#### WHITE TAILED DEER ON INCREASE IN MANITOBA

Winnipeg, Man., Oct. 17.—The white-tailed or Virginia deer, a species almost unknown in this province thirty years ago, is increasing rapidly and today in the woodland country and the vast Manitoba game preserve lying between Lakes Winnipeg and Manitoba this variety of deer is reported to be plentiful. Tourists frequently report seeing these fleet-footed animals.

#### FOR HIGHER EDUCATION

Calgary, Alta., Oct. 17.—Law student, leading university training will not be paid during the first two years of service in a law office, members of the Calgary Bar Association decided at a recent meeting. It was pointed out that the association took this step because it wished to discourage the practice of young men coming from the high schools direct to law offices.

At the reopening of the Victoria street B. Y. P. U., last night, Rev. J. A. Swetnam gave a very interesting address on the subject, "A challenge to the young people today." He told of a man's son refusing to work for him, but later, seeing that he was needed, he repented and went to work.
