

## This Man Is Young at 55 Years

He is a "Health Belt Man." Therefore Has the Vitality and Hot, Red Blood of Youth in His Veins. He Towers Like a Giant Above the Ordinary Difficulties of Life—Be a "Health Belt Man" Yourself—It Gives Manly Strength; It Makes You Young and Keeps You Young All the Days of Your Life; It Takes All the Gloom Out of Your Make-Up—Let Me Give You of This Abundant Vitality, Then Nothing Can Ever Conquer You But Death Itself—100,000 Men Have Taken My Advice, Why Not You?

The secret of life-long youth may be summed up in one word—Vitality. If you have this great natural power in abundance years count for nothing. I use no drugs. I recommend none. Just the Health Belt. No privations, no dieting and no restrictions, excepting that all dissipation must cease. Put the Health Belt on nights when you go to bed; let it send its power into your nerves, organs and blood while you are sleeping. It gives you a great flow of soft, gentle, galvanic-vital electricity during the night. One application and you are like a new being; it takes all the pain and weakness out of your back; it makes you answer the morning greeting with "I'm feeling fine." It is a great strength builder; it overcomes the results of earlier mistakes and indiscretions; it gives you a compelling power, so that you are attractive to all women and men with whom you come in contact. Three months' use is sufficient. Salem Cohen, Habb's Cove, N. B., writes: "I am a man again, thanks to you. Nothing can discourage me now." This is one among tens of thousands.

**I TAKE ALL THE PAIN**  
All I want is a chance to prove to you that I'm a man. Write to me, or call at my office, and you can change the Health Belt and pay for it when cured. If not cured, send it back. If you do not pay down you get a discount.

**Let Me Send You These Two Books FREE**  
They fully describe my Health Belt, and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength, the Glory of Man," is a private treatise for men only. Both sent upon application, free, sealed, by mail.

**DR. E. F. SANDEN CO., 140 Yonge Street, Toronto, Ont.**  
Dear Sirs—Please forward me your Books as advertised, free.

NAME .....  
ADDRESS .....

**PHYTHIA'S ROUGH TRIP**  
Seventeen days from Glasgow to the roughest trip in her career, the Donaldson liner, Phytia, Captain Ritt, arrived last evening. From the time she left Glasgow the steamer had it rough, hurricane following hurricane. On the morning of February 27 a huge combor boarded the Phytia, crushing one of her bridge houses, and carrying it to the deck, together with Chief Officer Telford, who was inside at the time. He was badly bruised about the face and legs.

**THE DANGEROUS GARMENT**  
Mrs. Jasper—Mrs. Turner has given her hobble skirt away; she was afraid to have it around.  
Mrs. Jasper—"Why?"  
Mrs. Turner—"It nearly strangled her neck the other day."  
Mrs. Jasper—"How?"  
Mrs. Turner—"The ignorant girl tried to sit up on the ground, and the small part got round her neck."

**Help For Weak Men!**  
Any Weak, Puny Man Can Be Cured  
Show me the man who would not be better than they are. It matters not how the rocks and shoals of life have worn the edge of the spirit of joyousness, have dulled the enthusiasm of youth, and left the nerves less vigorous, the eye less bright, the step less springy, the mind less forceful, and the general vitality less powerful than they ought to be at your age, you want to be strong. Hard work wears, and worry, disappointment and the other cares of life drain away the vim and snap of perfect health. Electricity applied by my restorer, it makes you feel young. It renews your strength.

**DR. McLAUGHLIN'S ELECTRIC BELT**

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will restore it. I have applied it for twenty-five years, and have cured thousands of my cases. My book tells of many grateful persons who were cured by my Belt after every kind of medical treatment had failed.

It is the one sure remedy for the cure of Rheumatism, Weak Kidneys, Weak Stomach, Nervous Debility in young or old, and similar ailments as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy where you see so many cures?

Lambeth, Ont., Nov. 17, 1908.  
Dear Sir,—I take great pleasure in recommending your Belt to anyone suffering from Nerve trouble or loss of sleep from causes so frequent to men.

D. ANGLISH.

Moncton, Ont., Nov. 19, 1908.  
Dear Sir,—I am glad to say that I feel in good health, and am stronger than I ever was before. I have gained over fourteen pounds since I started to use your Belt, and I believe it has done great things for me. I can say to anyone else needing the use of your Belt that it will bring them to their rational health and strength again.

A. S. PARTRIDGE.

S. S. Mina, Halifax, N. S., Oct. 26, 1908.  
Dear Sir,—All I wish to say is that I feel quite well. I have had no return of my old trouble since wearing your Belt. It certainly is all that you claim it to be. Thanking you for your kind treatment.

JOHN DAHL.

