INVENTIONS Thoroughly protected in all countries. **EGERTON R. CASE,** Registered U. S. Patent Attorney, DEPT. E, TEMPLE BUILDING, TORONTO. Booklet on Patents and Drawing Sheet on request.

THROWING OTHERS AWAY FOR SHARPLES TUBULAR CREAM SEPARATORS

All over Canada—all over the world—farmers are discarding common cream separators for Sharples Dairy Tubulars.

Why? Because the Tubular skims twice as clean as others—is guaranteed to save enough more butter fat, as compared to any other make, to pay at least ten per cent interest every year on the cost of the Tubular. No business-like farmer is overlooking a sure way to make ten per cent on his money. It is cheaper to throw away a common separator and buy a Tubular than to stand the loss caused by common machines.

Here is another reason: Tubulars last a lifetime—are guaranteed forever by the oldest cream separator concern on this continent. No wonder that farmers are putting Tubulars in place of disk-filled and other complicated machines that are out of fix and in need of expensive repairs half the time.

Tubulars are later than, entirely different from, and vastly superior to all others. You can own and use a Tubular for less than any other make. Save yours! If the costly experience of others. Get a Tubular in the first place. Our local representative will show you a Tubular, inside and out. If you do not know him, ask us his name. When you can see a Tubular so easily—and own and use it for less than any other, and make more with it—how can you afford to waste time or money on a "peddler's" or any other inferior machine? The manufacture of Tubulars is one of Canada's leading industries. Write for catalogue No. 193.
