Poultry Show

Third Annual Exhibition of the Local Poultry Association

The third annual Winter Poultry Show held in the rink last December was the most successful exhibition so far given by the local Poultry Association. About 700 birds were shown, nearly every class of poultry being represented. The attendance was good, considering the epidemic of influenza which had seized the village at that time. Mr. J. J. Green, the secretary, and all the members worked hard and its success was due to their untiring efforts. We are proud of our local fanciers. Following are the winners:

Waterdown

Waterdown offers a good field for investment. City people, contemplating building country homes, would do well to investigate some of the bargains offered in real estate here. Situated some 600 feet above the lake, the air here is naturally pure and healthy. Beautiful scenery abounds here. A good view of the city can be obtained from almost any point on the mountain. We have excellent churches, stores and educational institutions. A branch of the Royal Bank is located here under the able management of Mr. W. Wiggins, and where a general banking business is conducted. The C. P. R. furnishes us with an excellent train service, making it convenient for city business men to live here, where they will be free from the bustle and turmoil of the busy city streets, and enjoy with their country cousins the innumerable blessings to be found in and about this Mountain City. A visit will convince the most skeptical that Waterdown is the one place to locate in. A hearty welcome awaits the stranger within our gates.

WHY BUY AT HOME?

Because my interests are here.
Because the community that is good enough for me to live in is good enough for me to buy in.
Because I believe in transacting business with my friends.
Because I want to see the goods I am buying.
Because I want to get what I buy when I pay for them.
Because my home merchants will take care of me when I run short of cash.
Because some part of every dollar I spend at home helps work for the welfare of the town and the county.
Because the home merchant I buy from stands back of his goods, thus always giving value received.
Because the merchant I buy from pays his share of the county and town taxes.
Because the merchant I buy from helps support our poor and needy, our schools, our churches, our lodge rooms and homes.
Because if ill luck, misfortune or bereavement comes, the merchant I buy from is here with his kindly expression of greeting, his words of cheer, and, if needed, his pocketbook.
Let us make this town a good place in which to work and live. It's easy and certain if everyone will do his share.
The dollar spent away seldom returns, while the money spent at home is apt to leave a scrapling at your door.

It might be necessary at an early date for our City Fathers to consider the advisability of placing traffic cops at the different crossings on Dundas Street, especially the west end. Nightly streams of people (mostly young) may be seen wending their way along this busy thoroughfare. To a casual observer it would seem that the west end of our burg had gone daft on dancing and cards, and no doubt some of the pedestrians are hastening to attend one of these social functions. In order that no accidents will happen it might be well to have officers of the law placed at the crossings, as some of these speed marvels from the north country are not only reckless, but absent-minded as well. One of them the other day pulled his auto up in front of one of our places of business and taking a tie rope from under the seat proceeded to fasten up his fiery steed to a verandah post, thinking no doubt "discretion the better part of valor," was determined that his machine would be there when wanted and not in the hands of some joyriders who very often swipe unprotected cars and leave them abandoned in some country lane. Still we wonder at crime.
