

DEAFNESS CURED

By No Means Until "ACTINA"
Was Discovered.

Ninety-five per cent. of all cases of deafness brought to our attention is the result of chronic catarrh of the throat and middle ear. The air passages become clogged by catarrhal deposits, stopping the action of the vibratory bones. Until these deposits are removed a cure is impossible. The inner ear cannot be reached by probing or spraying, hence the inability of aurists or physicians to cure. Ear drums are worse than useless. That there is a scientific cure for deafness and catarrh is demonstrated every day by the use of Actina. The vapor current generated in the Actina passes through the Eustachian tubes into the middle ear removing the catarrhal obstruction as it passes through the tubes bones (hammer, anvil and stirrup) in the inner ear, making them respond to the slightest vibration of sound. Actina has never failed to cure ringing noises in the head. We have known people troubled with this distressing symptom for years to be completely cured in only three weeks' use of the Actina. Actina also cures asthma, bronchitis, sore throat, weak lungs, colds and headache; all of which are directly or indirectly due to catarrh. Actina is sent on trial, postpaid. Write us about your case. We give advice free and positive proof of cures. A valuable book—Professor Wilson's 100-page Dictionary of Diseases—free. Address New York and London Electric Association, Dept. 46H, 929 Walnut Street, Kansas City, Mo.
