POWER plus Service

Mr. H. TUTTON, of Brantford, Ont., writes:
Gentlemen:—I have had my Gilson 6 h.p. Engine for eight years and it is
equally as good as new now, after doing all our work. In all this time, I have
had absolutely no expense for repairs. I would not be without it for anything.
I can chop a bag of the heaviest grain in four minutes—mixed grain and oats
in less time. I also use it on the circular saw, rip saw, cutting box, etc. All
these jobs it handles easily, with great strength. Compared with other makes
around me, I am perfectly satisfied with its economy of fuel.

When you buy a "GILSON" Engine, you buy reliable
power plus service. We point with pride to the many GILSON
Engines, turned out in the early part of our career, that to-day
are running as smoothly and giving the same reliable service as
when they left our factory.

The owners of these engines will tell you frankly that their
engines have actually cost them less and given them more service
than engines which could have been bought at a far lower first
cost. Durability—dependability—Service to the Buyer are the
watchwords of the GILSON factory.

GILSON Farm Engines Ensilage Cutters Silos, Grinders, etc.

"STANDARD OF THE WORLD"

THE WONDERFUL
"GILSON"
GUARANTEED
to cut and elevate more ensilage with the
same power than any other Blower Cutter.

Gentlemen—My N-13 GILSON
ENSILAGE CUTTER is so superior to other
blowers that it cannot be placed in the same
class. For ease of feeding, and the amount
of stuff it will put through with my 8-h.p.
GILSON Engine it is a marvel. We have
never yet been able to plug the blower pipe.
GEORGE L. BURLL,
Maxville, Ont.

THE HYLO SILO

The Mortgage Lifter

SWEET FRESH ENSILAGE
down to the last forkful. The
Hylo Silo is perfectly air-tight. No
frozen or spoiled ensilage around the
walls. Convenient and perfect fitting
doors, that you can adjust without
hammer or wrench. Made of guaran-
teed Southern Long Leaf Yellow
Pine. Built to last a lifetime. Stands
rigid when empty.

Gentlemen—I received my 30 ft. HYLO
SILO in A 1 condition, and am well-satisfied
with it. Two of us put it up in twelve hours,
and I certainly was surprised at how easily
it went together. CHAS. RUMFORD,
Warminster, Ont.

Every man who gets a GILSON product secures for himself
SAFETY, SERVICE and SATISFACTION. Write for Catalogues.

WHY YOU SHOULD BUY SIMONDS SAWS

Because they cost no more than unmarked, inferior brands.
Because the name "Simonds" on a saw means that the saw is guaranteed.
Because all steel used in Simonds Saws is made in our own Crucible
Steel Mill.
Vancouver, B. C. SIMONDS CANADA SAW COMPANY, LIMITED, MONTREAL, QUE.
Saws with the name "Simonds" stamped on them.
The illustration shows a two-man cross-cut saw, and is known to your
hardware dealer as No. 237. Ask for it.
Write direct to the factory for any other particulars.
Always buy a saw with a sharp-cutting edge—not a soft saw because the former lasts longer and keeps its edge better.
