Facts Relating to the Election Law.

Enquiries in reference to the working of the New Election Law are now quite frequently made and for the inference to the working of the New Election Law are now antly made, and, for the information of those of our readers ge leading in reference to the leading features for themselves, we present the following in reference to the leading features for their guidance.

HOURS FOR VOTING.

The Poll in each District is to open at nine o'clock a.m., and close at five o'clock in the afternoon.

A Deputy Returning Officer shall preside at each Poll, who shall be provided with List of the Electors of the Polling District, persons qualified to vote for Members of asembly to be also qualified to vote for Dominion Candidates.

The only persons (qualified as above to vote) who are disqualitied under the Dominion Act, are "Judges of any Court now existing, or to be hereafter created, whose appointment shall rest with the Governor General of the Dominion."

POLL CLERK.

Each Deputy Returning Officer shall have a Poll Clerk, who shall record the name of each voter as he presents himself, setting against his name a number indicating the order in which he appears to vote.

The room in which the voting takes place is provided with one or two compartments made of boards, or by screens, so that each Voter may, without interference or interruption, mark his ballot.

raption, mark his ballot.

WHO MAY BE PRESENT WHERE VOTING IS GOING ON.

In addition to the Deputy Returning Officer and Poll Clerk, the Candidates and their Agenta (not exceeding, however, two Agents for each caudidate) may be present in the room where the votes are given, during the whole-time the Poll remains open. No other persons except the above named shall remain in the room while the Polling is contaged.

Each elector shall vote at the Polling Station of the Polling District in which he is qualified to vote and no other. The Returning Officer, however, on the request of any Elector entitled to vote at one of the Polling Stations, who shall be appointed Deputy Returning Officer or Poll Clerk, or who shall be named the Agent of any of the candidates for a Polling Station other than the one where he is entitled to vote, shall give to such elector a Certificate that such Deputy Returning Officer, Poll Clerk, or Agent is entitled to vote at such election at the Polling Station where such elector shall be stationed during the Polling Agy, and on the production of such Certificate such Deputy Returning Officer, Poll Clerk or Agent shall have the right to vote at the Polling Station where he shall be placed during the Polling day, instead of at the Polling Station of the Polling District where he would otherwise have been entitled to vote:—But no such Certificate shall entitle any such elector to vote at such Polling Station unless he has been actually engaged as such Deputy Returning Officer, Poll Clerk, or Agent during the day of Polling.

MODE OF VOTING.

Clerk, or Agent during the day of Polling,

MODE OF VOTING.

Each Elector, being introduced, one at a time for each compartment, into the room where the Poll is held, shall declare his name, surname, and addition [that is occupation or other distinctive fact by which he may be properly identified. Entroly which shall be entered on the Voter's List by the Poll Clerk, and if the same be found on the List of Electors for the Polling District of such Polling Station, he shall receive from the Deputy Returning Officer a Ballot paper, on the back of which such Deputy Returning Officer shall have previously put his initials, so placed that when the Ballot is folded they can be seen without opening it; and on the counterfoil to which he shall have placed a number corresponding to that opposite the Voter's name on the Voters' List.

List.

Provided that such Elector, if required by the Deputy Returning Officer, the Poll Clark, one of the candidates or one of their agents, or by any elector present, shall, before receiving his Ballot, take the Oath or oaths of qualification required by the laws of the Province, from a voter at elections for the Assembly, the words "House of Commons of Canada" being, in such case, substituted for "House of Assembly," which Oath the Deputy Returning Officer or Poll Clerk is entitled to administer.

The elector, on receiving the ballot paper shall forthwith proceed into one of the compartments of the Polling Station and there mark his Ballot paper, making a cross with a pencil on any part of the Ballot paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such Ballot paper so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer who shall, without unfolding it, ascertian by examining his initials and the number upon the counterfoil that it is the same that he furnished to the Elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in presence of the Elector, place the Ballot paper in the Ballot Box.

We herewith present our readers with a fac-simile of the Ballot to be used in Northumberland.

Election for the Electoral District of Northumberland, 1878.

MITCHELL.

Peter Mitchell, City of Mon-

treal, Gentleman.

SNOWBALL.

