## BILLY SUNDAY SICK

Rochester, Minn., July 10.—Wm. A. Sunday, the evangelist, was operated on for hernia here today. It was announced the operation was successful.

the rapid Czecho-Slovak campaign in Siberia demonstrated the necessity for revision of any plans for a military campaign in that country. In discussing the Czecho-Slovak successes today, the Czecho-Slovak national council here declared that the forces are fighting in Siberia with the sole idea of battling as one of the Allied forces against the Germans, and that their movement would be governed by orders transmitted them through Professor T. G. Malaryk, their leader, who now is in this country. It was explained that while indifferent as to whether they fight on the western front, or on an eastern front, the Czecho-Slovaks feel that they must not be involved in the internal affairs of any country. When they started for Russia from France the Czecho-Slovaks numbered some sixty thousand but these have been augmented by escaped prisoners both from the Austrian and Rumanian armies and the force now is said to number more than 100,000 trained and disciplined men under skilful military leaders.
