My dear General:-

I beg to acknowledge the receipt of your letter of the 13th inst., and I will do any thing I can to have matters run smoothly with regard to the Last Post Fund.

The local organization here has been carrying on for a number of years, and the work which they have been doing cannot be surpassed any where in Canada, so I am informed by impartial persons. Sir Archibald McDonald was out to see their plot in the cemetery here and was amazed with its beauty and general appearance.

There has been a feeling with them that so far as this province is concerned there was no benefit to accrue to them from the Dominion organization, and this may be quite true. On the other hand, the local people must be made to see that there are persons outside of Canada and in unorganized districts, who have to be looked after independently of any Provincial organization. As you know I ^{am} all for peace and quietness and will do anything I can to straighten matters out. At the same time your wide experience will have made it plain that a multiplicity of organization is always a mistake, and I think that the policy of your people in Montreal, should be to interfere as little as possible with the local people. I will see Mc Ara immediately and let you know how the matter stands.

I was sprry to hear about Mrs Herridge and trust that she is on the way to recovery by now, I have seen no notice in the papers to the contrary.
