Mr G T Whelpley met with a severe accident this afternoon, though the full result of the lojuries are not yet known. He was at J S Neill's hardware store upon business, and stepped behind the counter beside an open trap-door, one of the clerks having gone into the cellar. Mr. Whelpley knew that the door was open, but in turning round stepped into the open trap with his right foot. He fell across the trap, striking the edge upon his right side, but caught himself and was prevented from falling into the cellar. He remained at the store for a short time, but feeling much pain in his right side a coach was summoned and right side a coach was summoned and he was taken home and Dr. McLearn soon arrived. It is not thought that any bones are broken, though the shock of the fall is a severe one.

FREEERICTON, Jan 5-Considerable im-FREERICTON, Jan 5—Considerable improvements have recently been made at the Gibson Methodist church, adding not a little to the conveniences of that edifice. Furnaces have been put in which adequately and easily heat the building, Kitchen and Shea supplying and putting in the heating apparatus.

Quite extensive alterations have been made in the interior arrangements of the church. A new platform has been built for the choir, which is no located back of the minister instead of in the gallery at the opposite end of the church, as formerly.

ister instead of in the gallery at the opposite and of the church, as formerly. A double platform was made, the higher one being enclosed with a brass railing and accommodating the pastor and choir, and the lower platform being surrounded by the communion rail. The gallery formerly occupied by the choir has been isolated for the winter by a removal partition. New sheds for horses have also been built and a high sheltering fence erected. The total cost of the recent improvements was about \$300.

It has been only within the last year that the Gibson church became an independent circuit, and under the pastorate of Rev. Mr. Turner the church has enjoyed a year of progress and substantial prosperity. Kingsley is now a part of the Gibson circuit, and last summer a pretty little church was built there, which is entirely paid for.

The esteem in which the venerable pastor of St Peter's congregation, Stanley, and his family are held was evidenced on Tuesday evening, Dac 27th, by the large concourse of people assembled at the manse with such bountiful stores of good things, and the hearifeit where expressed for a happy and prosperous New Year. A very pleasant evening was spent in social intercourse, music and gamez. Refreshment's were served by the ladies who came well prepared to satisfy the preferances of all. Before leaving for home Miss Ethel Sanson, on behalf of friends, presented Mrs Mullan with a purse of money as a slight token of the love and esteem in which she is held in the community and their apprediction of the services rendered by her in St Peter's Sunday school. Brief addresses were given by Rev J S Mullan and Rev Mr Gregg. Shortly after minight the happy party dispersed, leaving substantial proof of their good will to Kew Mr Mullan and his family.

Judge Vanwart granted an order today commanding Julge Wilson to grant a stay of proceedings in the lien case of Andrew and Thomas Henry vs James R. Kelly to enable the lien holders to appeal from the County court judge's decision in the matter of the question of costs. Judge Wilson refused to grant the application, which was made by the lien holders counsel some days ago and the latter at once applied to Judge Vanwart for an order calling upon the County court judge to show cause why he should not do so. The motion was argued last week, O 8 Crocket supporting the application, which was made by the lien holders counsel some days ago and the latter at once applied to Judge Vanwart for an order calling upon the County court judge to show cause why he should not do so. The body was frozen so stiff an examin-ation was impossible, but the doctor concluded that death was from natural causes and an inquest was unnecessary.

The startlingly sudden death occurred at Keswick Ridge last evening of one of the best known and highly respected citizens of that community in the person of Mr Henry McCullough.

He had been in the woods for some time, but arrived home yesterday and in his usual good health. Within an hour or two after his arrival home he suddenly expired, heart disease being the cause of death. Mrs. McCullough has been visiting friends in Nova Scotis and wrote that she would be home today or tomorrow, and Mr McCullough doubtless came home to meet his wife. He leaves a daughter and two cons, to whom his sudden death is a great shock, as it is to the whole community.
