

Dear Economy

In food buying no one should expect to buy "worth" at less than "worth" price. "Worth" price does not necessarily mean high priced. But don't stint the quality of the food that goes on the table. Economy is a virtue; but look out for "dear" economy. The most nourishing and economical foods are those you pay a fair price for always. You're sure of getting things at their best here. You're sure also of low prices.

BLENHHEIM

Oct. 13.—W. C. White and G. M. Baird are back from Wheeling, Virginia. They will be stopping a week before returning for the winter.

W. E. Hall, W. D. Samson and George Shirley are at Erieau, duck-shooting. Several of our young people are talking of the advisability of organizing an assembly club and having weekly hops. Major Schoof concluded his series of lectures in the Methodist church here last night. Large crowds were delighted with the Major's lectures, as they are delivered in a conversational style. He goes from here to Newbury. C. Senior, photographer, will sing at Trinity church harvest home festival on Thursday night. Mrs. (Dr.) Mitchell and family left for London yesterday, where they will take up their residence. Mrs. O. B. Chedden is improving very satisfactorily.

THE CRISIS DELAYED

Trades Unionists Will Try Once More for a Settlement.

Appeal to be Made for a Conference—Report That Employers Want to Kill Trades Unionism Denied—Surrender of the Tigra Tribesmen in India—Gang of Burmese Made Mad Rush at Mandalay, but British Officers and Sepoys Beat Them Off.

London, Oct. 12.—A meeting of the Federated Trades Unions was held at Carlisle yesterday for the purpose of discussing the question of calling out all of the men composing the unions represented Oct. 13, to be in sympathy with the strike of the engineers. If the question is decided in the affirmative, it means the stopping of thirty industries, including the boiler makers, shipwrights, carpenters, plumbers, blacksmiths and pattern makers.

The meeting did not decide the main question of calling out the trades unionists, but resolved to appeal to Mr. C. T. Ritchie, President of the Board of Trade, to summon a conference under the Conciliation Act of representatives of the Employers' Federation and the unions. This will delay the crisis for at least two weeks.

It has been said repeatedly that the Employers' Federation went into the present fight with the intention of smashing the trades unions, but the members disclaim any such desire. The Executive Committee of the federation has issued a statement affirming that it believes that Mr. Siemens of Siemens Brothers & Company (Limited), who is now on the Continent, was incorrectly reported the other day when the papers asserted that he had said that the federation wanted to get rid of trades unionism altogether.

The work of making heavy guns at Woolwich Arsenal is being seriously discussed owing to a shortage of steel, which is due to the contractors, including the Whitworths, Cannells, having locked out their workmen.

JIRGA HAS SURRENDERED.

Monand Punitive Expedition Has Done a Good Deal of Business.

Simla, Oct. 12.—A despatch from Monand announces that the Jirga tribesmen have surrendered their rifles and have solemnly sworn to maintain the peace and drive out Unra Khan's followers.

The troops forming the Monand punitive expedition have destroyed twenty-six fortified villages and have killed many of the insurgent natives.

TROUBLE AT MANDALAY.

A Gang of Native With Long Knives Driven Off by Britishers and Sepoys.

Mandalay, Burma, Oct. 12.—A gang of 25 Burmese, armed with long knives, rushed through the south gate of Mandalay Fort last night and made for the residence of Major Dobbie, but they were driven off by the British officers and Sepoys on duty; four of the Burmese were killed and four were wounded. Lieut. Harrington of the British force and three Sepoys were wounded.

SPAIN'S REPLY TO THE STATES.

Filibusters, Under a Minister of the American Flag Have Prolonged the War.

Madrid, Oct. 12.—It is semi-officially announced that the reply of Spain to the note presented by the United States Minister, General Woodford, has been drafted by the Minister for Foreign Affairs, Senor Gallon, and will be submitted to the Cabinet at its meeting tomorrow. The reply, it is further stated, will announce that Spain is unable to fix exactly the date when the war will be over, but the Ministers are persuaded it will not be long, because the situation of the rebels is critical and the efforts of the Spanish troops are sure of success. Owing to the rebel situation and the concession of autonomy, administrative and economic, which will be effected before January, the Government hopes actual hostilities will finish shortly.

