THE ENTOMOLOGICAL SOCIETY OF ONTARIO.

The fifty-second annual meeting of the above society will be held in Ottawa, on November 4th and 5th, 1915. The day sessions will be held in the large laboratory of the Entomological Branch, Department of Agriculture, Birks' Building, Sparks street, and the evening meeting on November 4th in the Assembly Hall of the Normal School. At this latter meeting Dr. H. T. Fernald, State Entomologist of Massachusetts, will deliver the popular lecture, the subject of which will be "Life Zones in Entomology and their relation to Crops."

A very full programme has been arranged for the day sessions. Many of the papers to be presented will be of an economic nature, on subjects of extreme interest to the agriculturist, horticulturist, etc. Entomologists from every province in Canada will be present, in addition to which prominent authorities from the United States will also be in attendance. Members of the Ottawa Field-Naturalists Club interested in insect life will be welcomed at the meetings.
