Sec'y.

⊗ This list should have been published in *Church Times* of March 16.

E. G.

⊗ We were shown a Safety Lock a few days since, one of two ordered for the Union Bank of Newfoundland, of the Messrs. Pickford, who have lately commenced business as locksmiths in this City. It is a curiosity in these parts, where we believe the best arrangements have been hitherto found to be no preventive to the efforts of the determined burglar; and where a good guarantee for the integrity of public records, Bank coffers, and the contents of iron chests, is becoming more and more desirable. Those who wish to inspect the duplicate of this new piece of work, will have an opportunity of doing so by calling at Messrs. Pickford's, where they will also find many other interesting articles made to answer a similar purpose.

⊗ It is said that the Hon. the Attorney General has been returned for Inverness without opposition.

On the 3rd of May the ice gave way in the Miramichi River—the *Gleaner* of May 6 says—"We hope to see the navigation open in a day or two."

The *Toronto Globe* says—"Mr. Hincks' brother is to be, if he is not already, the new Bishop of Kingston. Lord Elgin asked his appointment of the British Ministry as a special favour to himself."

The *Cape Breton News* of May 6, says—"Sydney River is now entirely clear of ice, and the steamer *Danahoe* has been plying on the harbour between Sydney and the North Bar since Tuesday last." We may now expect a supply of coal, the City stock being entirely exhausted. This article has sold within the past fortnight as high as \$12 per chaldron. Coal wood has reached within the same time to \$3 per cord.

At a public meeting at Sydney, C.B., held Monday, May 1, it was resolved to enter into a subscription to procure a quantity of oats for seed, to be sold at cost and charges to those able to purchase them—and further to petition the Governor and Council for an advance of £250, to be deducted from the Road appropriations for 1855—the same to be applied to the purchase of oats for the poor and destitute, to be paid for by them next season, in labour on the highways.

The *St. John Chronicle*, May 5, states—"We are pleased to find that all the cholera patients at Partridge Island are in a convalescent state, and all the healthy passengers have come up to the City."
