

LOST!

The Terrible Fate of a Small Body of Men and the Future of the Shipwrecked Men.

The keeper of the Eddystone light-house recently discovered a bottle containing the following pathetic sentence, the last expressions of a small band of shipwrecked men: "We have been leaving upon a raft for ten days and for more than half of the time without water. We have hoped against hope and now are ready and waiting for death. Anything is better than this agony. We cannot endure it more than a few hours longer. Yesterday we saw a vessel and thought we were safe, but it passed on without seeing us. Today we have abandoned hope. Such a death, away from friends and in such agony, is terrible. To look into the cannon's mouth requires bravery, but to face death slowly and surely needs only despair. There is no hope."

The only difference between the experience of these men and thousands of others on land to-day is that the shipwrecked men realized their fate while the others do not. They are in just as certain danger but are wholly unconscious of it. They are aware that their heads are frequently; that their appetite is lacking; that their skin is often hot or feverish, alternating with distressing chills; that at times breathing is difficult; that the ambition is gone and despondency frequently occurs. People notice these things but think they are caused by some cold or indigestion, and hence give them no further thought. Any one of the above symptoms recurring at intervals indicates a diseased condition of the kidneys which is certain to result in Bright's disease if permitted to go on unchecked. What the terrors of this terrible disease can never be described, but it has carried off some of the finest men and most noble women America has ever produced. "About one-third its victims," says Dr. Roberts, the highest authority on the subject, "through neglect to take the disease promptly in hand on its first appearance, die of uremic poisoning (in convulsions or by diarrhea). Many die from watery suffocation, from gangrenous erysipelas in the legs, thighs and genitalia, pneumonia, heart disease, apoplexy, intestinal ulcerations, paralysis, etc., all of which troubles are the result of Bright's disease."

Another high authority says: "Diabetes and Bright's disease of the kidneys always terminate in death if discovered too late, but yield rapidly to treatment if taken in time. Thousands of people who pass thick, yellow matter with brick dust sediment and complain of a slight backache, headache, dizziness, imperfect vision, cold back, hands and feet, general debility, etc., etc., are victims of this deadly disease (unknown to themselves) and when, at last, overcome by its exhausting influence they present themselves to their medical attendant he, nine times out of ten, will write out a prescription for malaria poison, or, discovering their terrible condition inform them that they have come too late."

To permit the kidneys to rot away or to suffer limestone deposits to accumulate in the bladder is criminal carelessness, especially when it can be entirely avoided by care and the use of the proper means. For this purpose, however, there is but one known remedy, and that is Warner's Safe Cure, better known as Warner's Safe Kidney and Liver Cure. It is true there are many preparations that claim to cure or relieve these troubles, but no remedy has ever been found that absolutely does this except the one above mentioned. It is, actually, the only proprietary medicine which has ever received the unqualified endorsement of the medical profession. Among the number of physicians who have written at length regarding its wonderful properties, are the well known Dr. D. O. Lewis, Dr. Robert A. Gunn, president of the United States Medical College of New York, and Dr. Frank Gallagher of New Haven. These men are men of science and will not endorse anything they do not know to be valuable in the highest degree. But the thousands of men, women and children in every nook and corner of America, who have been kept from disease and saved from death by means of Warner's Safe Cure, speak more truly for its value than could all the "Thank you" letters of every physician in the land. The remedy of every physician in the land, who do not speak of its chemical ingredients, but of its healing power. They know the value of the remedy, for it has restored them to health. The above facts all show that it is an absolute duty you owe yourself and your friends to not only carefully observe and reflect upon these things, but to attend to them in time.

NEWS FROM ROME.

THE SOVEREIGNTY OF THE POPE—DECISION OF THE ITALIAN COURTS—CARDINAL ROSENLOHE AND THE HOLY FATHER—MISCELLANEA.

Rome, Nov. 11.—The following verdict has been issued by the Corte d'Appello di Roma: "It is undeniable that the Holy See, as an institution sui generis to which no other can be compared in the whole world, does not draw either its origin or its power from that State where it resides."

The Holy See is the only supreme and unaccountable judge of all that best belongs to interior and exterior life. "The Holy See is a spiritual power, not an external act. This constitutes its real and visible existence in the world, and has per- suaded Catholic and non-Catholic States to recognize it as a sovereign being, (suo iure) able to deal with them as equal with equals."

This declaration of the Italian courts is contrary to some principles adopted as a rule by the Italian Government on the Roman question. The principle of extrajurisdictionality is further declared by the same court in the following words:

"No one among lawyers ignores the fact that laws govern subjects, and not those who are out of political jurisdiction. The judicial axiom, *Leges ab imperante latæ solas obli- gant subiectos non exteros*, is well known. "Now by the very same public international Italian rights the head of the Holy See, in his quality of Vicar of Christ, head Bishop and supreme ruler of the apostolic univer- sal Christian Church, though physically re- siding in Italy and exercising here, as all over the world, his spiritual jurisdiction, yet in this his own capacity he is out of the kingdom of Italy."

