

WHY SHOULD NOT OLD PEOPLE RETAIN THEIR YOUTHFUL VIGOR?

No Reason Why Men and Women of Sixty, Seventy and Eighty Should Not be Well--The Secret of Happy Old Age.

"Fruit-a-tives," The Famous Medicine Made of Fresh Fruit Juices, Again Proves its Great Value in Curing Kidney Trouble.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debility, tell in the long run. To such people "Fruit-a-tives" has proved one of the wonders of the age--and the most remarkable discovery of the century in modern medical science. This fruit medicine has performed hundreds of cures where the sufferer had been told that the case was incurable.

Take, for instance, Mr. Geo. W. Barkley, a prosperous farmer and one of the leading citizens of Dundas County, Ontario.

At seventy-six, he is the picture of health--with the vigorous actions and the sprightly step of a man of fifty.

Yet for twenty years, he suffered with Kidney Trouble. He took "Fruit-a-tives" and it cured him.

Chesterville, Ont., Jan. 25th, 1911.

Nearly a year ago, I tried "Fruit-a-tives." I have been using them all the time since and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible."

Geo. W. BARKLEY.

Schoolgirl's Exhausted Nerves
Headache, Dizzy Spells and Weakness Overcome by Dr. Chase's Nerve Food.

Miss Gallop.
At about the age that most girls are working hardest at school studying for examinations there are important physiological changes taking place which are an additional strain on the nervous system.

Mrs. J. A. Gallop, 135 Victoria street, St. John, N.B., whose husband is a carpenter, states:--"We have used Dr. Chase's Nerve Food in our family for nervous headaches, dizziness and nervous dyspepsia, and have found them satisfactory in every particular. My daughter Emma was going to school, and became quite run down in health. By the time she had used three boxes of this remedy her nerves were steady, her general health was excellent, she was entirely free from headaches and dizzy spells. We are more than pleased with the result of this treatment."

"More recently we used the Nerve Food for my granddaughter, who was out of school for nearly a year from nervous trouble, and noticed improvement in her condition at once."

To Prevent Christmas Giving.
New York, Nov. 15--Mrs. August Belmont, Miss Anne Morgan and other prominent New York women, are among the founders of a new organization, "The Society for the Prevention of Useless Giving." The society will do its utmost to abolish the "exchange" system of Christmas giving, among those who can ill afford it. "Instead of being a season of true and simple pleasure making," said Mrs. Belmont, "Christmas has come to be a serious burden to thousands of working girls. The Christmas giving custom may have originated in the mind of some kind person, but it results in trouble and hurt feelings."

ANAEMIC GIRLS SEEM EVERYWHERE

Nine Out of Every Ten Show Symptoms of this Serious Trouble.

So steadily does anaemia undermine the health of young, growing girls and young women that it is rightly regarded as one of the greatest enemies of her sex. Nine women out of ten are bloodless, more or less, and in many cases neglect has allowed anaemia to develop into hopeless decline. There is a security and new strength for weak, tired girls and women in Dr. Williams' Pink Pills for Pale People. They actually make the new, good blood of health that banishes the "always tired" weakness and the continual headaches of anaemia. They drive away headaches, the low spirits, the palpitation of the overworked heart and the fits of nervousness that mark the women whose weak blood is unable to nourish their wasting frames. Dr. Williams' Pink Pills have given health to unhappy anaemics in cases too numerous to record. Here is one example, Miss Hattie B. White, Whitehall, Ont., says:--"Some two years ago I became very much run down. I consulted a doctor who told me that it was a bad case of anaemia and nervousness. I had most of the symptoms that accompany this trouble, such as headaches, a tired feeling, poor appetite, and pallor. The doctor's medicine did not seem to help me and then I began changing from one medicine to another, but with no better results. Finally, at the suggestion of my mother I decided to try Dr. Williams' Pink Pills. I got two boxes and by the time I had taken them I began to feel better. This cheered me very much, and I continued using the Pills until I had taken nine or ten boxes. When I was again enjoying the very best of health, and had gained as much weight as I had lost, I wrote my mother to let her know. In my case that Dr. Williams' Pink Pills are a cure for anaemia, and can recommend them to similar sufferers."

Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.
