

From the State of Nebraska.

EDMONTON, Oct. 4, 1893.

Regarding the Edmonton district, by a close examination we find that it is all that a farmer could wish for. Plenty of wood, coal, first class land and plenty of good water. As for a stock country it can't be beat. In fact, for a mixed farming country, Northern Alberta has no equal. The specimens of wheat, barley and oats and all kinds of cereals we have seen are beyond our expectations. To persons living so far south as we do, it is hard to believe that the chief nourishments of life seem to grow to perfection so far north as we have been. As a delegation we did not all expect to take land this trip, but we are all so well satisfied with the country that we intend to sell out as soon as possible in Nebraska and make Canada our future home. Although Mr. John Samis, C. McLaughlen and Geo. Groat, being on our delegation, are not here to sign their names, the fact of each of them having taken up land speaks for itself:

Geo. H. Hanks.	C. H. Hooper.
John F. Howse.	Robert Smith.
E. Brandenburg.	A. J. Wright.
Henry Olson, Creighton.	Patrick Doyle.
O. Spearstedd, Winnetoon.	Robert Brown, Schuyler.
A. F. Blanchard, Neligh.	Wm. Peterson, Pilgar.
Wm. Robinson.	O. F. Bradeen, Page.
J. M. Hart, Millerboro.	J. R. Williams, Schuyler,
R. P. Johnson, Neligh.	Nebraska.

From the State of Michigan

The Edmonton district surpassed our expectations. We found a country that is well adapted for mixed farming, with an inexhaustible black loamy soil, well watered and well timbered. The conditions in that respect would compare favorably to the State of Illinois. Wheat, oats, barley and hay will grow in abundance. We saw timothy and potatoes as good as ever we saw in the east and we see no reason why any person in the east who is burdened with taxes and interest should not go at once and make a home in the beautiful Northwest, if he can. There he has a good healthy climate, no taxes to speak of, good land, no mortgages, no interest, and where, with a little energy and perseverance, he could make himself a comfortable and happy home.

Chesaning: Dennis Falby, A. J. Heath, B. G. Coryell, M. L. Parshall. Brant: John Thompson, Allen McDougal, John Cribbins, E. P. Whaley. Brady: James Niblock. St. Charles: Neal McFee. Lafayette: William Kennett. Ithaca: John Gledstone. Elk Rapids: William Deering.

From the Maritime Provinces of Canada

The greater portion of Alberta lying north of Calgary, along the line of the Calgary and Edmonton Branch, and as far north as St. Albert, the Sturgeon River and Fort Saskatchewan, is a country unsurpassed in all the natural elements necessary to insure its prosperity. The settlers who have already tried their fortunes in this district have proved beyond the shadow of a doubt that the land is fruitful and capable of maintaining a large population. The settlers of the principal places in the district above mentioned claim for their respective localities some special and peculiar advantages, and while no doubt some sections are better than others, the whole is good.

THE CANADIAN PACIFIC R'Y

Is the Only Rail Route to the Fertile Farm Lands and the Broad Pastures of

Manitoba

The North-West Territories

and the

Mining, Lumbering and Farming Regions of British Columbia

and is also the

Best Route to the States of Washington and Oregon, and Points on Puget Sound and Pacific Coast.

PASSENGERS from Europe, Homeseekers, Tourists and Sportsmen, leave the Trans-Atlantic Steamers at Quebec, in Summer, and at either Halifax, Nova Scotia, New York, or Portland, Maine, according to circumstances, during the winter months. At all of these ports they will be met by an Agent of the Company, who will take charge of them, see after baggage, and furnish all needful information concerning the journey.

NO RAILWAY in America offers so many accommodations to SECOND-CLASS or COLONIST Passengers at so little expense as does the CANADIAN PACIFIC. Colonists are able to travel to NEW HOMES in MANITOBA, the NORTH-WEST, or BRITISH COLUMBIA, with nearly as great comfort as First-Class Passengers.

Colonist Sleeping Cars

THE CARS devoted to the use of Colonists are taken upon the same fast trains with the first-class cars, and every one is a Sleeping Car, going through WITHOUT CHANGE to the PACIFIC OCEAN. These cars are similar in size, warmth and ventilation to the first-class cars, but are not upholstered. The seats are arranged in pairs facing one another on each side of the car, are of comfortable shape, and so made that they can be joined into a berth ready for the spreading of a mattress and bed clothes. Every passenger has a single berth, and a ticket is furnished for it EXACTLY the SAME as in a FIRST-CLASS SLEEPER. Over each pair of seats a broad upper berth, hinged against the wall of the car, can be let down and form an additional sleeping place. No extra charge is made for these Sleeping Accommodations; they are a part of the regular car. Second-Class Passengers, however, must provide their own bedding. If they do not bring it with them, a complete outfit of mattress, pillow, blanket and curtains may be bought from the Agent of the Company at the point of starting, at a cost of \$2.50. (These articles become the property of the purchaser.) The curtains may be hung around the berth, turning it into a little private room. SMOKING IS NOT PERMITTED in this car, except in the regular smoking compartment.
