

Doctors Condemn Oily Liniments

The Public Are Warned to be Careful of These Strong-Smelling Oily Liniments Containing Harmful Acids Ammonia, Etc.

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know.

Recently a number of these white, oily liniments were analyzed, and were found to contain an enormously high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.

When asked his opinion a few days ago, Dr. Roberts stated that he considered a strong, penetrating, pain-removing liniment, such as "Nerviline" to be superior to any of the white ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica and lumbago that simply would not respond to ordinary treatment—but Nerviline cured them. The same physician also spoke of the great advantages of keeping a preparation like Nerviline in the house, always, because of cramps, diarrhoea, stomach disorders, earache, toothache, and such minor ailments. Nerviline is a first-class cure. There is scarcely an ache or a pain, internal or external, that Nerviline won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that Nerviline is the liniment for the home.

Any good druggist or dealer can supply the large 25c. bottles of Nerviline.

McNulty Dead.

Word was received yesterday of the death of Patrick J. McNulty, a veteran oarsman, who died yesterday in the Boston City Hospital.

He first achieved fame when he rowed in the New Brunswick crew against New York in the international four-oared match races on the Charles River, Boston, about 1885. When the days of rowing fame ended he went into the boat renting business on the Charles River, the scene of his early successes and was in this business until his last illness. He was 73 years old and internationally prominent as an oarsman. He was born in Ireland, but lived a great deal of his life in St. John.

He rowed many single scull races in and about St. John but was not a successful oarsman. One of his opponents was Leavitt, of Halifax, and the race took place on the Kennebecasis. Against Nickerson, of Halifax, and Jack Harding, he rowed in the harbor. He also took part in a regatta in the harbor when Wallace Ross and Alex. Bayley were among the competitors. For many years Mr. McNulty lived on the Long Wharf, North End, and he was well known figure in that neighborhood.

This has not happened before in many years. Crew work started in full swing with seven combinations of varsity candidates and three freshman eights. The first varsity combination contained the following veterans: Elliott, Bates, Lum, Kruse, Wakeley, Distler, Ferguson and Bowen

ATHLETICS

HOLMER TO LIVE IN LONDON

Hans Holmer, the long distance runner has decided to make London his home in the future.

From Sweden to America, from America to Canada, from the ranks of the R. C. R. school in Quebec to the R. C. R. in Halifax, from Halifax to Toronto, Toronto to New York and from New York to London, he has covered the world almost as quickly as he could run. It is remarkable that his first races were run on snowshoes. As a member of the R. C. R. Snowshoe Club in Quebec he won a number of races, subsequently going to Halifax, when the drafts were made for the R. C. R. there. Here Hans doffed the snowshoes and took up foot racing, making a name for himself as a distance runner and now he has finally landed in England. Evidently his Powderhall victory has impressed him in favor of the foot race. According to the Toronto Star, it will no longer be Hans Holmer, of Halifax (or Quebec) when the great professional distance runner signs his name. Holmer, according to the latest reports from the other side of the Atlantic has decided to locate permanently in London. Holmer, they say, is prospering great in England and likes the life over there so well that he will not return to this country except on a visit. Holmer will carry the Union Jack on his many bosom in all his future races.

OLYMPIC GAMES IN SWEDEN.

New York, N. Y., Feb. 18.—The receipt here of a notice from the Swedish Olympic games committee, to the effect that entries for this year's Olympic will close in Stockholm on June 6, has caused some uneasy movement for the American committee. This will make it necessary for the entry blanks to leave New York about May 29, in spite of the fact that the official tryouts do not take place until the first week in July.

TENNIS 'BRUTAL'

Chicago, Feb. 19.—Tennis basketball and track athletics are "brutal," according to Dr. Dudley B. Reed, medical examiner of the University of Chicago, who declares that these sports rank ahead of football as destroyers of health. The midway authority gives the gridiron game practically a clean bill, while "panning" other pastimes.

KETCHEL DYING.

Chicago, Feb. 19.—Joe Ketchel, a Chicago pugilist, is reported to be dying as a result of a boxing exhibition with "Billy" Walters at the Naval Training Station in North Chicago, a suburb. Ketchel collapsed in the fifth round of the contest, and physicians say he cannot live. He is suffering from hemorrhages of the brain, and his right side is paralyzed. An investigation was opened today.

