# Have you claimed your credit?

Even if you don't pay income taxes you may benefit from the Ontario Government's new Property Tax Credit Plan. And you can apply only by filing a 1972 Income Tax Return.

If you are a student and 21 or over, you may be eligible for a tax credit whether or not you live at home. Students under 21 may be eligible for the period they live away from home, even though they are claimed as dependents for tax purposes.

If you lived in a residence owned by a college, a university, or a school of nursing you may claim \$25 occupancy cost for the year. In addition, rent paid during the year for a principal residence off-campus may also be calculated towards your Tax Credit.

If you haven't received your income tax kit you can pick one up at the post office. The mauve claim form is included in this kit and explains the Ontario Property Tax Credit Plan.

Send in both the tax return and the claim form. The sooner you file, the sooner you'll receive your benefit.
