TO OUR READERS

Ralph Connor.

We publish in this issue and next a biographical sketch of Rev. C. W. Gordon, who has become celebrated as "Ralph Connor." Mr. Gordon has gained a world-wide popularity by his peerless books on Western life, so that anything he writes is eagerly read by thousands of admirers. We are glad to announce that in this issue and next we are enabled to publish some things about the renowned author which the public has never yet seen; also his views of the novel, the West, and the political and religious worlds.

Rev. James L. Gordon and Young Men.

It is with pleasure we announce that we have secured Rev. Jas. L. Gordon to write for our Young Men's Department. Mr. Gordon is one of the most popular preachers in the Dominion. For five years he crowded the great Bond St. Church, of Toronto. The success which he had in that city has followed him to Winnipeg. His specialty is young men. For some years he was secretary of the Y.M.C.A. in Boston,

Mass. Few men know the young man's problems better than Mr. Gordon. Don't forget to read his remarks.

Recent automatic machinery installed in the factory of the Great West Wire Fence Company is now turning out fencing to fill orders for the Rankin patent lock wire fence that has met with such ready sale in the West. The company is looking for agents in each locality, and are issuing a handsome catalogue, sent to anyone on request.

"Wonderland 1905" is a handsome book of illustrations and descriptive matter of the region passed through by the Northern Pacific Railway. It is printed for general distribution and can be secured by sending six cents to A. M. Cleland, St. Paul, Minn., general passenger agent of the road.

An expensive reproduction in numerous rich colors of a restful library scene in Britain is an appropriate suggestion of the title "Royal Household," the flour manufactured by the Ogilvie Milling Company, of Montreal.

DR. OSLER

The Eminent Professor of Medicine

IN HIS FAREWELL SPEECH, SAID:

"The physician has three enemies—Ignorance, Apathy and Vice. The most dangerous foe is Apathy." That is, an indifference as regards that state of your health neglecting those small but sure signs of a decrease of NATURAL ELECTRICITY, without which decrease no disease can enter into your body.

An Apathetic State of Mind

is a sure sign that you are run down in health. The body lacks this Natural Electricity. It becomes ill. The sick body affects the mind, blunting and dulling the senses. Electricity is the most valuable of all man's physical possessions. With it he can defy disease of every kind. It makes the body so vigorous that all accumulated poisons are expelled, while the system becomes so resistant that no disease can find a foothold. It is, first and last, the finest, best preventive against illness in any shape or form.

ELECTRICITY IS

THE ONLY NATURAL CURE

we have. It restores the natural power and strength to the weakened system and nature does the rest. **IT NEVER FAILS** to restore this Nerve Force, therefore **IT NEVER FAILS TO CURE YOU** of whatever ailment you may be suffering from. Do not hesitate if you are suffering from Rheumatism, Gout, Kidney or Liver Troubles, Nervous Exhaustion, Varicose, or any other disease, to take advantage of DR. MACDONALD'S FREE OFFER.

By means of DR. MACDONALD'S ELECTRIC BELT, a constant stream of this Natural Electricity is poured into the system, curing and healing. Do not doubt. Disabuse your mind of all prejudice. All I ask you is to give it a trial. It has cured thousands. **IT WILL CURE YOU.** I do not ask any responsible person to pay me a cent until he is cured or well on the road to complete recovery. Write me at once.
