## LOCAL NEWS

### TRAINS LATE

The Montreal train was reported an  
hour late today, the Boston two hours  
and a half. Conditions of travel through  
Maine are said to be still quite bad.

### VISITING PRIEST

Rev. Peter Pincus of St. John's, New-  
foundland, was the celebrant at eleven  
o'clock mass in the cathedral yesterday  
morning. He is on his way home after  
a visit to the United States.

### WILL CONTINUE BUSINESS

The meat business of O'Neill Bros.,  
city market, is being continued under the  
same firm name, by J. P. O'Neill. The  
change has come about through the  
death of Arthur P. O'Neill a short time  
ago. Many friends will wish Mr. O'Neill  
all possible success in his management  
of the business.

### ILL IN MONTREAL

Friends of Miss Greta Parlee will re-  
gret to learn that she is ill with influ-  
enza in the Royal Victoria Hospital, Montreal.  
She has just about finished her three  
years' course of training there and is to  
be one of the graduates in the class in  
April. Mrs. H. W. Parlee, 120 Main  
street, her mother, will leave today for  
Montreal to be with her in her illness.

### A STRANGE LETTER

An anonymous letter was received  
this morning by the secretary of the  
board of trade. It was a warning to  
from some point in Ontario which could  
not be deciphered and was addressed  
to the secretary of the board of trade, St.  
John's, New Brunswick, Nova Scotia. It  
was signed "John," and contained nu-  
merous Bible quotations, some of them  
badly distorted, which nearly all pointed  
to the perdition towards which some-  
body—it did not definitely define whom  
—was drifting.

## NEW MANAGER OF POWER COMPANY REACHES CITY

The newly appointed general manager  
for the N. B. Power Co., Thomas H.  
Macaulay, arrived in the city this morn-  
ing at 7.45 o'clock on the Montreal train.  
He was accompanied by J. B. Mack, who  
will be engaged as advertising agent  
with the company, both beginning their  
duties today.

Mr. Macaulay and Mr. Mack are from  
Calgary, where the former has been  
general manager for the municipality  
owned street railway system. He has  
been very successful in his management  
of street car companies in Ontario and  
the west and has had much to do with  
the introduction of one-man cars in  
several cities.

## NOT SURE THAT PATIENT HERE HAS SLEEPING SICKNESS

Another case of illness with some sym-  
ptoms pointing to sleeping sickness is be-  
ing closely watched near the city, but it  
has not been positively diagnosed as this  
disease. There have been during the  
winter two or three other similar cases,  
but all have recovered and the patient in  
the present instance is reported as im-  
proving. The medical term for the ill-  
ness is encephalitis lethargica. It was  
said today that while some of the in-  
dications favored of sleeping sickness,  
it could not definitely be termed as such.

## THE FEBRUARY WEATHER TOLD OF IN FIGURES

According to figures compiled by D.  
L. Hutchinson, director of the local  
meteorological observatory, the average  
temperature for February was twenty-  
one above zero. The highest was forty-  
three degrees above, and the lowest six-  
teen below zero. During the month  
two and seven-tenths inches of rain fell  
and fifty-one inches of snow. With the  
exception of a few days, the months of  
February this year was not very cold,  
but the snow fall was remarkably ex-  
cessive.

## AGAIN SHOW GAIN

The St. John bank clearings for Feb-  
ruary were \$11,227,202. In February last  
year they totaled \$10,200,532 and in  
1918, \$1,794,416.

## RECOMMENDS A 36-INCH MAIN TO SPRUCE LAKE

Report of Engineer and Water  
Superintendent — More  
Equipment Required —  
Other Recommendations —  
Compensation Matters.

Commissioner Jones presented the  
sixty-fourth annual report of the water  
and sewerage department at this morn-  
ing's committee meeting of the common  
council. The annual joint report of  
the city engineer and superintendent  
of the department was also read and  
both were referred to the committee for  
inclusion in the city's annual report.  
Commissioner Bullock presided in the  
absence of the mayor, and Commis-  
sioners Jones and Theobald were present.  
Commissioner Fisher is still confined to  
his home through illness.

The report of Commissioner Jones is  
printed in full elsewhere in this is-  
sue.

Amongst other features, the report of  
the city engineer and superintendent  
is recommended as follows:

That the Ford touring car at present  
in the possession of the department  
be converted into a light truck and a  
new and stronger touring car be pur-  
chased; that a new three-ton and a  
new three-quarter ton truck be purchased  
and the one ton truck now with the de-  
partment be sent to the west side for  
services.

