The secretary states: "It is just one month since we published the last list of boxes received and since that time twenty-nine boxes or parcels have reached us. Each week a shipment is made, and it has been our privilege to forward to Halifax a splendid lot of supplies, the result of the work of the various branches throughout the province and others interested in the Red Cross. Not long ago Lady Tilley received from Col. Hodgkiss a letter in which he expressed his appreciation of the work being done, adding 'when once the Canadians get into the trenches great demands will be made upon us.' Now that our own soldiers are in the trenches we feel it is more necessary than ever to keep up the steady stream of Red Cross supplies, and we can assure all those who are working with such interest in this, the greatest cause in humanity, that all they do is appreciated, and forwarded promptly to Col. Hodgkiss, who in his capacity as commissioner for the Canadian Red Cross Society in England, sees that the things are distributed to the best advantage for all concerned."

"The box received from the Calgary News Telegram Publishing Co., consisted of comforts contributed by the people in Calgary for the soldiers in the field. It was at once forwarded to Halifax and will no doubt soon be on its way to England, and its contents distributed as desired among the soldiers in the trenches. Contributions which come to us marked for the soldiers in the field, are forwarded as 'field comforts' as quickly as possible, and no doubt reach in a short time those for whom they are intended."

"Of course we must remember that warm clothing and necessary comforts are needed when the wounded men are being taken from the battlefield or from one hospital to another, so that everything sent is most welcome for either purpose. The Red Cross branches, other organizations and individuals who are interested in this work, are certainly to be congratulated upon the results of their efforts."

"MRS. DOT"

Well Earned Tribute to Mrs. M. B. Edwards.

Saturday's matinee, the last performance of that sparkling comedy, "Mrs. Dot" was well attended despite the change in the weather, and compared very favorably with the two previous productions.

At the end of the second act, the entire cast appeared on the stage, rather forcibly bearing Mrs. Edwards in their midst, who was presented by them with a huge bouquet of roses in appreciation of her untiring efforts to make the production of "Mrs. Dot" a success. Mr. F. C. Macneil in a few well chosen words endeavored to convey to the audience some idea of just how much Mrs. Edwards has really done in the past two months to make the presentation of the play possible. He regretted the fact that Mrs. Edwards' name had not been mentioned publicly before, and embraced this opportunity of thanking her on behalf of the cast for the perseverance and pluck which had been such an encour-

MODERN ATTITUDE TOWARDS CHRISTIANITY

Rev. Mr. Haughton says we are living in age of indifference towards best things.

"Jesus in Modern Life; what shall we do with Christ?" was the theme last night of an eloquent sermon in the Congregational church by Rev. Ralph J. Haughton, who took as his text Matthew 27, xxi. He said in part: "You will remember that Christ once said, 'He that is not with Me is against Me.' The saying meant then what it can only mean today, that men are judged by their personal attitude towards Christ. Christ does not recognize the attitude of neutrality in religion. Hugh Black once said that the neutrality that is so commonly affected is merely another name for indifference. We seem to be living in an age of great indifference towards the best things. I mean the Christian faith, the Christian church and those spiritual truths for which the Christian religion stands. There is plenty of ardour for all the things that have an earthly basis, for money and pleasure, but in the region of religious belief how much indifference we find."

"What would the British government think of the man today who would not spring to the defence of the country? No neutrality would do. Not to be for the country would be against it. It would be a virtual alliance with the foe. No man today in the British Empire can be neutral without being a traitor to his country. It is just as true that no man can be neutral and be for Jesus Christ. We have only two things we can do with Christ; we must either put Him on His cross, or crown Him. We cannot be neutral in the presence of Christ."

agement to every one. Nothing was too much trouble, no obstacle too great to overcome. "I can assure you," said Mr. Macneil, "I was not the players who made this play a success, but the one who stood at the helm, attentive to every detail, sympathetic, optimistic, determined—and that was Mrs. Edwards."

Why Drag Through Life Wearing Worthless Trusses?

90% of the Suffering and Trouble
Ruptured People Go Through is
Caused by Spring and Leg-
Strap Trusses

Are you sick and tired of wearing trusses you can make hold, which can't feel safe in, or which hurt so you can't sleep at night? Don't you know that such contraptions will sooner or later let your rupture get the best of you? Don't you know they are almost sure to cripple you up, so you won't be able to get up at work, without having to make a living? Aren't you afraid they'll gradually let you get so bad that sooner or later you'll have to face a dangerous operation? Aren't you willing to make a sixty-day test—without having to risk a long and see for yourself what a relief it is to get rid of such misery-causing make-shifts?

No More Belts, Leg-Straps or Springs. We have found a way to hold any man's rupture without harmful pressure, without any belts or spring around your waist, without having to wear leg-straps. It is our guaranteed rupture holder. It is as big as an improvement over elastic and spring trusses and so-called "appliances" as the modern locomotive is over the first steam engine ever built.

60 Days Trial to Prove It. We have so much faith in it—have seen what it has done for so many others—that we are willing to money especially for your case and send it to you for sixty days' trial. Willing to give you plenty of time to see for yourself just how good it is.

If it doesn't keep your rupture from coming out or from bothering you in any way, then you can send it back and it won't cost you a single penny. It is the only thing we know of for rupture that you can get on long enough trial to make sure, because the only thing good enough to stand a long and thorough test.

ICE LOSING ITS HOLD IN RIVER AT FREDERICTON

Oromocto now clear—Burton man appointed sub-lieutenant on H.M.S. Cartier at Halifax.

Special to The Standard. Fredericton, April 11.—Heavy rain of Saturday and warmer weather has caused the St. John river ice here to lose a great deal of its strength. The Oromocto river is clear of ice; the ice in the Nashwaak is breaking up. As yet there are no crews on the upper St. John river ready to start driving, although John Kilburn of this city is now away with a small crew making preparations for his season. Mr. Kilburn is expected to arrive home early next week and will arrange to send the crews up river.

The installation of Canon Neales as Dean of Fredericton is to take place at Christ Church Cathedral on Sunday evening, May 9th, according to the announcement by His Lordship Bishop Richardson.

Rev. Canon Neales and family will arrive here soon after Dean Schofield's departure on April 26th, and will take up their residence in the deanery on Brunswick street.

A Gordon Brander, of Burton, has been appointed sub-lieutenant on H. M. C. S. Cartier, which is to pilot various vessels in and out of Halifax harbor. Lieut. Brander who is on the retired list of British naval officers, volunteered his services at the outbreak of war, but owing to his age was prevented from getting an appointment. He will remain at Halifax until the opening of navigation season on the St. Lawrence river, when he is to be stationed at Quebec as a member of an examining board.

Mr. Brander's son, Arthur, is now a lieutenant in the Gloucester Regiment. He was formerly a member of the 12th Battalion, having enlisted with the first draft from the 71st Regiment last August.

The Divisional Ammunition Column held church parade today attending morning service at the Methodist church. Capt. Rev. Dr. Macdonald, chaplain of the Ammunition Column, was the preacher.
