ABRIDGED PROSPECTUS.

The object of this Company is the establishment in New York of a Printing and Publishing business, founded on the very economical and effective processes now in use at the Office of G. E. Desbarats, Proprietor of the Canadian Illustrated News, in this City.

The reproduction of steel engravings, music, maps, architects' plans, current literature, illustrated books for children, gift books, illustrated works of every class; the production of original illustrations by the new photo-lithographic etching process, and by granulated photography, the publication of illustrated periodicals, &c.

The saving effected by the methods invented and improved by Leggo & Co., over the ordinary means of producing illustrations, together with the vast amount of business to be done in that line in the United States, offer a prospect of immense returns on the capital to be invested in the enterprise.

The calculations made of the amount of business to be done, (and which may be examined by intending subscribers,) show a minimum profit to be realized of 33 1/2 per cent. on the capital to be invested; whereas, under ordinarily favourable circumstances, the profits will amount to double that percentage, and are shown to be susceptible of reaching 150 per cent. without any extraordinary efforts.

The payments on stock will be as follows: Ten per cent. on allotment, and Ten per cent. on the 1st of each succeeding month until \$150,000 shall have been paid in, after which it is not expected that further payments will be required unless to extend the business. Subscribers desirous of paying for their stock in advance can do so less 7 per cent. interest.

As soon as the stock is allotted, a meeting of the Shareholders will be held, at which the President and Directors of the Company will be chosen. At this meeting detailed estimates of the intended expenditure will be submitted by the Proprietors, who will also then assign to the Company their various patent rights, in exchange for two thousand five hundred paid-up shares. Their power of voting will, however, be limited to \$100,000, and they will engage not to dispose of their stock before the expiration of one year.

The Proprietors will reserve to themselves (subject to approval by the Board of Directors) the organization and management of the enterprise, and the privilege of selecting the employees, being anxious that the business be started on a sound basis, and in accordance with the special knowledge their experience gives them. The magnitude of the interest they have at stake is a guarantee of the efforts they will put forth to secure the ultimate and complete success of the Company. They wish it however to be clearly understood that they will incur no expenditure without the sanction of the President and Directors, that they will give strict account of all funds placed in their hands, and that the Treasurer of the Company will be named by the President and Directors.

GEO. E. DESBARATS, WM. A. LEGGO.

The estimates put forth in the more extended Prospectus (which may be had on application) have been submitted to the best practical authorities in the city, with the following result:—

MONTREAL, 16th APRIL, 1872.

To the Provisional Directors of THE UNION ART PUBLISHING COMPANY:

GENTLEMEN.—We have carefully examined the statements of cost, expenditure, and probable revenue put forth by Mr. George E. Desbarats in the Prospectus of your Company; and we have much pleasure in stating that, in our opinion, the costs and charges are, in nearly every instance, placed at a very high figure, while the receipts are likely to surpass the amount stated in the Prospectus.

Your Obedient Servants,

JOHN LOVELL, Montreal Daily News, JAMES STEWART, Montreal Herald, RICHARD WHITE, Montreal Gazette.

Applications for Shares are to be made to the Brokers. The Stock Books will be closed as soon as the amount of Capital required is subscribed for. MONTREAL, 25th April, 1872. 5-18 tf
