

HAMILTON HAPPENINGS

USE OF PARK AS HOSPITAL SITE WOULD CAUSE RIOT

Mountain Now Looked On as Best Location For New Hamilton Institution.

HAMILTON, April 19.—(Special.)—Dr. Mullen, representing the doctors of the city, to-night endeavored to get the parks board to commit themselves to Victoria Park as a hospital site. Commissioner John Allen opposed that any attempt to use the park for that purpose would be the cause of a riot, and as the other members of the board could not see the practicability of the scheme, no action was taken in the matter.

The committee interviewed J. J. Scott in regard to a piece of land which the board desires to buy from him, and reported that Mr. Scott is not yet ready to set a price on his property. The board recommended that a by-law for the purchase of 60 acres of the Stewart property at the bench, at a price to be agreed on, be submitted to the people, along with other park propositions.

A letter from the board of health, asking the parks board to abolish unsanitary drinking fountains in the city parks, was read, and action was taken to comply with the request. The board thanked the Old Fensom Co. for their offer to allow the free use of some of the company's property for park purposes until such time as the city may require the land for building purposes.

The annual meeting of Municipal Chapter Daughters of the Empire was held this afternoon. Last year's officers were all re-elected. They are: Mrs. F. D. O'Connell, president; Mrs. W. G. Morton, vice-president; Mrs. W. Watkins, J. S. Henderson, Oliver, Edwin Raw and Newnorth, councillors.

That Harry McDonald came to his death by his own hand was the verdict of the coroner's jury to-night. McDonald shot himself in the head on Sunday.

Hamilton is threatened with a series of May Day strikes. The plumbers expect an increase from 40 cents an hour, and are ready to strike. The electricians will settle the question of a strike to-night. They receive 30 cents and ask for 35 cents. The carpenters want an advance from 25 to 40 cents and are almost sure to strike. It looks as if the brewery workers will refuse to compromise on a strike, and a settlement on the basis of what the rate in Toronto is.

CLYDESDALE BREEDERS MEET. The executive committee of the Clydesdale Association of Canada met in the Walker House last night. A letter was read from Capt. G. L. Watson of British Columbia, a vice-president of the association, offering a shield for competition at the Canadian National Exhibition. The trophy would be valued at \$500, to be given to anyone who won it in consecutive years with the best showing of Clydesdales. His offer was accepted.

A new law of Manitoba concerning the licensing of stations was approved.

LIBERAL NOMINATIONS. HALIFAX, April 19.—The Liberal convention of Halifax City and county to-night nominated E. F. Fernald and R. E. Fernald, Halifax, and F. J. Logan, Musquodoboit Harbor, as candidates for the house of assembly.

Canadian Stood First. In the decorating of the Chateau Laurier, the new Grand Trunk Pacific hotel at Ottawa, a circular letter was sent out to the leading decorating firms of Europe, the United States and Canada, inviting competition for the best designs and color schemes for the decorating of the principal rooms of the hotel. There were 17 firms competing, and out of 21 names and corporations, Mr. W. H. Bell of Montreal was awarded 14 and Tiffany's studios of New York seven.

HAD KIDNEY TROUBLE. COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT. Miss Hazel Hess, Winchester Springs, Ont. writes: "I was troubled with my kidneys for five years. They were bad, at times, I could not cross the floor for the pain. The doctor could not do me any good, and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage is not clogged up. Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble. Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. If ordering direct specify "Doan's."

OPPOSITION TO PACT IN AMERICAN HOUSE

Debate Continues To-day—Reciprocity Insufficient, Reports Ways and Means Committee.

WASHINGTON, April 19.—Former Speaker Cannon, Representative Hanna of North Dakota, Nelson of Wisconsin and Charles of Nebraska, attended the Canadian reciprocity agreement in the debate on the reciprocity bill in the House to-day. Representative Hubbard of Iowa spoke in favor of reciprocity. Some rapid-fire speeches were made by Republicans in opposition to the bill, in reply to the speeches made by the Democratic and Republican supporters of the measure. Mr. E. W. Williams of Mississippi, then leader of the Democratic party in the House, Mr. Sloan referred to the House supporters of the reciprocity bill as a "Tammany-Dixie combination against the welfare of the country."

The general debate on the reciprocity bill continued to-day. Mr. Underwood, Chairman Underwood of the ways and means committee will endeavor to get the bill before the House under the five-minute rule adjournment. The majority report of the ways and means committee on the so-called "free list bill," submitted to the House to-day by Chairman Underwood, is a merger of Democratic political argument and an analysis of the proposed duty exemptions.

The reciprocity agreement, the committee asserts, cannot afford the American people needed relief from high priced articles. The agreement involves the necessity of further and immediate action in removing the duties on imports from other countries in order that justice may be done to the great army of agricultural producers who in the Canadian agreement are to have all the alleged protection removed from their products without a corresponding or reciprocal reduction of the duties on the commodities they must purchase as necessary to sustain their lives and industries.

