BEAUTIFUL WOMEN IN THE MEXICAN NEWS

AT TOP, LEFT TO RIGHT, MRS. WILSON, SENORAS DIAZ AND DE LA BARRA; AT BOTTOM, SENORA CREEL.

The Mexican insurrection means much to the women of that republic—such as it does to their husbands, fathers and brothers. If the insurrection win it means the retirement of the present ruling class down there.
 Senora Diaz, the stately young wife of the 31 year old Mexican dictator, who is regarded by the people of Mexico as a queen, will have to leave the presidential palace in Mexico City. As she is a very ambitious woman, politically and socially, she dreads the approach of the revolutionists as much as her husband.
 Mrs. Henry Lane Wilson because of her husband's position as United States ambassador to Mexico, is keenly interested in news from the border line.

BUSINESS-LIKE ADMINISTRATION

How Public Money is Absolutely Safeguarded Through Thorough System of Accounting Employed by Prov. Gov't

Fredericton, Mar. 15.—Occasionally the provincial secretary in a public address will refer in a casual way, to the improved methods of bookkeeping installed in the several departments of the administration of the province, but few, if any, people have any idea of the very thorough system of accounting for every detail of the administration that now prevails, and the absolute check that is maintained upon every official who has to do with receiving or accounting for the people's money.
 Without rehearsing here the looseness and lack of system under the old administration, a brief description of methods now prevailing will not be without interest to the people of the province.
 In the Crown Lands.
 Take the Crown land department first, for from that department comes nearly one-half of the entire revenues of the province, to any and every person paying money into the department the deputy surveyor general must give a receipt, which receipt is countersigned by the receiver general. That receipt, moreover, is in duplicate, and one copy must be sent to the receiver general's office.
 Every day the Surveyor General must hand over to the Receiver General all money received, whether it be \$5 or \$50,000; but the Receiver General will not take such money unless accompanied by the duplicates of the receipts which have been given out during the day. The Receiver General makes a detailed audit of the books and vouchers of every department, receiving money, and requires that all shall be turned over to him before the day's transactions are closed up.
 The books in the Crown Land Department showing the transactions with the sealers, with firms paying stampage, with mining and fishing leases, and every receiving detail are models of conciseness, accuracy and information.
 The Same in All Departments.
 What is true of the Crown Land Department is also true of the Provincial Secretary's office, of the Provincial Hospital accounting at St. John, and of every department having anything to do with the finances.
 It should be borne in mind in this connection, that none of these departments pay out one cent of the provincial money. Everything goes to

Canada's Prosperity Dates From Sound Fiscal Policy—Reciprocity Debate Continued in Ontario House.

Toronto, Mar. 15.—Reciprocity again engaged the attention of the legislature today at the afternoon and evening sessions and good progress was made with the debate. The speakers were Messrs. Mackay, North Oxford; Kohler and Clarke, Northumberland, on the opposition side; Messrs. Wainwright, Jamieson and Fraser on the government side and Mr. Studholme, the labor member.
 W. S. Brewster, South Brant, said that Brantford was satisfied to leave well enough alone. The city was growing and prospering, the same applied to every other city in Canada. American manufacturers had to invest their money in Canada. The reason for the prosperity of the country was the sound fiscal policy framed by Sir John A. Macdonald.
 The men who made the treaty did not know the true position of the industries included in the treaty. It was a jug handled arrangement. "I see in this treaty what will tend to wreck Confederation," said Mr. Brewster.
 The Americans wanted to come into Canada, at the rate of 12 to 1, to get in on the ground floor of the Canadian markets and products.
 J. Kooper, Hamilton, spoke particularly of the cattle business and told of the high duties imposed. If these were removed Canadians would have a better chance to sell their cattle in American markets.
 D. Jamieson, South Grey, speaking of the ultimate result of the treaty, said the United States would be able to monopolize the markets and freeze out Canadians. Under the new arrangement the salt industry of the province would be wiped out entirely.

THE COMMITTEES OF THE HOUSE ARE BUSY

Public Accounts, Agriculture and Corporations Committees Were at Work Yesterday Morning.

Fredericton, Mar. 16.—This morning's meeting of the public accounts committee was taken up very largely with the consideration of the collection of the stampage by the Crown land department on small lumber. Mr. Robinson the leader of the Opposition, who is a member of the committee this year, asked for information about the collection of stampage on small lumber.
 The auditor general and Deputy Surveyor General Loggie was called, but said the matter came under the supervision of W. H. Berry, the superintendent of sealers. As Mr. Berry is not in the city at present the further consideration of the matter had to be postponed until he could be present.
 A number of pages of the auditor general's report were formally passed to meet again tomorrow.
 The agricultural committee met this morning. Mr. Dickson in the chair.
 The matter of commercial fertilizer was first taken up for discussion. Mr. Hubbard reviewed the steps taken by the department with respect to this. He said that some encouragement had been given to a Scotch manufacturer of fertilizers and he had applied considerable quantities to farmers and dealers at a saving of \$2 to \$4 per ton. He said that the products were sold at a price which was a matter of regret to him. Mr. Legere (Westmorland) said that as a provincial dealer in fertilizers he did not think it possible to effect a material reduction in the price at which it was sold to the consumer. Secretary for Agriculture Hubbard gave an address on short horn beef cattle. He said that by request of a number of farmers and agricultural societies, the department had appointed George E. Fisher, Chatham, to purchase a number of Ayrshire cattle in Ontario. The department had decided to hold provincial sales of live stock in order to assist breeders. The expense of these sales would be borne by the government.
 Mr. Legere (Westmorland) expressed approval of the idea.
 Hon. Dr. Landry said it was proved successful several would be held annually.
 Hon. Mr. Lablows said he was pleased with the progressiveness of the department and heartily approved the idea of provincial stock sales.
 Mr. Dickson said that agricultural education in rural schools would be discussed at the next meeting.
 Mr. Slipp said that although not a member of the committee he was keenly interested in the work it was doing.
 The committee on corporations met this morning. Mr. Slipp in the chair and agreed to a bill to incorporate the Leonard Electric Company.
 Also a bill to amend the act incorporating the Carleton County Hospital.
 The bill to amend the act incorporating the Tabernacle Boom Company was stood over until Tuesday next.

Sheffield Choir Sale Opens.

The seat sale to subscribers only, opens tomorrow at 9 a. m. at the Opera House. For the accommodation of subscribers there will be two ticket-selling stands—one for the matinee concert and the other for the evening concert. Lady Norah Noel, one of the soprano soloists with this remarkable organization, is a daughter of the Earl of Gainsborough, and her brother, Viscount Hampden is also in the choir. Viewed from whatever standpoint the visit here of the Sheffield choir will be the most remarkable musical event in the history of the Maritime Provinces, and in addition will spread the name of St. John all over the world.

General Otter in City.

Among the arrivals on the Boston Express last night was Major General Otter, C. B. L., Inspector General of the Canadian Militia forces. He was accompanied by his staff officer, Lt. Col. E. H. T. Howard and Capt. Peters of the 2nd Regiment. General Otter was met at the train by Col. Humphrey, D. O. C. Today he will make a tour of inspection and will leave for Halifax tomorrow on the Atlantic Express. This is his first visit to St. John as Inspector General.
