

## PROFESSIONAL OPINIONS OF LACTOPEPTINE.

*From over two thousand commendatory letters received from Physicians in this Country, Canada, and Great Britain, enumerating cases which have been treated successfully with LACTOPEPTINE, and in most of which Pepsin alone had failed to benefit, we select the following, and for greater convenience, present them according to the specific diseases to which they refer.*

# D Y S P E P S I A .

The undersigned, having tested the preparation of Pepsin, Pancreatine, Diastase, Lactic Acid, and Hydrochloric Acid, made according to published formula, and called LACTOPEPTINE, find that in those diseases of the stomach where the above remedies are indicated, it has proven itself a desirable, useful, and well-adapted addition to the usual pharmaceutical preparations, and therefore recommend it to the profession.

"I have given LACTOPEPTINE a good, thorough trial, and have been greatly pleased with the excellent results that have followed its administration."

"I have found great satisfaction in the use of LACTOPEPTINE, and have ordered it frequently in cases of Dyspepsia, especially where there is want of tone and defective secretion."

"I have used LACTOPEPTINE with very good effect in a number of cases of Dyspepsia."

"I have used LACTOPEPTINE with great advantage in cases of feeble digestion."

"I have used LACTOPEPTINE both in hospital and private practice, and have found it to answer fully the purposes for which it is recommended. As an immediate aid to the digestive function, I know of no remedy which acts more directly."

"I have made much use of LACTOPEPTINE and take great pleasure in stating that it has rarely disappointed me. I shall, of course, continue to prescribe it."

"I have used LACTOPEPTINE in a case of Dyspepsia with satisfaction. I think well of the preparation."

"I consider LACTOPEPTINE the very best preparation of the kind which I have ever employed, and for patients with feeble digestion I know nothing which is equal to it."

"I find that the preparation of LACTOPEPTINE contains within itself all the principles required to promote a healthy digestion."