The report takes up in detail the classified list of articles included in the free list bill. Regarding agricultural implements, it says their manufacture is controlled by the trust and combinations that have sold in foreign countries at lower prices than at home, building up their foreign trade to \$2,859,184 in 1890 to \$28,124,033 in 1910. Concerning iron and steel, barbed wire, iron and steel, barbed wire, etc., the report says the high price of these articles is due to the "great steel industry" which for years has sold products abroad lower than to domestic consumers. The placing on the free list of all forms of leather from cattle, hides, and skins, together with boots, shoes, harness, saddlery, etc., the committee asserts, will be of great advantage to the tanning and leather industries, and is a necessary benefit to the producers as well as to the people.

The "beef trust" is assailed in discussing the free list in fresh meats and meat products. The lumber monopoly. In discussing the free list, the report maintains that the ownership of the timber in this country is practically a monopoly, and has passed for the most part into the hands of great corporations and interests which are speculating on the increasing scarcity of timber.

resident Taft is referred to the report quoting from his speech of Feb. 22, 1911, in which he said: "By giving our own people access to the Canadian market, we will reduce the consumption of a comparatively few owners now who value their reserves and the maintenance of our available timber resources."

TEACHERS' ALLIANCE OFFICERS. Henry Ward, Toronto, Chosen President.—Membership Shows Strides. The fourth annual meeting of the Ontario Teachers' Alliance, held in Convocation Hall yesterday afternoon, was the largest and most enthusiastic in the history of the association. President J. Young of Guelph was in the chair.

The secretary reported a great increase in membership, and a great widening of the association's sphere of influence. The second issue of The Teachers' Alliance, which has been published and will be distributed to the members before June.

The newly-elected executives are as follows: President, Henry Ward, Toronto; second vice-president, Dr. L. E. Embry, Toronto; secretary, E. F. Young, Toronto; treasurer, J. J. Denny, Ottawa; committee, William Scott (Toronto), Dr. W. E. Tilley (Brimleyville), J. Deane (London), E. S. Hogarth (Hamilton), T. McJanet (Ottawa), J. S. Curtis (Seaford), G. E. Cohen (Ottawa), F. E. Foster (Brampton), J. E. Schlichter (Wheatley), and Miss Ada Burger (Toronto).

Organizing Publicity Bureau. A meeting of the sub-committee of the Ontario Publicity League, having charge of organization, was held yesterday afternoon. Further steps were taken towards the organization of the Publicity Bureau, which has for one of its chief objects the making of Toronto a city of 1,000,000 in 1918. F. G. Morley and J. Kelly Evans were appointed to interview the press in the movement, and the balance of the committee was deputed to visit the various business interests and enlist their support.

Last of Holiday Makers. Yesterday was the last day of the Easter excursion and Union Station was nearly as crowded as on the first day of the event. While many of those who went over the holiday were business people who had to be back in their offices by Monday, there must have been at least a third who were able to take advantage of the full time limit. These were much of the fair sex, but at any rate, they filled the corridors and the extra cars provided, and kept things busy for the trainmen.

Lesson From the Past. Bulwer was writing "A Strange Story," he said, "is that I've already done the manuscript of it. Thus furnishing another proof, as we see, that truth is stranger than fiction." Chicago Tribune.

IN THE SPRINGTIME OF LIFE

There comes that critical period when restorative assistance is of incalculable value to the human system.

"Oh, to be free from school life and school worries during the sunshiny spring days," is the wish of thousands of schoolgirls to whom nothing could be of more benefit than outdoor exercise and an opportunity to drink in the fresh air and sunshine. Just at the springtime, when the human system is sure to be more or less debilitated, and often at the most critical time in a girl's life, there comes also the anxiety, eye-strain, and mental over-exertion consequent on the approach of examinations.

To many this extra demand on the system proves the last straw, and the results are made known by headaches, sleeplessness, irritability, loss of appetite, tired, worn-out feelings, and inability to concentrate the mind on the work at hand, whether it be mental or physical.

To some there will come St. Vitus' dance, nervous prostration, or some derangement of the vital organs, which may linger to make a life of suffering and unhappiness.

The only means of averting trouble is by the use of external assistance in order to increase the supply of pure blood, and for this purpose there is no treatment comparable to Dr. Chase's Nerve Food.

Nerves Exhausted by Over-Study. Mrs. T. Daisell, 21 Charles St., Kingston, Ont., states: "One of my children suffered very much with headache, caused no doubt, by overstudy and a run down condition of the nervous system. These attacks of headache were very trying on her and I noticed that she was gradually growing weaker and more nervous. About two months ago I got her a box of Dr. Chase's Nerve Food and since she has been using this preparation we are more than pleased with the improvement which has been made in her health. She looks one hundred per cent. better, her nerves are steadier, she is not bothered with headaches and is gradually increasing in flesh and weight."

DR. CHASE'S NERVE FOOD

Because of its mild and gentle action and powerful restorative influence as a treatment for girls and women. Especially during and sixteen, this good food cure, by supplying an abundance of rich, and vitality. 50 CTS. A BOX, 6 FOR \$2.50. AT ALL DEALERS, OR EDMANSON, BATES & CO., TORONTO.

