

AN ANCHOR TO WINDWARD.

In times like these, when securities ordinarily as good as gold can find no market, a policy in a good Life Company has a value nothing else can approach. Either at its maturity or as a temporary pledge it is always worth 100 cents on the dollar. If in the Canada Life it will probably be worth a good deal more.

Will it not be worth your while when you next have money to invest to remember present conditions and place it where it will be not only absolutely safe but perfectly under control?
