Sir Arthur Currie, G.C.M.G. K.C.B.

Dear Sir,

Re Cancer Cure

I wrote to Lord Atholstan re the above matter (which letter please see) and he sent me a letter through his Secretary dated May 17th 1922 in which he refers me to a copy (enclosed) of a letter written to you in which the conditions were stated.

Now, not being a Medical Student or Graduate I am not illegible, therefore I am writing to you suggesting that you recommend a student to whom I may entrust this Cancer Cure, he to allow me one third of the prize-money - me or my Nominee I state nominee as my health is indifferent at present. In this case my nominee shall be Mr P. L. Uys of the above address.

On receipt of a letter from the student or graduate you recommend, accepting my terms, the Receipts of the cure will be forwarded

Trusting for your assistance,
I am, Yours obediently

J. A. Dreyer
