**TROUSERS**

We often wonder where all the trousers we put on our shelves go to. Five hundred pairs seem a lot, but they melt away in several weeks.

There's a reason for this, and one of our customers expressed it most intelligently the other day when he said: "I like your trousers better than any others I have tried, because they fit perfectly, wear well, and are fairer priced than any I have seen elsewhere."

That's the reason we sell so many from \$1.50 to \$7.00.

**THERE'S NEED FOR MEN IN LEGISLATURE TO-DAY**

Too Many Political Puppets—Joseph Russell Opens Campaign in the East.

Joseph Russell has caused to congratulate himself on the success of his first campaign meeting in L.O.O.F. Hall, Broadview-avenue, last night. The hall was not quite so full as at the regular Conservative convention on Wednesday, but it was well filled and with an excellent, attentive and enthusiastic audience.

Mr. Russell, who displayed himself on three special occasions when W. F. Maclean, M.P., entered, when the candidate himself came in later, and again afterwards when the candidate's father, ex-Ald. Russell, entered and was hailed with great warmth.

"When father and son unite nothing in East Toronto can beat us," observed Chairman Gilmore, after the demonstration.

Mr. Maclean made the speech of the evening.

"I must say in the first place," he observed, "that I am delighted to meet my friends in old St. Matthew's Ward again," and a bond of sympathy running back into the past was established. When he saw that Joseph Russell was a candidate and remembered how he and his father had helped him in all those past elections he decided he must help him now.

They were not concerned so much as to whether a man was Liberal or Conservative as whether he was prepared to stand by the people as their representatives. In some way now the representatives had come to think they represented a party or section rather than the people electing them. He wished to give the government credit for what they had done, and they had been most progressive and courageous, but the way to make them adopt progressive measures was to send progressive men to urge them on.

Mr. Maclean spoke of the general question of public ownership and especially on the power policy, and the necessity of recovering the street railway franchise. No part of the city had been so discriminated against as the east end and they must have men in the legislature to look after their interests. The one discouraging thing at Ottawa and in the legislature was the want of men who would stand up in caucus and most of all on the floor of the house and insist on the people's rights.

"I feel confident I have the ability to serve you. If I had had the least doubt that I could do my duty as your representative I would not have come forward," Mr. Russell assured his supporters. He had sufficient confidence in Mr. Beck to accept anything he proposed. He thought the government should have given the city perfect control over the streets.

"I am heartily in favor of public ownership of public utilities," he stated also. "You all know me from you know where I have always stood. I am a Conservative. We have no quarrel with the government. We are running for the people's rights."

Addresses were also given by William Worrell, S. R. Heakes, W. W. Joseph, Fred McEwen, G. Duffie, President Hunter, South Toronto Conservative Association, and George Corney.

Committee rooms for Mr. Russell have been opened at 701 and 271 Queen-street.

**BLOOD MAKING TONIC TREATMENT**

A Cure For Anaemia that is Showing Remarkable Proofs of Cures in St. Louis, Canada.

When the body becomes weak and run down, either from overwork, worry or severe illness, an examination of the blood shows that it is weak and watery. This condition is called anaemia, which is the medical term for "bloodlessness." The common symptoms are paleness of the face and cheeks, shortness of breath and palpitation of the heart, after the slightest exertion, dull eyes and loss of appetite. Anaemia is a dangerous disease and may gradually pass into consumption. It can only be cured by treating the cause of it, the poor condition of the blood. The blood must be made rich and red, thereby enabling it to carry the necessary nourishment to every part of the body.

Dr. Williams' Pink Pills are the greatest medicine in the world for making new, rich blood, and they have been curing anaemia and other blood diseases for nearly a generation, and they are now recognized the world over as an invaluable household remedy.

Mrs. D. Estabrook, Brooklyn Road, N. B., says: "My daughter Gertrude, who is now in her sixteenth year, was sickly from early childhood, we were constantly doctoring for her, but it did not seem to help her in the least. In fact, she grew older she seemed to grow weaker. She was always pale and listless, suffered from headaches, dizziness and palpitation of the heart. She did not rest at night, and would often toss and moan the whole night. Finally she had to discontinue going to school, and as she was continually taking doctors' medicine without benefit I grew discouraged, and feared we would lose her. Friends urged us to give her Dr. Williams' Pink Pills, and finally decided to do so. By the time she had taken three boxes there was an improvement, and a little later she was able to return to school. From that time she grew stronger, had an excellent appetite, slept well at night, and is now as healthy a girl as you will see. I believe that Dr. Williams' Pink Pills saved her life, and as a mother I would recommend these pills to every family. Druggists, chemists, and all medicine dealers sell these pills, or you can get them by mail at 50 cents a box or six boxes for \$2.50. From The Dr. Williams' Medicine Co., Brockville, Ont.

**LIBERAL IN THE EAST HAS SOME INNOVATIONS**

Would Cut Cabinet Ministers' Salaries to Pay for an Extra Member.

HAMILTON, May 15.—(Special.)—The Thirtieth Regiment turned out to-night to the weekly parade 520 strong. The members who wish to take in the Quebec trip were requested to hand in their names at once. The inspection of the right half of the battalion will be held next Thursday. The company will attend the morning service at St. John's Presbyterian Church on May 24.

W. M. McClelland, the Liberal candidate in East Hamilton, addressed a small gathering in Ward 7 this evening at 545 East Barton-street. He advocated the appointment of a minister of labor and said he would cut off \$100,000 from the \$700,000 paid the other ministers, who were all over-paid, and make up the salary of the minister of labor in this way. He charged that Mackenzie and Mann had made a large contribution to the Conservative election fund for the N. and O. bond guarantee. He claimed that the defective first mortgage was drawn up by the Whitney government and not by the Ross administration. The foundation for an election-fund was also laid by the \$100,000 paid to the La Raine mine people. For the administration of the License Act he advocated commissions formed of the county judge, sheriff and clerk of the high court.

**Judgment for \$50.**

Judge Monk this morning gave John T. Laing judgment for \$50 against Robert Waldo for the keep of his child. All the smallpox patients, with the exception of one, have been released from the isolation hospital. The molders of the city, who are having trouble with their employers, have been granted lock-out pay by the International Union.

The House of Refuge committee is asking citizens and societies to furnish rooms in the new Home for Incurables, which will probably be opened about July 1.
