THREE MORE DREDGES FOR COURTENAY BAY

I. Norton Griffiths in Cable To The Board of Trade Announces Plans for Rushing the Work

That two dredges are already on their way to St. John and another is coming for the Courtenay Bay work, was the news cable yesterday by Norton Griffiths, M. P. Two of them should reach here before the end of the week. The cablegram follows:—

London, April 6, 1914.

Secretary Board of Trade, St. John, N. B.: Sucker sailed Thursday from New York. Elevator dredge General Diaz, similar to Fielding, sailed Thursday from New York. Lloyds would not allow earlier departure. I expect to sail within a fortnight after despatching still another and steam hoppers. No stone left unturned or expense spared to take advantage of the coming fine weather.

NORTON GRIFFITHS. The two dredges which left New York Thursday should arrive here before the end of the week, and they will be a valuable addition to the Courtenay Bay fleet.

The Norton Griffiths Company had a crew of men at work yesterday moving 100 pieces of machinery and apparatus which were brought here from London and Liverpool by the steamers Shenandoah and Tyrolia. The machine parts consist of buckets, dredging machinery and apparatus for use in the extensive operations which are to be carried on at Courtenay Bay this year.

Fernhill Cemetery. At the annual meeting of the holders of Fernhill cemetery yesterday a copy of the act incorporating the association in 1888 was presented by Joshua Clayton to the members. It proved a most interesting document. Judge Forbes presided at the meeting at which he, and R. W. W. Frink, F. E. Hamington, P. Campbell, Dr. James Christie, G. W. Ketchum, J. K. Schofield, E. L. Rising, E. T. Sturdee, C. E. Scammell, G. A. Kimball and J. A. likely were elected directors.

Henderson presiding, the annual reports were submitted, and an increase of membership of 200 shown. Mrs. J. S. Flaglor, retiring president, led in the devotional exercises, and Miss Alice G. Rising was in her place as secretary. Her report of the year's work was interesting and well received, as it showed much good work done, and spoke of encouraging prospects.

The treasurer's report showed the income for the year to be \$8,512.88 and expenditures \$3,768, the amount in the bank being \$768.98.

The report of the house committee was presented by Mrs. A. F. Crockett. It showed the number of permanent boarders during the year was 186 and the number of transients 214. Receipts from the home were \$2,927.11 and expenditures \$2,024.70.

The general secretary's report showed that a large number of visits and calls had been made, many requests for meetings had been responded to and much literature had been distributed. Nineteen requests were made during the year to meet girls arriving on steamers as against forty-eight the previous year. The educational classes had been satisfactory in all respects.

The following ladies reported good work on the part of the committees named: Miss DeVoe, spiritual; Mrs. J. S. Flaglor, entertainment; Mrs. B. C. Laughlin, hospital; Mrs. Austin, mother's meetings; Miss Pratt, travelers' aid. The Saving of Money by the use of Royal Baking Powder is considerable

Royal is economical, because it possesses more leavening power and goes further. Royal saves also, because it always makes fine, light, sweet food, all digestible; never wastes good flour, butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal

the products of the dram shops, he would undertake to close licensed liquor stores in St. John and see that they were kept closed. Mr. Smith was incorrectly quoted yesterday and did not announce that sum required to put the saloons out of business was \$20,000. He said yesterday that a much smaller amount would suffice to carry on the temperance campaign.