Jabez Bunting Snowball,

Chatham, Merchant.

The cross within the space occupied by Mr. Snowball's name indicates that the Vote has marked his ballot for that gentleman. Any voter desiring to vote for Mr. Mitchell will, of course, not make the cross in the space in which it is shown above. Should the voter be unable to read, or from any other cause be unable to understand, how to mark the Ballot, the Deputy Returning Officer and the representatives, who have previously been sworn to secrecy, will retire with the voter, who will then be privately asked for whom he wishes to vote, and the Deputy Returning Officer will mark, in the presence of the representatives, the Ballot as designated by the Voter. The voter on returning to the outer room, will present his Ballot to the presiding officer who will tear off and destroy the counterfoil and place the Ballot in the box.

Our friends who know voters who may not be able to proposely understand the

cer who will tear off and destroy the counterfoil and place the Ballot in the box.

Our friends who know voters who may not be able to properly understand the marking of the Ballot might cut the above out and use it for the purpose of instructing such Voters. That would render the assistance of the officers unnecessary.

SECRECY TO BE KEPT UNDER PENALTIES.

No elector shall be allowed to take his Ballot paper out of the Polling Station, or (except in cases of persons who through incapacity must be assisted as above in making the Ballot) to show it when marked to any person so as to allow the name of the candidate for whom he votes to be known, under a penalty of two hundred dollars; and no person shall directly or indirectly induce, or endeavor to induce any voter to show his Ballot paper after he has marked it, under a penalty of two hundred dollars for so doing and for each case of such offence.

COUNTING THE BALLOTS.

for so doing and for each case of such offence.

COUNTING THE BALLOTS.

Immediately on the close of the Poll the Deputy Returning Officer shall, in the presence offthe Poll Clerk and the Candidates or their Agents, and, at least, three Electors, open the Ballot Box and proceed to count the Votes given for each Candidate. In deing so he shall reject all Ballot papers which have not been supplied by the Deputy Returning Officer, all those by which votes have been given for more Candidates than are to be elected and all those upon which there is any writing or mark by which the Voter could be identified.

The good Ballot papers, being counted, a proper list shall be made of the number of votes given to each Candidate and the good and rejected Ballots made up in separate packets, endorsed and replaced in the Ballot Box, which shall be locked, to be sent to the Returning Officer. Each Candidate or his Agent may obtain from the Deputy Returning Officers certificates of the voting at each Polling Station.

ORDER ABOUT THE POLL.

Stringent provisions are made for the maintenance of order at and in the vicinity of the Poll.

Bar rooms and Tayerns are to be closed on Polling day.

Ne Candidate is allowed to pay for conveying voters to the Poll, and no Agent or other person is allowed to pay for such service. This does not, however, debar neighbors and friends from assisting each other in getting to the Poll.

The above embraces the leading features of the Law which are of interest to voters. Should any of our readers desire information on any other matter in reference thereto we shall be glad to furnish it, so far as the Act itself informs us. informs us. GEORGE CASSADY,

WOOD CUTTERS SMALL & FISHER. WOODSTOCK, N. B

TO THE

FARMERS OF MIRAMICHI. We have been Manufacturing IRON FRAME MOWERS BEST MOWER

comming greater excellence of mechanical simplicity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant.—In construction they are similar to the celebrated Walter A. Wood's Iron Frame Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were manufactured and sold last season, by the Wood Company of United States. We have over 500 of our manufacture now in use, every one of which (no exceptions) stands as a monument of the grand and unprecedented success of home manufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask information of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquestionable superiority over any other mower to be had in our market.

The facility of procuring all parts or pieces within a nominal length of time must show beyond the shadow of a doubt the claims such an enterprise has upon the farmers of the Maritime Procinces.

For the coming harvest of 1877 we will manufacture LARGELY in excess of our numbers of last season, and trust that our grow-ing enterprise may find such inducements held out to it as will be commensurate with its merits.

Let it be remembered we have no hesitation at all times, in entering into a friendly competition in the field with any other machine in our market. WEGUARANTEE OUR MOWERS TO BE INFERIOR TO NONE. Farmers would do well to enquire prices and terms before purchasing elsewhere.
