PUZZLING THE SURGEONS.

Why They Thought the Whistling Was Curious.

A Parisian journal tells of a young Pisanian who had long worn a monocle in his left eye, and who had continued the habit as an officer. He had been wounded, was cured, and had asked to be returned to the front. When he went to be examined, he concealed the monocle, thinking he might be charged with myopia in one eye. When the chief surgeon examined him he said sharply, "Whistle!"

"The soldier whistled like a blackbird."

"That's curious," said the surgeon, and, calling a young assistant, he said again to the soldier, "Whistle!" He whistled again. "That's, curious," said the young assistant.

Another surgeon entered, and the patient was called upon for the third time to whistle.

"Ah," said the surgeon, "that's curious."

"But," expostulated the soldier, "I don't see why there is so much of this. I'm not to serve as a locomotive."

"It is all right," said the chief surgeon. "You may return to the front."

When the soldier arrived at his regiment, he gave to the regimental surgeon the note that had been given him by the examiner. This surgeon said in his turn, "Will you please whistle?" He whistled. "That's curious," said the surgeon.

It seems that when a man wears a monocle it gives to his face the appearance of facial paralysis. The whistling is a test. The facial paralytic cannot whistle.

His Good Fortune.

She—I suppose you know all the best people in town?

He—Yes, but I don't have to associate with them.

PAIN IN THE BACK

Usually Comes from Muscular Rheumatism.

Do not worry about a pain in the back. The worry will do you more harm than the pains. The cause of most backaches is muscular rheumatism, which is painful enough, but not fatal. Lumbago is a form of muscular rheumatism, so is a stiff neck. Sufferers from any form of rheumatism should keep their general health up to the highest standard by the use of a blood-building tonic like Dr. Williams' Pink Pills, while taking good, nourishing food, without too much meat. Proper nutrition and pure blood are the best means of fighting rheumatism. Rheumatism comes from an acid in the blood, build it up, strengthen the system, and drive out the poisonous acid that causes rheumatism. In this way sufferers have found complete recovery as is shown by the following cases: Mrs. Samuel Childhouse, Orillia, Ont., says:—

"About three years ago I was greatly afflicted with a severe pain in the back, which I thought at first was due to kidney trouble. I tried a number of remedies, but they did not help me any, in fact, the pain was growing worse, and got so bad that I was quite unable to do my housework. I could not even sweep a floor. I was advised to try Dr. Williams' Pink Pills, and I am glad I acted upon the advice, for before I had been taking the Pills long the pain began to subside, and under the continued use disappeared entirely, and I have not since been bothered with it in any way. My husband was also cured of a severe attack of indigestion by this same medicine, so that we both have good reason to be grateful for it."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GIVEN AWAY.

The Irishman's Answer Astonished the Colonel.

There used to be a certain stern old colonel stationed at Aldershot who was a great stickler for all the officers being acquainted with the names and genealogies of the various men of their troops. A well-known jovial captain, who was never yet at a loss for a reply to any question asked him, was once put sublimely through his facings.

"Captain Dash," said his superior officer, surveying a posse of young recruits, "what is this man's name, and where does he come from?"

"His name's Brown, sir, and he is a native of Derbyshire," remarked the calm captain, prepared for any amount of fabrication, but in reality not knowing one single point upon which he was likely to be questioned.

"And this man—what is his name, and where was he born?" was the next inquiry.

"Oh, his name's Smith, and he's a native of Devon," answered the plunging captain, as coolly as though he were telling the truth.

"Of Devon," repeated the colonel. "Dear me!—my own native place. So, my man—addressing the grinning recruit—"you are actually from Devon?"

"Fain, yis, yer honor; and truth it's a grand place intirely, so it is!" was the reply.

The colonel felt back, very much astonished, and Captain Dash had to see him later on in private.

TURN OVER TIME

When Nature Hints About the Food.

When there's no relish to food and all that one doesn't seem to do any good is the time to make a turn-over in the diet, for that's Nature's way of dropping a hint that the food isn't the kind required.

For a number of years I followed railroad work, much of it being office work of a trying nature. Meal times were our busiest; and eating too much and too quickly of food such as is commonly served in hotels and restaurants, together with the sedentary habits, were not long in giving me dyspepsia and stomach trouble, which reduced my weight from 205 to 160 pounds.

"There was little relish in any food and none of it seemed to do me any good. It seemed the more I ate the poorer I got and was always hungry before another meal, no matter how much I had eaten."

"Then I commenced a trial of Grape-Nuts food, and was surprised how a small saucer of it would carry me along, strong and with satisfied appetite, until the next meal, with no sensations of hunger, weakness or distress as before."

"I have been following this diet now for several months and my improvement has been so great all the others in my family have taken up the use of Grape-Nuts with complete satisfaction and much improvement in health."

"Most people eat hurriedly, have lots of worry, thus hindering digestion, and therefore need a food that is predigested and concentrated in nourishment."

"There's a Reason."

Embroidered-Boleros Pretty and Smart.

The fall and winter styles are, without question, a credit to their originators. Every woman wants to dress with refinement and style; and to keep up-to-date inexpensively in these days of rapid changes, it is almost necessary to do all one's own dressmaking. This is not difficult when a good pattern is used. For instance, the illustration here shown, Ladies' Home Journal Pattern No. 9089, is a fine example of up-to-date dress and smartness. This dress will be particularly welcome because of the ease and accuracy with which it can be made and adorned. The blue bird pattern, No. 14444, is delightful
