Here's a Knife-Sharpener and Towel Dryer combined in one—both are necessary in the kitchen. Not necessary to a range, but they indicate the consideration and thought that has been given to the details of the Pandora. Important features have been given proportionately great care and study.

Have the Pandora's many features explained to you before you buy your range.

The accuracy of the McClary thermometer makes good baking a certainty—also adds a lot of satisfaction to the work.

EUREKA

SANITARY CHURN

There's no comparison between the ordinary wooden churn and the "EUREKA". Barrel is stoneware—top is clear glass. Besides being absolutely sanitary, the glass top enables you to see how the churning is coming along without opening the churn. Also made with Aluminum top.

The "EUREKA" is the easiest churn on the market to operate. By tilting back the frame until the weight rests on the wheels, the churn can be quickly and easily moved—while the barrel remain upright.

If your dealer does not handle the "EUREKA," do not take a substitute but write us for catalogue.
