

0802 (M5051)

Province of Quebec in the
dark days of 1921 to 1925.
I want you to help me in
telling to the Honourable
Prime Minister what my
husband did for the Con-
servative party in his politi-
cal life.

I still have with me
five children; three daugh-
ters and two sons, and if
I do not succeed, I will
be very much miserable
and I will be obliged to beg them for
my children and for myself.
