We are not more than four or five days behind in the majority of our orders and we have lots of goods still ahead so that we hope there will be no disappointments this season or at least very few. Our letters and orders are coming in at the rate of 30 to 50, sometimes more, per day.

BOXES FOR SECTION HONEY.

We have just received from the manufacturers a large lot of cartons for holding the 41x41 section, something similar to the engraving. Our catalogue price at the present time is \$14 per thousand, but we have purchased these at a figure that will enable us to make them \$9 per thousand,\$1.00

per hundred and 13 cents per ten. When the comb honey labels A. and B. are used on them they make a handsome package for comb honey. The illustration shows you label A. None of them have tape handles, and we make the price \$1 per thouand less than if they had. A 3 cent stamp will secure you a sample by return mail.

ONE POUND GLASS JARS, SCREW TOP.

We are just advised that these have been shipped from the glass works, and we expect them in a few days. To save breaking bulk as much as we can, pend below a table of the quantities in which the shipment is put up, prices per barrel. In In esti-

mating the price we have calculated the same as for full gross lots, an allowance of 15c. being made per barrel.

NEW YORK.

Sales of comb honey the past two months exceeds largely sales of corresponding period of last year. The large stock in dealer's hands is becoming less every day, and the present out-look is that all the better grades will be closed out before the new crop arrives. There is quite a large stock of dark and off grades of white, which we apprehend will be carried over. Prices are ruling low, we quote: - White comb, 9 to 12c.; dark comb, 5 to 7c.; California extracted, 5 to 6c.; California comb, 8 to 9c.; beeswax, 23 to 24½c. We beg to inform you that we have removed our place of business to 28 and 30 West Broadway, near Duane St., where we have better facilities for handling honey.