This response of the Italian magistrate deals a hard blow at Mr. Mancini's theories about the guarantees. There is no truth in the report that there is coolness between Cardinal Rosenlohe and the Pope. Before leaving Rome to visit Dollinger his Eminence took formal leave of his Holiness. His visit to Dollinger had been made every year periodically. It is well known in Rome that his Eminence is a little disposed to have his own way, but he is in no way rebel- lious. He does not trouble his Holiness for many ecclesiastical rights. He gave an instance of this in the selection of his own vicar

at Santa Maria Maggiore before the Pope had time to suggest a name, but his behavior has been always within ecclesiastical boundaries."

Bishop O'Hara of Scranton, Bishop Ryan of St. Louis, Dr. Corcoran of Philadelphia, and Archbishop Williams of Boston are lodged at the American College. Archbishop Gibbons of Baltimore is expected to-day. He will reside at the Bulpian House with Pere Captier. Cardinal Manning is detained in Paris by a slight indisposition. He is coming here soon, and will stop at the English College.

Bishop Laurenti and Monsignor Gori are preconized by public opinion Cardinals for the future Consistory. It is said that the Archbishops of Vienna and Lisbon will be invested with the red beretta.

THE IRISH CONVENTION AT SYRACUSE.

FATHER CRONIN'S RESOLUTION—PARNELL TESTI- MONIAL FUNDS.

SYRACUSE, Nov. 21.—The Irish National League Convention, attended by upwards of 160 delegates from Irish societies throughout the State, opened to-day. The object is to organize the State of New York for the assistance of Ireland's cause. Dr. Wallace, of the State Executive National League, appealed for the fulfillment of the pledge to the Philadelphia Convention to extend aid to Ireland, and half a million Irishmen should be enrolled for Ireland's relief in this State, that every man should contribute a dollar. After organization, with Dr. Wallace as chairman, committees were named on organization. At the afternoon session Father Cronin, of Buffalo, chairman of the committee on resolutions, offered a series of resolutions which were adopted. The resolutions, after reaffirming the principles of the Philadelphia platform, pledge the united support of all the Irish organizations in this State to Mr. Parnell in any policy he may adopt for the advancement of the Irish cause. The resolutions continue, "As the manufactures of Great Britain are the chief source of her material greatness, which is already declin- ing under the influence of American compe- tition, we earnestly counsel our countrymen in this State not to use English manufac- tures themselves and to discountenance their use in the sphere of their influence, and that a pledge to this effect be a condition of ad- mission as membership in this National League." Resolutions recommend postpon- ing the close of American contributions to the Parnell fund until next St. Patrick's Day.

The Committee on Organization reported for appointing each county, and the ap- pointment of Vice-Presidents who shall be members of the State Committee. Father Cronin, of Buffalo, offered a resolution, which was adopted, declaring that a special testi- monial fund of \$25,000 from the State of New York should be raised for Mr. Parnell. This fund is separate from the one being raised by the National League.

BY THE AUTHORITY OF ROME.

ARCHBISHOP-ELECT ELDER, OF CINCINNATI, TO RESCUE THE INDIAN.

CINCINNATI, Nov. 21.—A ceremony (the first of its kind that has taken place in the history of the Catholic Archdiocese of Cincinnati) has been set for December 13, the feast of St. Lucy. On that day, at St. Peter's Cathedral, Most Rev. Archbishop-Elect Elder will receive the pal- lum and also the full title of an archbishop. Father P. Smith, the bearer of the insignia of Archiepiscopal authority from Rome, has arrived in this country, and will be in this city about Thursday. The late Arch- bishop Purcell received the pallium from the hands of Pope Pius IX., so that Dr. Elder will be the first archbishop to be thus clothed with authority in this city. The ceremonies, while brief, will be both grand and imposing. All the bishops of the archdiocese have been invited to be present on the occasion. Among those who will participate are Rt. Rev. Casper Borgese, Bishop of Detroit; Rt. Rev. McCloskey, Bishop of Louisville; Rt. Rev. Bishop Gilmour, of Cleveland; Rt. Rev. Bishop Watson, of Columbus; Rt. Rev. Bishop A. M. Teete, of Covington; Rt. Rev. Bishop Dwenger, of Fort Wayne, and all the priests of the archdiocese.

Pontifical high mass will be conducted by Bishop McCloskey, of Louisville, and the oration will be delivered by Bishop Watson, of Columbus. At the conclusion of the mass, Bishop McCloskey will confer the pallium on Archbishop-Elect Elder. In the United States there are only twelve archbishops, and the conferring of the pallium is a very rare religious spectacle.

