MEMBERS OF THE PRES-ENT COUNCIL.

The adjourned meeting of the citizens' municipal committee last night. drew forth a large and thoroughly representative attendance of business men, as was the case on the occasion of the first meeting, when Alderman John Stilwell Clute was selected to carry the citizens' banner in the mayoralty race. Last night an aldermanic ticket was selected. The six men who will be returned to the city hall as aldermen for 1902 as candidates the citizens' ticket are as follows:

Charles Robert Hamilton. Thomas H. Armstrong. Alexander A. Mackenzie. Harry Daniel. Alexander Dunlop.

James Hamilton Robinson. All the gentlemen named have personally indicated their willingness to the citizens' committee except Mr. Robinson, who could not be seen by the citizens' deputation owing to illness. The intimation was given to the deputation, however, that he would accept the offer of a place on the ticket, and on this understanding Mr. Robinson's name was placed before

the general committee and carried. The first three names on the citizens' ticket are those of men who are already serving at the council board. Their records are before the ratepayers, hence there is no necessity of discussing their bona fides. The other nominees are well known residents of Rossland, whose property interests are such as to absolutely guarantee that they will safeguard the corporation's interests on every hand. The fact that their property interests are so large is also a guarantee of their business and execu-

This made it imperative that the schools should be aced in charge of a board of thoroughly competent business men who would have the interests of the corporation thoroughly at heart in the matter of finances. It was resolved that the citizens should place a ticket in the field for the trustee board, and the sub-committee was requested to go into the proposition.

The meeting adjourned to assemble at the call of the chair when the subcommittee has dealt with the matters confided to its care.

Result of a Wages Case at Baker City, Oregon.

BAKER CITY, Ore., Dec. 16.-In the suit of Tom C. Gray vs. C. H. Mackintosh of Rossland for amount due as wages, judgment was entered for \$1707.55 and an order for attachment against defendant's property at Sumpter issued. Mackintosh permitted the suit to go by default. F. A. E. Starr represented the plaintiff.

Ex-Governor Mackintosh was the financial backer of General C. S. Warren in the latter's operations at Sumpter. Gray was confidential man for the governor and was sent to the upper camp to look after his interests there at a certain agreed salary. When the Warren boom subsided Mackintosh failed to keep his agreement with Gray, hence the suit and judgment.

The nearest approach to divorce which is recognized here is a judicial separation of man and wife, for drunkness, desertion, ill-treatment, or the like. The husband is almost invariably in fault, and is condemned to pay the wife a weekly share of his earnings, on penalty of imprisonment, the judge fixing the alimony.

Of course this arrangement implies no permission for either to marry again. Strange to say, though infidelity is a ground for such separation, it is rarely pleaded, there being only two instances in ten years, and then by wronged husbands against erring

Proof of it releases the husband from any obligation to support the wife, and gives him custody of his children. Women here never advance this plea, preferring to endure private grief to creating a public scandal.
