We take much pleasure in referring to the reputation we have many years maintained for manufacturing

## SPOONS AND FORKS

BEARING THE TRADE MARK,

"1847. ROGERS BROS. A 1."

Particular attention is invited to our Patented Process of Electro-Plating Spoons and Forks, by which the parts most exposed to wear receive an EXTRA COAT OF SILVER. This feature renders these goods more economical and durable than those of any other manufacture, while the increased cost is relatively small. This method of plating we apply to the 4, 8 and 12 oz. plate, as required. All Spoons and Forks of the plated are stamped "1847—ROGERS BROS.—XII.," and are the best in the market.