Spain, it is continued, thinks the reforms and the activity of the Spanish troops are sufficient elements to secure the immediate pacification of the island, which, it is asserted, "would have been more rapid if the rebels had not had the support of filibusters who, under the shelter of the American flag, have contributed to maintain this state of affairs."

The Government has decided that General Primo de Rivera is to retain command of the Philippine Islands, in order that he may initiate the proposed reforms and reorganize that colony.

POTATO CROP IN IRELAND.

Tim Healy Has Been Bound on His Wheel and Says Things are Not So Prosperous.

London, Oct. 12.—Mr. Timothy Healy, anti-Parnellite member of Parliament for North Louth, who has just returned from a cycling tour in Ireland, says: "The potatoes are generally bad, but all the crops have been saved where the farmers had the sense or the money to spray them. No doubt there will be some distress in the northwestern and western counties during the coming winter and spring. In some places it may approach starvation."

Mr. Healy admitted that there had been some exaggeration of the difficulty.

England to France by Balloon.

Eastbourne, Eng., Oct. 12.—Charles Pollock, a nephew of Baron Pollock, inflated in a balloon from here this morning, in an attempt to cross the channel. He hopes to descend safely in France. The balloon descended safely at 4.20 this afternoon near Domart, in Somme, 4 miles northwest of Amiens. Mr. Pollock telegraphs that the trip was a great success.

This Shepherd Was a Killer.

Lyon, France, Oct. 12.—A shepherd named Vacher has been arrested at Belley, 44 miles from this city, charged with committing a series of so-called Jack-the-Ripper murders. He has confessed to killing three shepherds, three girls and two old women. Vacher, the authorities announce, was formerly confined in an asylum for the insane. The series of murders attributed to him commenced in 1894, and they appear to have been actuated by purely homicidal instincts, as the victims were all poor people. They were terribly mutilated after their throats had been cut and all the women were originally assaulted.

MUNYON'S GUIDE TO HEALTH

Your Druggist Will Hand It to You for the Asking.

IT MAY SAVE YOUR LIFE.

Tells You the Symptoms of All Common Diseases—Tells You Just What to Do for Each—Shows You How to Be Your Own Doctor.

Thousands of dollars have been spent by Prof. Munyon in the preparation of people's handy health manual. One that could be understood by anybody that could read—that would be absolutely unnecessary, and to-day it is as near perfect as scientific research, money and the people of Ontario can make it.

It is called "Munyon's Guide to Health," and it is yours for the asking. Not a penny of cost to you. Get it at your drug store. If your druggist hasn't it, a postal card to Prof. Munyon, 11 and 13 Albert Street, Toronto, will bring it.

The Munyon remedies act instantly, giving relief after the first or second dose, and in the most obstinate cases. There is a separate Munyon Remedy for each disease, and each specific has plain directions, so there can be no mistake. Where you are in doubt, a personal letter to Professor Munyon will be answered with free medical advice for any disease.

CAUTION TO THE PUBLIC. Beware of imitations who are copying our advertisements, appropriating our methods and following the plan adopted by us when we introduced our remedies to the people of Ontario a year ago. You can easily distinguish between the original and the imitation. Prof. Munyon, founder of the new School of Homeopathy, does not desire that the public should be imposed upon.

THE END IN SIGHT

Of Rev. Mr. Grigg's Pastorale—The Congregation Looking For a New Pastor.

Sunday, Oct. 31st, will close the pastorate of Rev. Ernest Grigg in the William Str. Baptist church. When Rev. Mr. Grigg came here it was with the intention of remaining only a year. The year expired on the 31st of September, and it is understood that he extended the time to fourteen months so as to give the pulpits supply committee an opportunity to cast about for a successor.

The Baptist church is blessed, or otherwise, with congregational government, or a substituted species of hierarchy. Each congregation is subject to no outside authority, except in a mild advisory sort of way—the advice is given but may be acted upon or not according to the inclinations of the congregation.

They select their own ministers. In case of vacancies such as will occur on Nov. 1st Baptist churches are invited to select their own ministers. If the sample is found satisfactory a "call" is in order. Acceptance of the "call" may depend upon a number of things, too personal to mention.

