LINES CLASH OVER WINTER PORT BERTHS

The harbor board met at City Hall at four o'clock yesterday and dealt with matters of routine.

The board at yesterday's meeting opened the tenders for piling No. 1 wharf at Sand Point to prevent it sliding out into the harbor. The tender of G. S. Mayes was the only one received and the matter was laid over to be taken up at a special meeting.

The same was done with the matter of berth alterations for the winter port business. The Allan Line made application for berths 1 and 2. The Canadian Pacific Railway applied for the berths used before by their steamers, berths 1, 2 and 3.

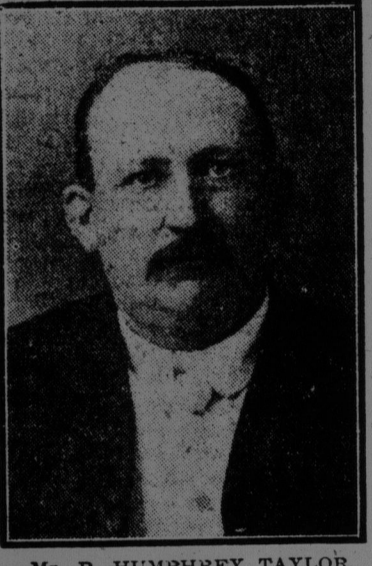

The contract for placing a gravel roof upon the warehouse used by the Dominion Atlantic Railway was awarded Magee and Co., whose tender was the lowest. G. H. Hamilton also tendered.

A claim of \$100 against the city by Francis Kerr was cancelled by a contra account.

The request of the provincial government that the frostproof warehouse next the D. A. R. warehouse, which had been originally built for the apple export trade, be used in the Cuban potato trade was favorably considered. The board decided that the warehouse in question should be given for the purpose mentioned from the present time until May 1, and that no rental be charged. The city, however, will not make any repairs to the interior of the warehouse.

The application of George Dick for lease of the Queen wharf at an annual rental of \$200 was refused on the recommendation of the City Engineer, who estimated that it would cost \$200 to put the wharf in a state of repair.

The report of F. E. DeMille to the effect that he had seen several scows loaded with mud dredged below Sand Point dumped near the breakwater was heard. The board decided to call the attention of Engineer Scammell to the matter.

Mr. P. HUMPHREY TAYLOR, Carleton County, winner of Second Grand Prize (\$750 Player Piano).

SERIOUS FIRE IN A MONCTON MILL

MONCTON, N. B., Aug. 31.—A bad fire occurred this afternoon in the picker room at Humphrey's Woolen Mills. The flames at one stage assumed threatening proportions and it was feared the whole works would be destroyed. By strenuous fighting and on the part of a bucket brigade from the mills assisted by men from Lockhart's mills and builders from the woodworking factory, Sunny Isle, and the Moncton fire brigade the fire was confined to the picker building. But for the iron roof of the building the flames would undoubtedly have communicated to other buildings. The damage was confined to the interior of the building and the large picker machine with some three thousand pounds of wool worth about seven or eight hundred dollars was burned. Work in this building will be suspended for about a week in order to effect repairs. Damage to building and machinery, loss of wool, etc., will probably amount to three or four thousand dollars.

The Other Winners

The announcement of the three other winners of the grand prizes was received with approval and congratulation. Mr. Humphrey Taylor was awarded the handsome Gerhardt-Holtzman Player Piano which has excited so much interest in the window of the W. H. Johnson Company, Ltd., 7 Market Square. Mr. Taylor has been one of the leading competitors throughout the contest and has done splendid work. His vote, 5,426,540, was close up to that of the winner and practically all of the business he turned in was secured by hard work in his own district, Hartland, Carleton County, where he does an extensive general merchandise business. He wanted the automobile, of course, but the Sun knows he will be more than pleased with the magnificent prize he has won.

Mr. W. W. Steeves of Petticoe, the \$400 Holtzman Piano, was also close to the leader. Mr. Steeves put up a most energetic campaign, and was the favorite of the Carleton County people.

LATE CHIEF JUSTICE OF CANADA DEAD

OTTAWA, Aug. 31.—Hon. Sir Samuel Henry Strong, ex-chief justice of the Supreme Court of Canada, died tonight after a lingering illness at his residence, Queen street.

He was eighty-four years of age and retired on superannuation from the chief justiceship in November, 1902.