York County and Suburbs

NORTH TORONTO COUNCIL HAD A LIVELY MEETING

Members Were in Generous Mood—No Outdoor Concerts This Year—Suburban.

that they could not get along without it. They boosted Solicitor Gibson's salary from \$600 to \$1000 a year, and the Councilors Spittell and Reid balked a bit at the start, they all recognized the fact that they had a good man, and it went thru with a rush.

They put thru a lot of other business, and among other communications received was one from Mr. Dianck of the Dovercourt Land Company, asking an explanation from council relative to the delay or refusal of council to put down certain sidewalks and other local improvements on the Lawrence Park property. The action of council was taken on the advice of the engineer, and this will be placed before Mr. Dianck in the near future.

Mayor Brown, in his official capacity as D. D. G. M. and a member of Cyrene Precinctory, leaves in the morning for New York, in connection with the great A. F. and A. M. function there. His worship expects to return on Monday.

The proposal of Mr. Thorne offering a right-of-way thru his property on Victoria-ave., for an extension of the eastern parallel road was brought up at to-night's meeting of the council, but the members thought that \$2500 was too much money, and nothing will be done this summer, anyway.

East End Will Be Well Looked After in Lighting. EAST TORONTO. April 19.—(Special.)—From present indications it looks as tho the eastern end of the city will not be badly served in the matter of hydro-electric lighting, as a large gang of men are already at work putting in the necessary plant. Work on the hydro in operation, and the extension of the roadway in East Toronto will along Gerrard-street to Main-street by the new G.T.R. bridge (when it comes) and on along Danforth-avenue to the city terminus, things ought to begin to move here.

A whole lot of money will be required to be expended and work done before the good roads had been expended in and around the suburbs, a wise decision would have been arrived at. However, time and patience will accomplish a good deal. There will be a big increase in building operations this summer, spread generally over the town. Over on Woodbine-avenue there will be a lot of building carried on, a block of twenty houses already being under way.

WEST TORONTO. Will Soon Have New Public School at Runnymede. WEST TORONTO. April 19.—(Special.)—Tenders will be called for soon for the new public school at Runnymede, the debutantes having been sold and the money on hand. Mr. Jas. Ellis has been appointed architect, the boards, who hope to have the new premises ready for opening after the summer holidays. Victoria Lodge, A. F. & A. M., held

Weston

St. John's Church Shows Good Gain During Year.

WESTON. April 19.—(Special.)—The annual vestry meeting of St. John's Church, Weston, was held on Easter Monday in the schoolhouse, presided over by Rev. J. Hughes Jones, occupied the chair. Total receipts \$1230.02. People's church, Weston, C. C. Pope, Wm. Thos. Livingston, C. C. Pope, Wm. Fairbrother, Chas. W. Denison, John Mills, Jr., Jack Allan, Wm. Jacques, Musson, Geo. Daines, E. J. Musson, A. Tyrwhitt, parochial tribunal, rector, churchwardens, R. Wade, R. Cowan, J. J. Reardon, T. E. Ambler, J. Matthews, rector and church wardens; lay delegates to synod, Geo. W. Verral, T. J. Reardon, T. E. Ambler, vestry clerk, M. E. Matthews.

During the year the mortgage on the patronage of the church was paid off. The duplex extension system was adopted. The salaries of the rector, organist and sexton were increased. The past year was a very successful one.

The presentation of "The Old Dairy Homestead," a three-act comedy drama, by the Garratt Dramatic Club of St. Stephen's Church, Toronto, in the town hall this evening, promises to be a pronounced success. The play, which speaks with wit and humor, is entirely devoid of even the suggestion of vulgarity, and this alone merits this form of entertainment, and the boom in real estate, forms the chief topic of interest in this enterprising village.

Pianos at Bargain Prices. Much interest is being shown in the April piano sale that is being conducted by the old firm of Heintzman & Co., Ltd., in their new warehouses, 193-197 Yonge-street, Toronto. Upright pianos of well-known manufacturers are being sold at about one-half retail price. These pianos have been taken in from retail and colleges of music in other ways, but all have been put in good condition by Heintzman & Co.'s workmen. You can buy a piano for \$175 or \$200 during this sale, and pay for same with small amount down and a trifle weekly or monthly.

M'NAUGHT OR GOURLAY?

Both Spoken of as Possible Hydro Nominees for Power Commission.

W. K. McNaught, M.L.A., is mentioned as the probable representative of the Ontario Hydro-Electric Commission on the Toronto Commission. It is doubtful whether Hon. Adam Beck would consent to his colleague resigning from the Ontario board.

Should Mr. McNaught remain on the provincial commission, R. S. Gourlay, President of the Toronto Board of Trade, is spoken of as a nominee of the Ontario Commission.

A Piano at \$1.00 a Week. Among the stock of pianos that Heintzman & Co., Ltd., 193-197 Yonge-street, Toronto, are offering up as a sacrifice during the month of April, are a number of square pianos of such makers as Chickering, Steinway, Miller and Heintzman & Co. These pianos are marked at \$50, \$75, \$85, \$100 and \$150, about one-third the price. All have been put in good condition and are guaranteed. They can be bought on payments of \$1 a week.