BOWLING

Bowling Club Tonight.

There was great interest in the Black's alleys last night as it was the night for the St. John Bowling club and the members turned out in large numbers. Ten teams entered in the contest of two men to a team. The names were all numbered and placed in an envelope. Then the numbers were shuffled up and as they were drawn the teams paired off according to the numbers drawn and at the finish the ones with the highest score won the prizes. Two strings of candles and two of Boston pins were rolled and the winners were as follows: The first prizes were for pipe holders and were captured by T. L. Wilson with a score of 414, and H. Jackson with 331, making a total of 745. Den pictures were the second prizes and were won by J. Hurley with 363 M. Hurley with 387 making a total of 750.

BASE BALL

STALWARTS IN BATTING.

No two players on any one team have added so much offensive strength as have Cobb and Crawford to the Tigers. In fact, their batting averages for the season can be largely attributed to this pair. Their progress as batters has been responsible for innumerable victories which the Tigers have scored, which with two players of less staying ability would undoubtedly have been defeats.

Though Crawford is no longer a youngster, he played the best ball of his career last season, and he is expected to again show a capable runner. Cobb's batting average of .420 last season was the marvel of baseball, for while other players have made higher averages, they made them before the foul ball rule, which is conceded to be a great handicap to the batter was in vogue.

It is believed by many that Cobb has not yet reached the zenith of his brilliant career, and that the next season will find him setting new records.

Wolverton includes twelve pitchers, five catchers, seven outfielders and eleven infielders in his list, in addition to a trainer. Here is the official list of Highlanders, old and new: Pitchers—Ford, Caldwell, Fisher, McConnell, Quinn, Vaughn, Warhop, Hoff, Upham, Clark, Martin and Shears.

BELL TO NEWARK.

New York, N. Y., Feb. 19.—The Newark international league club announced the purchase of pitcher George Bell and third baseman Enoch Kirkpatrick from the Toronto club. Both of these men were sent to Toronto by Brooklyn last season though neither one appeared in a game. Bell, who has been in the major leagues since 1904 and received permission to return to his home in Academy Corners, Pa. George then went to Bonsetter Reese in Youngstown, and the leg improved.

NEW MEXICO AFTER A BOUT.

Dubuque, N. M., Feb. 19.—Jack Curley, manager of Jim Flynn and promoter of the Johnson-Flynn fight, conferred with local business men relative to staging the contest in New Mexico. No decision was reached.

FISTIC FACTS

BY TOM ANDREWS.

BOMBARDIER WELLS.

So Carl Morris is to have three trials and then vie with Jim Flynn for a crack at Jack Johnson and the world's heavyweight title.

And the three men selected to meet the Oklahoma hope are Tony Ross, Tom Kennedy and Bombardier Wells. Carl may get away with Kennedy and Ross, but he will have a awful job beating the English champion. Wells in a 10 round bout, and he may also back into a hard nut in Ross.

The Newcastle Italian is a tough customer for all the heavyweights except Sam Langford, who put Tony to sleep in six rounds, which Jack Johnson, Joe Jeannette, Jack Twin Sullivan, and others could not do.

As for Bombardier Wells if he fights as he did when I saw him in London last March he will make a sucker out of Morris. Some of the stories about Wells have been funny. The statement is that he is a burly Englishman with a little science but a good punch and a good head. However, he has over 6 feet 3 inches, weighing about 185, with exceptional reach and a left that even Johnson might find hard to evade.

Wells is fast on his feet and has extreme cleverness, but he is always careful to guard his stomach which seems his weak spot. Morris has shown gameness only so far. He has displayed little knowledge of the ring, but he has been an apt pupil and with continued experience is bound to learn something. If Morris can clear Ross and Kennedy out of the way, he will earn the right to fight the Bombardier and the winner of that battle would have every right to meet Jim Flynn, before the latter fights Jack Johnson.

Talking about white hopes, why doesn't Jack Johnson accept Tom O'Rourke's offer to bet \$5,000 that Al Palmer can defeat Jim Flynn in a 10 round contest?

