Breakfast Food Question.

Something new claims attention almost every week. Most of them seem to stay, so they must be good.

We have all the old favorites, and all the new claimants that have merit and that are likely to prove popular.

And we try to buy them as soon as possible after being manufactured so that they will be perfectly fresh.

It's a feature of this store to have stocks so complete that you can ask for about anything there is in the shape of eatables and get it.