INFERNAL MACHINES.

DESIGNS ON THE GERMAN EMBASSY IN LONDON— ARREST OF THE SUSPECTED PARTY.

LONDON, Nov. 23.—A German Pole named Wolf has been arrested at a house in Vincent street, Westminster, having in his possession two rough infernal machines, which were all ready for use. It is believed that he in- tended to destroy the German Embassy, as he has been seen for the last few days loiter- ing about the Embassy building, and has been heard to make threats to that effect, which led the police to keep him under sur- veillance and to his arrest. Wolf has been employed as an interpreter, and was at the time of his arrest employed at the Westmin- ster Aquarium Works. Wolf was taken to the Bow street station, where he was re- manded until Thursday next. When ques- tioned in regard to the possession of the in- fernal machines he answered in German and said that he was a chemist by occupation, and declared that the whole affair was a plot of a Frenchman, a fellow lodger, who, to make capital and in revenge for an imaginary wrong, informed the police of the where- abouts of the machines, and concocted the story which led to his arrest. He declared that he was innocent of the charge and as- serted in the most positive terms that the Frenchman had informed him on several occasions that he intended to blow up the building occupied by the German Embassy, and advised the police to watch the Frenchman closely or otherwise he would abscond. A Frenchman named Bolderave gave the police the information which led to Wolf's arrest.

Dr. R. V. Pierce, Buffalo, N. Y. DEAR Sir.—For many months I was a great sufferer. Physicians could not afford me no relief. In my despair I commenced the use of your "Favorite Prescription." It speedily effected my entire and permanent cure. Yours faithfully, Mrs. PAUL B. BAXTER, Iowa City, Ia.

In Hartford, N. C. the 2nd inst., Olund Saunders and a friend were playing ball. They were standing about twenty feet apart. Saunders threw the ball with considerable force, and the other lad struck it with a cypress pole about four feet long. The pole broke near the centre, and the broken end struck Saunders in the eye, penetrating the forehead, and entered the brain. Saunders pulled the stick out and threw it back, and died in about two hours.

A GOLDEN WEDDING.

Tribute to the Very Rev. Mother St. Bernard on the Fiftieth Anniversary of Her Religious Profession—A Grand Reception at the "Mother House."

Wednesday last, the fiftieth anniversary of the entrance into religious life of the Very Rev. Mother St. Bernard, Superior-General of the Congregation of Notre Dame, the event was celebrated with great enthusiasm at the "Mother House" in this city.

Between the hours of two and five o'clock this afternoon crowds of visitors flocked to the house to offer to the reverend lady their congratulations. About three o'clock an address was presented to her by representatives of the various congregations in the city, fol- lowed by an address in English on behalf of the congregations of St. Patrick's, St. Ann's and St. Mary's Churches, who last Sun- day appointed a committee for that purpose, consisting of the following gentlemen, many of whom were present:— Edward Murphy, J. J. Curran, Q. O. M. P., Hon. Judge Doherty, Dr. Hingston, Michael Donovan, Ald. Tenney, P. Kennedy, Wm. O'Brien, Messrs. Drummond, Sadler, Grant, Coyle, H. J. Oloran, Wm. Wilson, M. O. Mul- larkey, P. Flannery, E. Halley, M. Lawlor, P. S. Murphy, P. Wright, James Connaghan, B. Emerson, Mr. Fosse. The Congregation of Notre Dame have no less than ninety-three establishments, extending throughout Canada and the United States, in which there are 700 nuns and more than 20,000 pupils, about 6,000 of whom are in Montreal.

Mr. Edward Murphy, the Chairman of the Committee, then read the following

ADDRESS.

To the Very Reverend Sister St. Bernard, Superior-General of the Congregation of Notre Dame:

Gratitude, ever a characteristic of the race from which we have sprung, brings the heart of St. Patrick to lay at your feet their humble bouquet of congratulations, fragrant with the purest wishes of warm Celtic hearts, on this happy and auspicious anniversary of your golden wed- ding with the Heavenly Spouse.

Fifty years! How long it seems to some. How short to you, with your life of devotion! And yet how full of meaning, replete with the greater glory of God, the usefulness of the noble Sisterhood of which you have been so long a brilliant ornament, glowing spirit, and the moral and material progress of our coun- try, in whose history your community fills a chapter so delightful and edifying.

Two hundred and thirty years have gone by since the venerable Marguerite Bourgeois es- tablished your Order, simultaneously with the foundation of our good city of Montreal, to which her labors have been a constant source of blessings, and in the same breath with the names of Mother St. Victor, St. Ursule, St. Elizabeth and St. Marguerite, the generous and self-sacrificing promoters of the Order, which the venerable Marguerite Bourgeois was the founder, the cherished name of Sister St. Bernard will be pronounced with love and veneration by all good people.

