Mr. Hunter's family who has been restored to health and strength by Pink Pills.

Miss Harris has just passed her twentieth year, and is a daughter of George Harris, who lives at Yarmouth Heights, and is employed by Mr. Geo. Boucher, florist and

"I believe Dr. Williams' Pink Pills, saved my life, and I am quite willing that everyone should know it," was the reply of Miss Harris when asked if she had been benefitted by Pink Pills, and if so would make public her story. Continuing, she said, "When I was twelve or thirteen years of age I was first taken sick. The doctor said my blood had all turned to water. For five years I sufferbarely keep alive. It was only my grit and try producers must disabuse their minds of barely keep alive. It was only my grit and strong will, the doctors said, that kept me know the difference between a fresh egg and time, or if I got the least bit warm I would a fresh-looking stale egg. Facts are that time, or if I got the least bit warm I would fall over in a faint. My eyes were white and glassy, and I was so thin and pallid that every one believed I was dying of consump-tion. During the five months I was ill, I was attended by five physicians in St. Thomas, two in Detroit, one in London and Thomas, two in Detroit, one in London and anything for me. I was so far gone that there was no hopes of my recovery. To-wards the last my fact and the bart

Bovine Tuberculosis. Bovine tuberculosis was introduced New Hampshire three or four years ago by the importation of diseased cows from Massachusetts, and the Legislature enacted a law for the suppression of it. A report re-cently submitted by the New Hampshire

Agricultural.

Cattle Commissioners shows that during the past year herds in 221 stables were inspected, and that 115 tuberculous cows were found and killed, at a cost to the State of \$1,826 An estimate of what the value of the condemned animals would be if they were not diseased is made, and the State pays half of it to the owner. In every instance a postmortem examination verified the diagnosis

While Prof. Koch's tuberculin may not be serviceable in curing or checking the prois an agent of great value to the veterinarian, because the use of it surely reveals the pres-ence of the disease in cattle. Even the most expert veterinarian can detect surely in no other way the existence of the malady in the Commissioners say: "We have killed a numhave found them tubercular in every instance factory that the use of it is considered one of the most important advances in veterinenforce the regulations of the statute books." health authorities to prevent the transmission of tuberculosis to human beings through

-If you would understand your succes or failure as a salesman or grower of produce, stock or anything else on the farm, why do you not try and put yourself in the customcr's place for a while, and think what you would do if you and the buyer were to change positions? Will you stop and ask yourself dependent upon a retail grocer for your supplies? Will the farmer's wife stop and consider the importance of good, fresh eggs to the city housewife? Were you in her place how much more per dozen would you be willing to pay for large, clean, fresh eggs than for the little, puny, salted or stale eggs so

many are now compelled to use? Our counthem. Take care of eggs and is will be

are all intimately connected practically inseparable. Though the fact is often ignored, it is nevertheless true that a good complexion is an impossibility without good digestion, which in turn depends on good food. There is no more common cause

of indigestion than lard. Let the bright housekeeper use COL EN EN

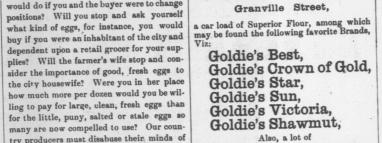

In In The New Vegetable Shortening and substitute for lard, and her cheeks, with those of her family, will be far more likely to be "Like a rose in the snow." COTTOLENE is clean, delicate,

healthful and popular. Try it. Made only by N. K. FAIRBANK & CO., Wellington and Ann Streets,
