**Government Expected to Assume De**finite Policy Regarding Loan to Provinces

Pekin, Dec. 26 .- From present indiations the government is on the

Yesterday the throne issued its third edict aimed at the agitators. It sets forth that students in the provinces ignore their local officials and send telegrams on the points at issue direct to the ministers here. They even threaten the ministers in daring language and their course is encouraging the lower classes to clamorous activity. In conclusion it orders the appoint ment of school inspectors, qualified to expel the students in question and the directors and instructors responsible for the agitation. The foreign board, which is causing to be published an ac-count of the Che Kiang trouble in the native press for the purpose of enlight-ening the agitators, has begun the exmination of the officials who are im cated in the British loan concession and the renting thereof to Chinese. The results of these examinations are ex-pected to determine the future position of Yuan Shi Kai in the central government and to put an end to the present deadlock. 

> MURDER FEUD.

MAY DRAW TOGETHER

More Cordial Relations Are Expected to Follow Judging by the Reception.

(From Thursday's Daily.)

The event of most significance that chief heir to the throne of China, to the Mikado according to reliable advices brought by the Nippon Yusen Kaisha liner Tango Maru, which reached port to-day.

Although the visit of the prince is looked upon by the people of Japan as a purely nominal one, paid in return for that of Prince Fushimi to the throne of China this year, a far greater importance is attached to it in the gov-

ernment circles of Nippon. Prince Pu Lum is, with Prince Chun, heir to the throne from which the Dowager Empress has practically deposed the weak-minded ruler and, in Chinese political circles, is looked upon as the less capable Chun. There is a general feeling in Chinese official circles that the Dowager Empress will soon abdicate her position of dictatorship, plac-ing in the hands of the prince the practical control of China's destiny. In view of these facts the Japanese govon the Chinese rivers, the entente cor-diale which is now in progress at Tokio assumes the character of an interna

an official one only, but no expense cruising parties would be taken by surprise. He estimates, for example, that theatre at Tokio were reserved for the court and the foreign ambassadors On the following night a great banquet nese court circles that one of the chief a gifted scholar, who graduated from Yale university in 1885.
