CHURCH NOTES

ROMAN CATHOLIC.

At the late session of the Catholic Total Abstinence Union at New Haven, Conn., denunciation of the liquor traffic, an appeal for sanctification of Sunday and the exclusion from membership in Catholic societies of those engaged in the liquor traffic were the striking features of the resolution adopted. The committee, in opening, called attention to the fact that this was the thirty-eighth annual convention, when declaration is made anew that "Not in drunkerness and riotous living can any man make effective profession of the Catholic faith."

A few days ago Judge Almy in Cambridge court fined a man twentyave dollars for using profane language en a street car. It would be a godsend if the judges throughout our country would follow his example. The disgusting and abominable habit of cursing and swearing is becoming more and more common, and the officers of the law are not always alert as they ought to be in arresting those who use profane language.—(Exchange.)

The British Weekly has the followmg:-In the present conflict of the Roman Church with Modernish our sympathies are almost wholly with the Pope. The claims of masquerading infidels, if granted, could end only in the destruction alike of morality and religion. Believing firmly that there should be no establishment of Church by State, we yet deplore the fact that Disestablishment movement in France has been almost entirely the esult and the triumph of unbelief.

THE ANGLICAN.

NEW YORK, Aug. 13-"The Episcopai church took a high stand regarding marriage relations at the Lambeth rence, which I have been attending in London," said Bishop David H. Greer, of the Protestat Episcopal Diqcase of New York, on landing today

from the steamer Majestic. "Every one agreed," continued the bishop, "that if divorce was ever to be allowed a plea should rest on one ground only-infidelity. The conference was split on the question whether there might be a divorce even on those grounds. Some contended that the marriage tie is so sacred that it should not iberal view."

The Arches Court, London, has ordered Canon Thompson not to deny the sacrament to Alan Baunister, who married his deceased wife's sister in

THE PRESBYTERIAN

There will be a wealth of literary allusion in the forthcoming biography of the Rev. Dr. John Watson which Dr. Robertson Nicell has made good progress.

The Pan-Presbyterian Alliance will hold its next Conference next year in New York. It is well that such Assemblies should be held, not too seldom. All parts of the world are interested to be interested in sister churches.

The Irish Presbyterians are deeply if he had slept out more than his ten displeased with Mr. Birrell's policy in securing to the Roman Catholics a sectarian University at Dublin, The Belfast Witness calls Birrel "a cunning and canting hypocrite." "It will be bad enough to have a mediaeval university founded in Dublin, a university eliminated, in which bishops and left him, and he is now only known as priests will rule and reign, but it is, if a "has been," he is to be pitied. And possible, worse to realize that England, and especially Nonconformist England, can produce a statesman so lost to principle, so hypocritical and dishonest as Mr. Birrell."

One hundred and thirty-two applications have already been received for the vacancy of Kippen Church, Stirlirg, Scotland, whose minister was recently called to Edinburgh. It would take two years and a half for this congregation to hear all these candidates, assigning only one Sabbath to each, and by the end of this time they would probably be less prepared to choose a pastor than when they began.

By the will of the late George W. Christie, of Amherst, the Baptist denomination will receive the following bequests: Ministerial Annuity Fund So clety, \$200; Home Mission Board, \$100; Foreign Mission Board, \$100; Grand Ligne Mission \$200; North West Mission, \$200, and a further bequest of \$100 manity, and he has passed his four to each of the above on the death of Mrs. Christie.

The Rev. Charles F. Aked, D. D., pastor of thme Fifth Avenue Baptist church is reported to have caught the largest fish taken in the St Lawrence River, at the Thousand Islands, in years-a thirty-two pound muskallonge, after a struggle of two hours, which completely exhausted the clergyman.

CONGREGATIONALISTS

CONGREGATIONAL. rivafi "The Congregationalist" says that more Roman Catholics arrive in United States every year from Euope than the entire membership of the Congregational churches in America.

The Congregational Year Book, 1907. just issued reports 6,512 churches, a loss 8 and 763,447 mebmers, a sain of 12,401. The Sunday school membership -726,584-showed a loss of 3,695. The

list of ten largest churches is headed by 3 in Brooklyn.

Dr. Grenfell, the famous missionary, now at work in Labrador, has sent to the Congregational Library in Boston the Bible that was associated with his early Christian life. It lies by the side of Mr. Moody's Bible. It was Moody who led Grenfell to the light. In sending the Bible to Boston Dr. Grenfell said: "I love the very copy. It has meant so very, very much to me. God give me the same zeal I had at first to see men decide."

THE METHODISTS

The Ecumenical Conference of the Methodist Churches will be held in October 1911. The conference is to be held in some section of the western world and will be attended by 500 members,-200 from the east and 800 from the west. The Christian Gardian suggests Toronto as the place of meet-

Americans are great admirers of the reaching of Dr. Watkinson. Thereore large congregations are availing themselves of the opportunity of hearing him, as he is fulfilling several engagements during the present summer At the Chautauqua Assembly, especial. ly, has he been listened to with great pleasure by thousands of people. From July 16 to July 23 Dr. Watkinson preached daily to a congregation which came from all parts of the United States, Great regret was expressed when he had to leave; and this was made more emphatic by the assertion that this is probably his last visit to America. Numerous friends hope that this is a false prophecy.

It is announced that the missionary offerings, all departments, of the Methodist Church in Canada for the year just closed, are considerably larger than in any previous year. The total, including the contribution of the W. M. Society, will be well over half a million dollars, an average of about \$1.58 per member.

SALOONS SHOULD BE IN SELECT SECTIONS

So Rev. Mr. Dockrill Says

"Do you know where I would place the saloons?" queried Rev. Mr. Dockrill in the Every Day Club last evening. Pointing with a smile to his friend, the Rev. Mr. Camp, who was in the audience, he went on: "I would crew was also injured. The accident place one beside the door of my friend, Mr. Camp. Mr. Dockrill said that the church people of St. John had two great institutions. One was the church, which upwhich is a millstone around the necks

The saloon is an institution of the church people, since they permit it to exist, when they could easily destroy t. The speaker contrasted the present Baptist convention in this city with one in the First Baptist church in Boston not so very many years ago, when the treasury report contained an itemized bill for beers, whisky, tobacco and snuff. No brewer's wagon had backed up last week to the door of Germain street church. Times have changed. Today half the people of the North American continent live under prohibition. In twenty-five years, the speaker believed, the whole continent would have banished the liquor traffic. If fifty years ago a man had predicted the change that has since occurred he would no more have been believed than the prophet Isaiah was believed.

Mr. Dockrill related some very pathetic instances of the evils resulting from the liquor traffic, and pleaded for sympathy and a helping hand stretched out to the victims of the drink habit.

Socialists denounce conditions under which thousands upon thousands of families starving when there is abundance of food and clothing. Mr. Dockrill said his answer to these men was that the millions annually spent for liquor-actually wasted and burnt upwould buy and distribute all the food and clothing necessary for the wants of the poor.
