

Kirk-Session Report.

The Kirk-Session respectfully report as follows to the congregation :

The Sabbath services have been regularly conducted and well attended during the year.

The Wednesday evening service has also been maintained, and the attendance has been encouraging. The Sacrament of the Lord's Supper was celebrated four times during the year.

The Sacrament of Baptism was administered to 18 children, the service in not a few cases being conducted in the afternoon in church.

In the church records 8 marriages have been registered and 10 deaths.

During the year 31 persons have been added to the Communion Roll, 17 on profession of faith, and 14 on presentation of certificate. On the other hand, 4 have been removed by death—Mr. George S. Hobart, Mrs. Mary Craik, Mr. Joseph Fisher, and Mrs. Joseph Milk—and 12 have left the city. The Communion Roll now stands at 479.

The report of the Poor Fund, administered by the Women's Home Association, has been examined, and the session is satisfied that the interests of the poor are well looked after, and the collections wisely and faithfully expended.

During the year a small property has, by will of the late Mrs. Craik, come into the hands of St. Andrew's Church. It is, however, mortgaged to almost its full value (\$500 or thereabout) to the General Hospital.

The session gratefully recognizes the volunteer services of the members of the choir, which have added greatly to the attractions of the worship of the church.

Gratefully recognizing God's goodness and hopefully looking to Him for His blessing on all the labours and offerings of His people for the promotion of His cause both at home and in distant lands, we would do with our might what of His great work has been committed to us.

In name of the Kirk-Session.

J. MACKIE, *Moderator.*
