

HISTOGENETIC SYSTEM

OF MEDICINE.

THEORY.—Rebuilding the diseased cells and tissues of the body with the same proximate principles and ferments, organic bodies, and so on, which are normally prepared in the body by the glands.

**ALL
Diseases Cured.**

Perfectly Pure and Tasteless, containing nothing of a poisonous nature whatever.

TESTIMONIAL.

I have been a great sufferer from female weakness of long standing. I have been treated by several Physicians, and also been under treatment in the Toronto General Hospital, but all failed to cure me. I saw a medical book explaining Dr. Jordan's Histogenetic System, and resolved to give it a trial. I consulted Dr. Rear, at 17 Queen Street East, who prescribed these medicines, and assured me they would cure me. I had my doubts, but was determined to try once more. I took two weeks' treatment and am utterly astonished at the result. I am nearly well, and no language can describe how thankful I am that my life is spared. This testimony is voluntary, and I give it hoping that hundreds of my sex may try the medicines and receive the same marvellous good that I have. They are good to take, and unlike any medicine I ever took before, leave no bad effects.

TORONTO, June 5, 1890.

MRS. J. FAWCETT, 102 John Street.