That the most important piece of  
work to be done during the year should  
be the laying of thirty-six inch main  
from the end of the twenty four inch  
main from the Manchester farm to  
Spruce Lake and to relay the twelve-  
inch cement from Barnhill's corner to  
Lifton's corner with a twenty-four-inch  
twenty-inch and sixteen-inch main.—The  
cement pipe is too small and thoroughly  
unsuitable.

That the six-inch and four-inch pipes  
in Rutheys avenue from the One Mile  
House toward be replaced with an  
eight-inch cast iron main;—this pipe is  
said now to be in bad condition.

That the thirty-three-inch wood stave  
pipe from Phinney's Hill to Little River  
reservoir be paralledled; also the ther-  
son of the thirty-six-inch main from  
One Mile House to Little River, fol-  
lowing a route which will avoid Fernhill;  
That all services be metered, to pre-  
vent waste of water.

That at Miramichi.

The report said that daily readings  
are taken by an observer at Miramichi  
and forwarded to K. H. Smith at Hal-  
ifax. This work must continue for an-  
other year, when the question of the  
possibility of power from the Miramichi  
river will be settled.

The report recommended that the  
city acquire and control all the water  
shed areas at Loch Lomond and Spruce  
Lake.

As a result of a survey of city lands  
at Loch Lomond and Spruce Lake it  
was found that there had been tres-  
passing and timber had been cut.

Commissioner Bullock moved that an  
amount of \$60.00 be paid to William  
Chambers, being the difference between  
his regular pay and the amount paid  
by the Workmen's Compensation Board  
during the time he was disabled be-  
tween January 6 and February 20 on  
account of injury. After discussion, it  
was decided to leave the matter over  
to a full meeting of the committee, when  
the matter of compensation on account  
of sickness will also be taken up.

## POLICE COURT

In the police court this morning James  
Sparks was charged with being drunk  
and also with breaking a window in the  
pool room of Frank Goddard in Charlotte  
street.

Policeman Coughlin said that while go-  
ing along Charlotte street early this  
morning he noticed two men in front of  
the pool room. He said they were drunk  
and the accused jumped over a guard  
rail in front of the window and broke  
two windows valued at \$8. The police-  
man said when he arrived the accused  
had one leg through the window. He  
arrested him. The man pleaded not  
guilty and was remanded.

Bryan Walsh and Daniel Mangen, em-  
ployes on the C. P. O. S. liner Gran-  
dian, pleaded guilty to stealing three  
blankets valued at \$5.50, from the ship.  
They were remanded. H. H. McLean,  
Jr., appeared for the C. P. O. S.

John C. Berry was charged with be-  
ing drunk and also with begging. Police-  
man Young said he was begging from  
house to house and also from people in  
the street. He was fined \$8 or two  
months in jail for begging. After com-  
pleting his jail sentence he is to go for  
three months to the Alms House.

A case against Clarence B. Whipple,  
charged with stealing a baseball mitt,  
the property of Freeman Copp, was re-  
sumed. The accused said he found the  
mitt. The prosecution asked for a post-  
ponement to obtain evidence to rebut  
that given by the defendant. The case  
will be taken up tomorrow afternoon.

E. S. Ritchie appeared with drunkenness  
were fined \$8 each or two months in  
jail. One woman arrested last night on  
a charge of drunkenness was allowed out  
on a \$50 deposit to appear in court when  
indicted.

## The Dining Room Might Be Termed The Pivotal Point!

The dining room is easily one of the most enjoyed and most practical rooms in the  
modern home. It is here that our mental attitude is established for each day—for environ-  
ment surely does influence our state of mind.

The creating of the right atmosphere in the dining room is therefore an important re-  
sponsibility. The entire scheme of furnishing should be inspired by a knowledge of human  
nature. This should not be construed as necessarily involving large cost, for frequently the  
simplest dining rooms are the most effective.

Everett's can be of real helpfulness to you in the correct furnishing of your dining  
room. Men who have come to be past masters in this work are always at your cordial ser-  
vice here, and their helpfulness is supplemented by extensive selections in the most desirable  
types of furniture.

You may select a piece or a set, pay a deposit and have it delivered when you are ready  
for it—thus protecting against the market's uncertainties.

Glad to have you come in, anyway.
