

JAMES TURNER & CO
WHOLESALE GROCERS.

Hamilton, 10th Dec 1902

Dear Mr White

I received copy of list from
(I suppose 10th Jan 1898). concerning a
programme of a very good dinner. The list
was in French which I did not understand
and the letters were in English which I could
understand but did not think for. However
the picture of the President made up for all
deficiencies. it is a very good likeness and
looks like a portrait.

Our friends are a copy of the
Autobiography of Hon. John A. Macdonald. I
don't know. But you have him. I think
he was dead before you came to Hamilton
but it was written by himself and goes to
arrange history in both Hamilton & Montreal
so thought you would take an interest in
reading it. There are some errors. for
instance it speaks of Mill at Dover which
should be Dover. & was printed by the
instruction of Campbell & Co. I myself
we took chances of its being correct. The matter
is very characteristic of the old gentleman.
Kind regards to your household
I remain yours very sincerely
