NEWS OF SON'S DEATH IN ACTION KILLED HER

Mother of Pte. J. S. Harris Died of Broken Heart, and Wife is Practically Destitute.

Shocked by the death of her son, Private John S. Harris, in action, Mrs. Ida Harris, his mother, died yesterday morning of a broken heart. Pte. Harris was the only son of Mrs. Harris, address given as 43 Peter street, whose husband died some years ago. Following the battle of St. Julien, he was reported missing, and his mother was in high hopes that he would eventually return to her safe and sound. Yesterday when she received the message from Ottawa notifying her of her son's death, she seemed to take it bravely enough, but was found dead in bed later by her sister, who had gone upstairs to awaken her. A doctor pronounced death due to a broken heart. Pte. Harris leaves a widow and three little boys, six, four and one year old respectively. His widow is in poor circumstances. Last August, she states, her husband's salary was cut off. Believing that her government pay might be cut off at any time she became an usher in a theatre. Her husband's mother being alive, and able to take care of the children, she was able to do this, but now she is practically destitute except for what the government may pay for her. At present she is receiving \$40 a month from the government and Patriotic Fund.

COAL MINE OPERATORS TO SETTLE WITH MEN

Union Officials Meet Employers in Joint Conference at New York.

TEN DEMANDS STUDIED

Sub-Committee Instructed to Work Out Satisfactory Wage Scale.

NEW YORK, Feb. 21.—Anthracite operators and miners, representing 175,000 workers, met in joint conference here today to arrange a new agreement to replace the one that expires March 31. The ten demands presented by the officers of the United Mine Workers were referred to a joint sub-committee with instructions to work out if possible a satisfactory wage scale, and report to the full conference. The sub-committee immediately went into session, organized and adjourned to meet here at 1 p.m. next Monday. Thus for the first time in the history of the joint hard coal wage conference the demands of the miners' unions were not promptly rejected when formally presented. The mine workers were cordially received by the coal operators and the best of feeling prevailed during the joint conference. An unprecedented incident was the applauding of John P. White, international president of the U. M. W. A. by some of the operators when he concluded a fervid speech in presenting the demands of the men. The representatives of the miners expressed themselves as pleased with the attitude of the operators and said they found nothing in the joint conference to lead them to believe that an amicable settlement would not be reached.

Sunday night the Rennie fire was believed to be due to defective electric wiring, but investigation of the interior of the building yesterday by Thomas Rennie led to the theory that the fire was caused by the electric apparatus in the testing room was carefully examined and found to be intact. "Some of the girls on the top flat say that two weeks ago they heard that the place was to be burned down," said Mr. Rennie, "and as yet I haven't been able to find out which girl heard it, or where the rumor came from. We are going to investigate this, because we cannot see how the fire could have occurred."

TORTURING SCIATICA

A Severe Sufferer Cured Thru the Use of Dr. Williams' Pink Pills

Fierce darting pains—pains like red hot needles being driven through the flesh—in the thigh, perhaps down the legs to the ankles—that's sciatica. None but the victim can realize the torture. But the sufferer need not grow discouraged, for there is a cure in Dr. Williams' Pink Pills. These pills make new, rich red blood, which soothes and strengthens the feeble nerves, and thus frees them from pain and restores the sufferer to cheerful activity. In proof we give the statement of Mr. Thomas D. Leister, Wapella, Sask., who says: "I was attacked with sciatica, which gradually grew worse. I was confined to my bed for three months. I had to be shifted and turned in my bed, as I was utterly unable to help myself. I suffered the greatest torture from the fierce, stabbing pains that accompanied every movement. I consulted several doctors and took drugs and medicines until I was nauseated, but without getting any benefit, and I began to believe I would be a continuous sufferer. Finally I was prevailed upon to use Dr. Williams' Pink Pills, and after taking them for about six weeks I was able to get out of bed. From that on I kept steadily improving until I was free from this terrible and painful malady." The most stubborn cases of sciatica will yield to Dr. Williams' Pink Pills if the treatment is persisted in. These pills are sold by all medicine dealers, or will be sent by mail at 50 cents a box, or six boxes for \$2.50, by addressing The Dr. Williams Medicine Company, Brockville, Ont.

JUDGMENTS REVERSED AT OSGOODE YESTERDAY

Fined for Selling Liquor Without License, But Conviction is Quashed.

Justice Kelly at Osgoode Hall yesterday afternoon quashed the conviction of the Stratford magistrate made against F. R. Plewitt of Stratford, who was fined for selling liquor without a license. His lordship dismissed the case on the ground that Plewitt's premises where the liquor was sold were searched by a policeman. The court ruled that a policeman had no right to search the premises in such a case and that an inspector from the license commission should have handled the case.

By a judgment given out yesterday by the appellate division court a decision of Justice Masten has been reversed. A short time ago H. R. McKenzie, a real estate dealer, entered into an agreement with the Motor Car Sales Company to take two motor cars for a mortgage of \$2,000.10 in a Grey County farm. The company delivered one car, and then discovered that the farm was not sufficient security and refused to hand over the other car. McKenzie sued the Motor Company for \$1,144.48 and was awarded judgment by Justice Masten. The Motor Company took the case to the court of appeal, which found that the farm had a swamp behind and before it, and that in 1913 it might be described as abandoned. The court then ruled that the company is entitled to the money realized from the sale of the lands as its measure of damages.

The following is today's list for the second divisional appellate court: Pigott v. McBrayne, Gramm v. Windsor, Markham v. Toronto and York, and Janet Swaine.
