

ORIGINAL RESEARCHES BY REV. PROFESSOR JOHN CAMPBELL, M. A., PRESBYTERIAN COLLEGE, MONTREAL.—In a work just published on the "Origin of Culture in America, and the Aced or Sumerian Patriarch," Dr. Hyde Clarke, of London, Eng., the celebrated archeologist, refers in the following highly complimentary terms, to the original researches of Professor Campbell. "Under the head of topographical nomenclature, a course of investigation is being pursued by the Rev. Professor John Campbell of Montreal and formerly of Toronto, which can be consulted with great advantage. In the Canadian Journal under the titles of the 'Hebrews' and of the 'Shepherd Kings of Egypt,' Professor Campbell has adopted as his basis the genealogies of the books of Genesis, Kings, and Chronicles. With the help of the Egyptian and classic dated, he is bringing to bear a flood of light upon the Sumerian epoch of civilization with regard to the genesis and migration of nations, and the mythology of the period. These memoirs can be profitably consulted by the investigator in common with those of Lenormant and the Egyptologists. Upon the grand question of the population of Canaan, Professor Campbell gives us invaluable materials for forming a judgment." Such are the terms in which this eminent historian and archeologist refers to our fellow citizen. It is surely just cause of congratulation to find men in our own city and educational institutions, Canadian scholars, thus taking rank among the most distinguished original investigators of the Old World. Specially is this the case when, as with Professor Campbell, they are characterized by the warmest devotion to the interests of truth, and their labors are signally successful in elucidating not only profane history, but in shedding light upon the page of Revelation. Is Canada, or is Montreal, sufficiently appreciative of her distinguished educators? Have we, with all our wealth, placed within their reach the libraries and other appliances by which they may lift our country to her proper place in the world of letters?—Witness

Two members of the Presbyterian Church in Australia have just contributed, one £20,000 and the other £30,000, towards the founding of a University in Adelaide.

A SANSKRIT class has been organized in the Boston University, which includes two young women—the first, it is believed, of their sex in America or Europe—to undertake this very difficult study.

GEORGE STOCK, Esq., Toronto.
Dear Sir,—We have been using your oil on our machinery for some years, and have no hesitation in saying it is the only good oil of the kind we have ever used, and it is the very best machine oil we have ever used. We recommend it to all our farmer customers as the best oil they can possibly buy. We suggest that you put it up in gallon cans for their use, and we feel sure it will sell freely. Any one who gives it a trial will continue to use it.
Yours truly, **F. W. GLEN,** President.
As foreman of the above works, I beg to say I would rather have Stock's Extra Oil than Lard, Olive or any other oil I have ever used.