This, however, is what the William Street Baptist church here will do, and they will be fortunate indeed if they can secure the services of a man at once eloquent, earnest and devoted as our present pastor, Mr. Grigg. Mr. Grigg and Mrs. Grigg have found a warm place in the hearts of many Chathamites, who will learn with regret of their departure. Mr. Grigg cannot say as yet whether he will remain within the confines of civilization or return to foreign mission work.

LADIES, HE IS COMING!

When bodily tired, a sleep is restless, and a tired feeling is felt through dissatisfaction with one's personal appearance sleep is not the remedy to employ. The hair plays an important part in this respect. One of Prof. Dorenwend's beautiful styles of bangs or wavy fronts will soften and refine the expression of the face, and a fine switch to coil or braid will give the head a beautiful shape. By wearing these goods you will feel better and look younger. Call on Prof. Dorenwend at the Garner House, Chatham, on Thursday, October 14, and see the foregoing demonstrated. It will cost nothing. Thousands wear these goods with satisfaction. You can be benefited likewise.

A NEW BOOKSTORE.

W. J. Kenny, a Former Chathamite, Returns and Opens One.

W. J. Kenny is the enterprising proprietor of one of the Maple City's latest mercantile establishments—the new and fully equipped bookstore at the eastern wing of King street. Mr. Kenny needs no introduction to Chathamites, for he is an old Chatham boy, born and brought up here, and the fact that he has returned, after two years' absence in Chicago, to enter business on his own account, is a tribute to his loyalty to the town and his faith in its commercial enterprises.

Mr. Kenny's establishment carries a large and admirably selected stock of stationery, books, school supplies, leather goods, periodicals and all the latest current literature. For several years engaged in the business, Mr. Kenny has an accurate knowledge of the needs of his patrons and has spared no pains or expense to fully cater to them, and the courtesy and tact, which have won the enterprising man such popularity in the past, will earn him the liberal patronage he deserves. It will well repay our citizens to call and examine his excellent stock.

TILBURY.

Oct. 13.—Since the recent cases of dog poisoning, several of the more valued dogs around town have been muzzled.

Dr. Armstrong is on a business trip to London. The football grounds will be in excellent shape for the game with Windsor on Saturday, the recent heavy rain having completely put out the fire which had been burning in the sawdust for two or three weeks.

Fletcher Hall last night was a complete success, and a number from here were in attendance.

Mrs. Wm. Cole is visiting relatives in Detroit.

Harry Daugherty has severed his connection with Cole's bakery and expects to remove to Chatham. Mr. Cole has secured the services of another excellent baker.

The Christian Endeavor Society gave a farewell social at the residence of James S. Earl last night, which was largely attended. Mr. Earl leaves this week for Wingham, having closed up his general store here. His loss will be severely felt, as a citizen and active church worker.

A pleasant party was held last night at the residence of Dr. Sharp. There is considerable opposition to the waterworks and electric light by-law which is to be voted on next Monday.

TO WHOM IT MAY CONCERN

I am fifty years of age and have been troubled with the spinal complaint more or less since the war. I had to resort to opiates to stop pain and in that way I formed the habit of taking morphine. I had taken it for twelve years when I entered the Monroe Improved Gold Cure at Windsor. I was taking twenty grains of morphine and thirty grains of quinine per day. Had slept in a chair for five years. I can say I am free from opiates and do not even have any desire for anything of the kind. I advise all who are addicted to the use of the drug not to hesitate about going to the Cure and improve the first opportunity afforded to receive treatment at this institution. All those concerned with the institution are gentlemen in every respect, and it seems more like home than it does like a Sanitarium. Ask your doctor to answer letters on the subject. L. DAWSON, Fostoria, Mich. March 2nd, 1895.

PAIN IN THE BACK.

Mr. M. P. Halpin, Brockville, Ont., makes a statement as follows: "For two years I suffered from kidney trouble, causing severe pain across my back, dizziness, headache, sleeplessness etc. I had often to lean on the counter when sitting at a customer's table. I was the pain in my back. On taking Doan's Kidney Pills I improved from the very first, and now after using three boxes am all right; all my pains, aches and dizziness having disappeared, thanks to Doan's Pills."
