St. Paul, Minn.

Dear Mr. Hamilton:

Your idea of a world-wide holiday is an exceedingly interesting one. I never have thought of it; I want to think it over before expressing an opinion, and especially I should like to get a chance to talk about it with Colonel Roosevelt. In connection with certain other plans, it might work out admirably, although I doubt if it could be carried through alone.

With renewed thanks,

Sincerely yours,

Gifford Pinchet.

*My letter to him was to include Scandinavia
Holland, Switzerland etc, hence his phrase include Scandinavia
hence his phrase
World wide Holiday*