He was a native of Dorsetshire, England, coming to Quebec in 1836, with his father, who was chaplain to the British forces at the Citadel. He studied law in Bytown, now Ottawa, and was called to the bar in 1849. In 1868 he was appointed to the chancery division of the Ontario high court, and in 1871 was appointed to the newly constituted Supreme Court bench of Ottawa.

In the following year he was knighted, and in 1877 he was made a member of the judicial committee of the imperial privy council. He is survived by his widow, Lady Strong.

RED MEATS.

"Red" meats are less liable to contamination than fish or chicken. The latter should not be eaten if there is the least suspicion of odor about them. Beef slightly tainted, though disagreeable, will not produce ptomaine poisoning.

THE SMALLEST JAIL.

The smallest jail in the world is the old prison at Sark, in the Channel Islands. The jail has but two cells.

PAINTER FALLS FROM TOP OF HOTEL

AMHERST, N. S., Aug. 31.—An awful accident, with fatal results, occurred here this afternoon. Isaac Milner and a man of the name of Brown were engaged in painting the Amherst Hotel. Milner was working in the extreme peak of the roof about fifty feet from the ground. He went to move his ladder to reach a new area and while holding the iron crest that adorned the roof with one hand and endeavoring to move the ladder with the other, the iron crest suddenly gave way and Milner fell headlong on the roof, which sloped at an angle of fully forty-five degrees. He could do nothing to save himself and slid down to the gutter of the roof and then was precipitated to the ground, a distance of thirty-five feet. He fell on his head and shoulders, sustaining a fractured skull. He was conveyed to his home in the ambulance, but never recovered consciousness, dying about half an hour afterwards. He is survived by a wife and thirteen children.

The death occurred at the home of his son, Charles T. Logan, this afternoon of Margaret, relict of the late Isaac Logan, Amherst Point, aged 75 years. Deceased had been an invalid for five years. She was a Miss Cahill of Sackville, N. B., a sister of the late Walter Cahill. Her husband died in 1902. Four children survive her—Mrs. Clarence Fugleby, Barronville; Charles T., at home; W. Bliss, of the I. C. R. stores department, Moncton; and Fred, manager of the Hygienic Dairy Company, Vancouver, B. C.

MENTALLY DERANGED, COMMITTS SUICIDE

HARTLAND, N. B., Aug. 31.—Yesterday morning William Brown, aged about fifty-five, left his home at Mount Pleasant, about nine miles from here, and did not return. Toward night a search party was sent out and this morning his dead body was found hanging by the neck to a rope over a cliff. The other end of the rope was fastened to a tree. The case is thought to be one of suicide, as the man had been mentally unbalanced for some time and was only recently released from the Provincial Hospital, Corner Currie was notified by telephone and permission was given for the removal of the body to the house about half a mile distant.

Mr. Brown leaves a wife, the daughter of Amasa Shaw of Upper Brighton. He owned a good farm and was fairly well to do. Recently he was negotiating for the sale of his property to a young man lately arrived from the West, the deal as practically concluded, but he had begun to repent of the bargain he had made and it is supposed this further aggravated his mental condition. The funeral will be held tomorrow.

This evening Dr. Curtis decided that an inquest was unnecessary as it was a clear case of suicide, the unfortunate being in a state of mental derangement at the time.

FREE UNTIL CURED

No man need be weak, no man need suffer from the loss of that vitality which makes life worth living. He can be made strong, magnetic, forceful and light-hearted, confident of his power both in business and society, free from spells of dependency, nervousness, lassitude and brain wanderings. I have a certain cure for Nervous Debility, Varicose Veins, Rheumatism, Lame Back, Stomach, Liver and Kidney complaints, in my world-famous Dr. Sanden Electric Belt with Electric Suspensory, and I will give it absolutely free until a cure is effected. How can I do this? For two reasons. I have the certain knowledge that my Belt will cure, and I have confidence enough in mankind to wait for my money until I prove it. This is what every doctor should do, but I am the only one who has a remedy that will stand such a crucial test. For 40 years I have been curing thousands every year, and have made a tremendous success doing business on this basis. NOT ONE PENNY IN ADVANCE OR ON DEPOSIT, and if I fail it costs you nothing whatever. All I ask is that you pay me the usual price of the Belt when cured. I will leave you to be the judge, and will take your word for results, or for cash I give full wholesale discount. Forty years' continuous success has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it. Call or send for one today also my two illustrated books giving full information free, sealed, by mail.