If you are a sick man and discouraged with dragging your system in search of relief without result, try my Belt. If it fails to cure, it costs you nothing. Reasonable security is all I ask. Remember my terms are:

**READ MY FREE BOOK**  
I have a book which every man should read (one for women also). It tells facts that are of interest to every man who wants to remain young in vitality at any age. Send for this book today, if you can't call. I mail it, sealed, free. If you call I will give you a free test.

Office Hours—9 a. m. to 6 p. m.; Wednesday and Saturday to 8.30 p. m.

### Bowling

#### Inter-Society League.

The Knights of Columbus kept up their winning play on St. Peter's alleys last evening and took four points from the Single Men. This makes nineteen out of the last twenty points that the K. C.'s have won. Last night's match was their last in the series and leaves them with twenty-five points won and eleven lost. They had a good game, but their first strings last evening, but in the third the Single Men led all the way through. They had merely, however, set the stage for a sensational finish for the Knights won by five pins. Wm. Gale did it. He and Chas. Morris were paired for the last two boxes. Gale needed to make all his opponent did in the last one and ten more to win. He did it by making a strike and getting nine on it. Bringing cheers from the K. C.'s and their supporters were his reward for his timely good work. Gale led all with an average 282.3 for the night, and Marry, with 70.13, was high for the Single Men. The scores were:

Knights of Columbus.		Total.	Avg.
McCafferty	70	81	83
Murphy	70	78	83

#### Tonight's Games.

Tonight the Imperials and Nationals will play in the City League while T. S. Sims and Macaulay Bros. teams will compete in the Commercial League.

#### Basket Ball

In a close game last night, St. Andrew's church team won from the High school, 22 to 16. The score was even at half time.

On Saturday evening in the Edmund street hall, a team composed of the pick

of Moncton intermediates, will play the Exmouth juniors, the city champions.

#### Curling

Yarmouth Men Victors.

Boston, March 8.—(Canadian Press).—The Yarmouth, N. S., curling club defeated the Brue Burn County curling team by a score of 48 to 43 last night.

#### Wrestling

Hachensmidt Failed.

Topeka, March 8.—(Canadian Press).—George Hachensmidt lost a luscious wrestling match here last night to Jesse Westergard, Hachensmidt attempted to get two falls in an hour, but did not make one.

#### Hockey

A Close Match.

Renfrew, Ont., Mar. 7.—The Wanderers and Renfrew teams rung down the curtain in the National Hockey Association, as far as Renfrew is concerned in the exciting game of the season tonight. After a match that was tied no fewer than six times, the creamery kings won by a score of 7 to 6.

#### AMUSEMENTS FOR OURSELVES AND OTHERS

##### TEXAS TONIGHT.

The Myrtle-Harder Company in the Opera House tonight will present for the first time, at popular prices, the western play, "Texas." Although western, it is showing how the cowboy life played out the idea of years ago, but a pretty story told of human beings who live out in the west, their costumes, habits, love, diallage and manner of living. In recent years, authors have entirely changed the writings of the west, and "Texas" is a refined, dignified characterization of the Golden West. The comedy is of good, wholesome kind that grips and does not shock. The characters are noble and loyal and not overdrawn. The play is almost a musical comedy, as it has its own songs and incidental music. This production is carried completely by the Myrtle-Harder Company, and is one of their feature bills. At tomorrow's matinee and tomorrow night, Lena Rivers, a dramatization from the famous novel by the same name, will be played.

##### THE UNIQUE

The efforts of the Reliance Stock Co., have been watched with interest by Unique patrons and the fact that they have been steadily coming to the front will be shown today when what is considered as their best production, "The Last Laugh," will be presented at the cozy Charlotte street theatre. The story is a novel one showing how the caprice of time changed the currents of life and transported the characters from luxurious homes to the lone bound fields of Alaska. The balance of the programme consists of "The Engineer's Sweetheart," a piece story and "Youth," a scene drama. Miss Alice Mackenzie has again secured in "These Songs My Mother Used to Sing," which she will render to the last time tonight. Tomorrow she will offer the big hit from Madam Sherry, "Every Little Movement," now enjoying a successful run in New York. Miss Mackenzie has been assisted with this opera in the play, which has been remodelled for this occasion, will be the choir set and the singer will display pretty costumes.

##### THE LYRIC

Professor VanDorn and Co., will give their final demonstration of Thomas Artois at the Lyric Theatre tonight. Last evening the large audience left the theatre with a big question mark hanging in their minds. It is a highly interesting chemical experiment, at the same time delivering a lecture on his work. The theatre for the week ending starting tomorrow afternoon, will be in the hands of Nelson & Nelson who have lately filled in the long engagement in New York. They are said to be singers and dancers and acrobats with a reputation that is enviable.