Under your wise and motherly care this insti- tution, Divine Providence aiding, has flourished and fruited. From the Parent House in the City of Montreal, the Order has sent forth numerous branch establishments in every Province of the Dominion, and in many States of the neighboring Republic.

To your labors due not only the growth of the Congregation de Notre Dame—for how many kindred Sisterhoods, striving in the same glorious cause, have been blessed and comforted by your presence, but also the growth of our country into what we now call a nation. Your wisdom and your piety have been a constant source of blessing to our country, and your labors have been a constant source of blessing to our country. Your wisdom and your piety have been a constant source of blessing to our country, and your labors have been a constant source of blessing to our country.

Needless to attempt the recapitulation of the history of your illustrious career, but amongst the many generous acts of your community there is one we cannot allow to pass in silence. To come of the sad desolation of 1817 comes back with a pang as within our recollection; to others it is but a matter of history, and to us, your countrymen and countrywomen, we are struck down by that malignant des- troyer, the typhus fever, who were more ready to sacrifice their lives than to leave their countrymen in the hands of the enemy. True, His Lordship, the then Right Reverend Bishop of Montreal, wisely forbade you to nurse the sick, fearing the spread of contagion in the schools, but your efforts were not to be paralyzed. And well it is remembered that among the fatherless and motherless orphans of that melancholy time, many found a home in the arms of your community, and many a poor child, who would have perished, was saved by your loving care.

Needless to attempt the recapitulation of the history of your illustrious career, but amongst the many generous acts of your community there is one we cannot allow to pass in silence. To come of the sad desolation of 1817 comes back with a pang as within our recollection; to others it is but a matter of history, and to us, your countrymen and countrywomen, we are struck down by that malignant des- troyer, the typhus fever, who were more ready to sacrifice their lives than to leave their countrymen in the hands of the enemy. And well it is remembered that among the fatherless and motherless orphans of that melancholy time, many found a home in the arms of your community, and many a poor child, who would have perished, was saved by your loving care.

Signed, on behalf of the congregations of St. Patrick's, St. Ann's and St. Mary's Churches of Montreal, EDWARD MURPHY, Chairman. J. J. CURRAN, Secretary.

Montreal, 21st Nov., 1883.

TRIBUTES TO THE VERY REV. MOTHER BY THE PUPILS AND SISTERS OF ST. PATRICK'S SCHOOL.

The fiftieth anniversary of the entrance into religious life of the Very Rev. Mother St. Bernard, Superior-General of the Congregation of Notre Dame, was celebrated at the "Mother House" on Wednesday last in the most impressive manner. The pupils of the school, 483 in number, assisted by the good Sisters of the institu- tion, gave a grand and beautiful presentation of the life of the Mother, the effects of which will not easily pass from the minds of those who had the good fortune of be- coming present. The presentation was a most complete and beautiful one, and the pupils were completely dazzled, and then illuminated by gas. At the front of the hall stood the shrine of Mary, brilliantly illuminated, presenting a picture of the Mother, and the pupils, who were the good Sisters and pupils, about fifty of the sisters of the city being present, knelt, with the Rev. Mother, in solemn prayer and thank- ings to Almighty God, who has spared the life of our good mother so long, and bestowed upon the Church and her children so many blessings. The presentation consisted of vocal and instrumental music, interspersed with pre- sentations and addresses. There were five pianos in the hall, which were managed by the pupils in such a manner as to speak volumes for the efficiency of their teachers, and the care and watchfulness exercised over them by the good Sisters of the institution. There were several other musical instruments, prominent among which was the violin, played by the Rev. Mother. The presentation was a most complete and beautiful one, and the pupils were completely dazzled, and then illuminated by gas. At the front of the hall stood the shrine of Mary, brilliantly illuminated, presenting a picture of the Mother, and the pupils, who were the good Sisters and pupils, about fifty of the sisters of the city being present, knelt, with the Rev. Mother, in solemn prayer and thank- ings to Almighty God, who has spared the life of our good mother so long, and bestowed upon the Church and her children so many blessings. At the front of the hall stood the shrine of Mary, brilliantly illuminated, presenting a picture of the Mother, and the pupils, who were the good Sisters and pupils, about fifty of the sisters of the city being present, knelt, with the Rev. Mother, in solemn prayer and thank- ings to Almighty God, who has spared the life of our good mother so long, and bestowed upon the Church and her children so many blessings. The presentation consisted of vocal and instrumental music, interspersed with pre- sentations and addresses. There were five pianos in the hall, which were managed by the pupils in such a manner as to speak volumes for the efficiency of their teachers, and the care and watchfulness exercised over them by the good Sisters of the institution. There were several other musical instruments, prominent among which was the violin, played by the Rev. Mother. The presentation was a most complete and beautiful one, and the pupils were completely dazzled, and then illuminated by gas.
