## Theory Versus Practice

A substantial portion of every investor's funds should be put into life insurance so that no matter what happens to himself or to his investments there will be satisfactory provision for his dependents.

Insurance men and financiers recognize these facts and yet the families of many of these are very inadequately protected by means of well placed life insurance policies.

Let us not be hearers only, but doers. We preach—let us practice. Allowing for liabilities, what is the net amount of our insurance protection? We should look this up and if there is a deficiency, a policy should be taken in