##### THE GEM

Western life portrayed by the Vitagraph company of pictures at the Star Theatre, North End, for Wednesday and Thursday is composed of three long films. "Suspicion" is a high class and handsomely photographed picture and is a production of the Vitagraph company and is one of their most recent releases of 1911. A western drama, entitled "Mary and the Pioneers," is by the Melies film works and the first of the Melies pictures are exhibiting fun producers, with comedy galore. Tom Waterall will sing "I Trust My Wife in Anywhere," a new play. A western programme will be given. There will be the usual vaudeville matinee on Saturday.

### MOTHER PLACED ON TRIAL FOR THE KILLING OF BABY BOY

Mrs. Melber Faces Charge in Albany Court—Poured Acid Down Throat When He Asked For Drink

Albany, N. Y., Mar. 8.—Charged with the deliberate murder of her own child, Mrs. Edith Melber of Schenectady is on trial before Justice Howard in the state supreme court. The police annals of the state have seldom recorded a more brutal crime than this charged against the frail little woman and hundreds of curious persons are attracted to the court room in the city hall in the hope of getting a glimpse of the prisoner.

On January 7 the body of a baby boy was found almost concealed in a clump of tall reeds by a hunter, who was following his dogs across a stretch of frozen swamp land on the outskirts of Albany. The boy's face had been burned by poison. A half-empty bottle of carbolic acid and a bag of chocolate drops were the only clues.

For two days the authorities unsuccessfully sought to learn the boy's name. Two days after the discovery of the body, George Melber of Schenectady, a blacksmith, identified the body as that of his grandson, George Melber, whom he had thought safe in an orphan asylum.

The police instituted a search for the child's parents and when they found Mrs. Melber had left the house where she was working in Schenectady, they felt sure the solution of the mystery was at hand. She was traced to the station of that city and messages to the police of the state were flashed over the wires for her apprehension.

The same afternoon a prepossessing little woman stepped up to claim a trunk on the depot platform at Rochester and she was arrested charged with the murder. At first she denied the crime but later broke down and confessed. She said she was obliged to take the boy from the Schenectady orphan asylum because she could not pay his board and she came to Albany to put him in an institution here.

Admission was refused, she said, and she purchased some acid and the chocolate drops. Then she walked to the place where the body was found and poured acid down her boy's throat when he complained of being thirsty and asked for water.

Then she says she kissed him, laid his body on the ground and took the next car for Schenectady.

She resumed her position as housemaid and did not leave it until Thursday morning, nearly a week after the commission of the murder when she heard of the finding of the body.

### WHY MEN DRINK.

"Have you filled the furnace yet? Well, for goodness sake, haven't I got enough to do without keeping track of a man's work?"

"Henry Smith, why don't you come to bed? You know I just can't sleep a wink as long as that light is burning."

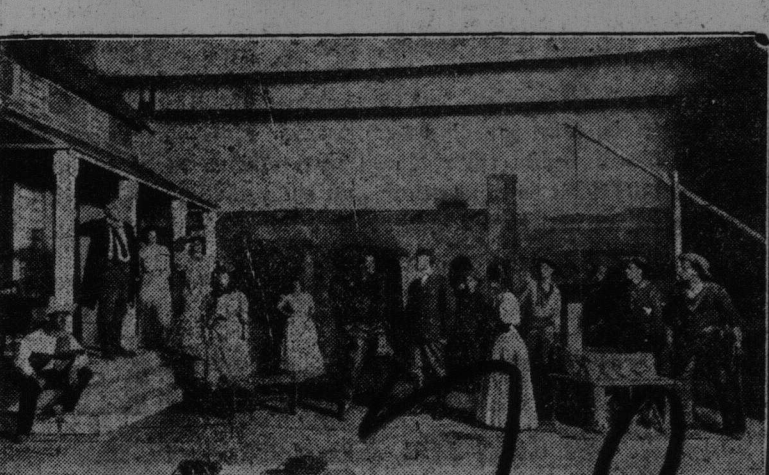

"Hurry and get up; the water pipe is busted and the kitchen floor is flooded."

"No, there's no eggs or meat tonight. If we go to market this morning we've just got to save on something and it might as well be the table."—Detroit Free Press.

### TREASURY BOARD MATTERS

At the monthly meeting of the treasury board last evening, Ald. Putts proposed that the board recommend to the council that the collector of market tolls be relieved of further payments on the agreement of last year and that the market committee commence at once to collect the tolls.

He said the arbitrary manner in which the market committee was working made it practically impossible to derive a revenue from the collection of the tolls. The collector had notified the city when making the last payment, that he would institute an action to recover payment. No action was taken as it was contended the board had no authority in the matter.

There was a discussion about the missing stone and it was decided to relate the taxes charged against Mrs. Hollis, from whose property the stone was taken.

The chamberlain was given authority to proceed against tenants in the market and in Market street, who were behind in their rents.

It was decided to pay \$150 for membership in the Union of Canadian Municipalities, and the chamberlain and chairman were appointed to arrange for a new agreement with the Bank of New Brunswick, the present agreement expiring in July.