Willie Ritchie can thank Ad Wolgast and Paeky McFarland for advancing to the top at two bounds. Willie filled in with Freddy Welsh when Wolgast was unable to keep his engagement. Again, he substituted when Paeky McFarland refused to go on with young Erne, the result being another hit for the California boy. Now he is almost as big a card as Paeky and is picked as a coming champion.

Young Loughrey has decided to quit the ring, he says, but may change his mind after a rest. Loughrey went the pace and has taken the count twice of late.

Judging from the conflicting reports of fights in New York it might be a good idea for the commission to give out a list of responsible sport writers and let them attach their names to stories sent broadcast.

HOCKEY AMONG POSTS.

Windsor paper.—Yarmouth treated St. John to a defeat in hockey on Monday night, score 6 to 4. The St. John team recently walked over Yarmouth in the St. John rink. This will give the New Brunswickers an idea of the game of post dodging. When Windsor has defeated Yarmouth here by a score of 10 to 1, in the return game in Yarmouth, the westerners would trim our boys by 5 or 6 goals. If Yarmouth would build an up-to-date rink, free from any obstruction on the ice space, there will be little trouble in arranging games with them, but the drawback of those posts seem to frighten us all.

SKATING

INGRAHAM TOURING.

Messrs. Belyea, Coleman and Bell three of the skaters who have been to Boston participating in the international skating championship races at the Arena last week, returned home yesterday and although they did not qualify in any of the events they all made good showing, and made the winners go some to get places. The skaters report that they had a delightful visit to the Hub and that probably the reason that they did not make a better showing than they did, was that they were unaccustomed to the style of the rink.

Elmer Ingraham, the skater who also participated in the races, did not return home with the others, having been chosen to make the tour with other skaters to New York, Cleveland and Saranac Lake. He will return home the last of the week.

AT SARANAC LAKE.

Saranac Lake, N.Y., Feb. 19.—Warm weather and melting ice marked the first day's races of the international amateur outdoor skating championships today. Although the races were close the times were slow. Cooler weather toward the close of the day made the prospects for tomorrow's races better.

R. O. McLean, the boy skater of the Illinois A. C. of Chicago, was the star of today's events. He won the mile race and led most of the way in the two mile event, but fell in the 16th lap and R. W. Wheeler, of Montreal, won easily.

In the 220 yard race, O. B. Bush, the one armed skater of the Vancouver A. C., made an excellent showing in the preliminaries, but in the final he did not hear the gun and was left at the scratch. Lot Ros, of the Eaton A. A., Toronto, winning.

TOM LONGBOAT HERE.

Tom Longboat, the long distance runner, passed through the city yesterday afternoon en route to Toronto on his return from England. Longboat proved a very willing talker and when asked about his trip to the Old Country, he said that he did not think very much of the English runners, but while abroad he had a very fine time. He said that as far as the report that he was to race (ameron) the Amherst man in the spring, there was no truth in it, for as far as he was concerned, he had not been approached on the matter. Longboat says that he expects to race Queal and Abbie Wood soon. Longboat left on the Pacific express for Montreal.

PRIEST ENCOURAGES BOXING.

The Rev. Peter E. Reilly, pastor of St. Henry's Roman Catholic Church, Bayonne, is an advocate of boxing and is encouraging it among members of the lycium which he originated. Sunday baseball games also are approved by the priest, and he has had a part of the church grounds set apart for a diamond for use of the lycium team on Sundays during next summer.

CUP DEFENDER JUNK.

Boston yachtmen will be sorry to hear the old cup defender Galathea, owned by Lieutenant Henn of the English navy, which was defeated by the American yacht Mayflower, in 1886, was recently sold for junk at Southampton, England. She weighed 60 tons. Lieutenant Henn sailed her across the Atlantic and was accompanied on the trip by his wife.

A WEAK, ACHING BACK CAUSED HER MUCH MISERY

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles. Mrs. W. R. Hodge, Fielding, Sask., writes:—"A few lines highly recommending Doan's Kidney Pills. For this last year I have been troubled very much with nasty sick headaches, and a weak, aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at night. I tried many kinds of pills and medicines but it seemed almost in vain. I began to give up in despair of ever being well and strong again, when a kind neighbor advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them, for now I am never in trouble with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine, and can highly recommend them to any sufferers."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."
