Over Two Years of Awful Suffering-Eyes Stuck Together and Would Bleed When Washed Open in the Morning-Every Lash Fell Out.

NOTHER WONDERFUL CURE BY CUTICURA

"I feel it my duty to tell of two most wonderful cures of sore eyes by Cuticura Ointment. My little son had an attack of measles which left the eyes in a shockingly bad state. The lids became inflamed and sore and every lash fell out. For two years and ten months I tried many eye ointments and lotions, besides following every advice given me, but nothing seemed to do them any good. They would be stuck in the morning, and I had to bathe them in warm milk and water, which was a very trying duty,

had to bathe them in warm milk and water, which was a very trying duty, as the eyelids would always bleed, causing the child untold suffering.
"I had heard a lot about Cutieura Ointment, so I thought I would try it, and from the first application I have had cause to be thankful. Before I had used one box of Ointment the lashes showed signs-of growing, and at the end of a few months he had a crop of lashes of which any person a crop of lashes of which any person e proud.

a crop of lashes of which any person might be proud.

'commended Cuticura to a Mrs. Phas for her child, who also had sore eyes, and her little one was cured with less than one box. I have advised dozens of people to use Cuticura Contment, often stopping them in the street, as I did Mrs. Phillips, who was a total stranger to me. I have such implicit faith in it that I have written to relatives in England and Ireland telling them of its wonderful virtues.

"I am sending you this testimonial of my ewn free will, in the hope that others may be benefited as we have been. (signed) Mrs. C. Todd, Old South Head Road, Waverly, Sydney, N. S. W." Reference, Messrs. R. Towns & Co., Sydney.

****** HERE TURTLES

ARE WORSHIPPED

At a place called Kotorn, on the French Ivory Coast, the natives believe that to eat or destroy a turtle would mean death to the guilty one or sickness among the family. They dealars, that years ago a man went to sea fishing. In the night his cance was thrown up on the beach

empty.

Three days afterwards a turtle Three days afterwards a turtle came ashore at the same place, with the man on its back alive and well! Since that time they have never eaten or destroyed one of that species, although they enjoy other kinds. If one now happens to be washed ashore, there is a great commotion in the town. First, the women sit

own and start singing and beating ficks; next, a small piece of white loth is placed on the turtle's back; ood is then prepared and placed on the cloth, generally plantains, rice, and pal moil; then, amid more singing, dancing, and antics of the people, it is carried back into the sea, send excet on its way resigning.

CUT SWATH A MILE WIDE.

Poles and Wires Downed and Other Damage Done.

Merrickville, July 28.—The recent electric storm was very severe in this vicinity. All the wires and poles, telegraph, telephone, etc., were down for three days, and every available man had to be put at work trying to open up connection with outside points. Such a storm was never before experienced in this part of the country.

Shade and fruit trees, fences, barns, etc., were levelled in all directions while the growing crops in many in-

while the growing crops in many in-stances are seriously damaged, and in a few places totally destroyed. The hall where it fell in force strip-ped the leaves from all growing vege-

tables and fruit trees not blown down were stripped of their very promising crops.

The roads in the village and country

were rendered impassable from fallen trees, some of these being four feet in diameter. The passenger steamer Queen, on her usual trip from Ottawa to Kingston, had to be run on shore below Becket's Landing. The track of the storm was not over a mile wide. The Electric Light Co, was temporarily put our of business. put out of business.

\$50,000 FIRE AT FERNIE.

Fernie Free Press Office and Several Stores Destroyed.

Winnipeg, July 28.—A serious fire visited the business section of Fernie, B. C., Wednesday night, but was under control at 4.30 yesterday morning. The Fernie Free Press office, Caruthers' tailor ashop, Sheard & Elliott's store, B. C. Furniture store, G. N. city office, Northern Hotel, Kenny & Mc-Leod's tailor shop and C. C. Wright, jeweller, are totally destroyed. The Waldorf Hotel on the opposite side of He Will Gure You First
the street is very much damaged.
The loss will be about fifty thousand dollars, with insurance on one-third.

Food of the Gods Found

The food of the gods appears to have been discovered at last. According to a report of tests made by Dr. Clement and Dr. Huchard, in London, and Dr. Huchard, in London, formic acid can increase the strength of people in an extraordinary manner. One delicate subject who could only raise a light weight was, after being experimented upon, able to lift / hve tims the amount. Dr. Huchard's experiment upon himself is decidedly interesting. In two days, it is said, he teresting. In two days, it is said, he doubled his strength, and in five days doubled his strength, and in five days trebled it. To achieve this he had taken five grains. Formic acid is a colorless lipuid found in the bodies of ants, in the hairs and other parts of certain caterpillars, and in nettles. It has a pungent smell, is highly corrosive and may be prepared artificially to many different ways. in many different ways.

Robert Louis Stevenson used to tell this story of his early days: He was entering in an absentminded way the famous secondhand book shop of James Sti.lie when he ran into a fuming old gentleman who was leaving the establishment. The later ejaculated in an angry tone, "Man, can you not look where you are going!" Stevenson apologized for his awkwardness and was then confronted by Mr. Stillie, who was also excited. The bookseller exclaimed: "The creature has been trying to make out that an old book I sold him is spurlous! He may be able to write, but he knows nothing about black letter books. He's the most disagreeable customer that ever entered my shop!"
"Who is he?" asked Stevenson.
"Oh, that's the great Mr. Thomas Carlyle," was the answer. Stevenson and Carlyle.

Old inns.

The Ostrich Inn at Coinbrook, Middlesex, England, has had an uninterrupted existence since the faraway days of King John. It was doing a thriving business before Magna Charta was signed and had qualified as a veteran before Crecy was fought. The Seven Stars in Manchester was a licensed house in the year of Poitlers (1356), two-thirds of a century before the cathedral was founded, and it boasts to day a staircase clock which began to tick ever so long before Dr. Johnson was born—nearly two centuries are.

FANNY BRILLINGER, Aurora, Ont.

The discomfort of continued cold feet, so prevalent among elderly ladies, will vanish when the system is purified and strengthened. This is what Bu-Ju, the Kidney Pill, was made especially to do. Nothing on the market to-day offered as a kidney remedy approaches this preparation in efficacy, and the above letter is only one of many testimonials to its potent but gentle effects. Every person who has ever tried this remarkable specific strongly recommends it to relatives, neighbors and friends, as Mrs. Brillinger has done; The discomfort of continued cold friends, as Mrs. Brillinger has done; and the result is the same as in the case of her granddaughter. This sovereign remedy for all kidney dis-orders may be had of druggists generally.

There's a story of a farmer and his son driving a load to market. Of the team they were driving one was a steady, reliable old gray mare, the other a fractious, balky black horse. On the way the wagon was stalled and the black horse sulked and refused to pull. "What'll we do, father?" said the younger man. "Well," said the father, "I guess we'll have to lay the gad on the old gray." That homely compliment to women, "The gray mare's the better horse," suggests how often when there's an extra strain to be borne it is laid on the woman's back. How often she breaks down at last under the added weight of some "last straw." Women who are dragging along wearily through life can gain reas strength by the use of Dr. Pierce's Golden Medical Discovery. It puts back in concentrated form the strength-making material which workingwomen use up more rapidly than it can be restored by Nature in strength-making material which workingwomen use up more rapidly than it can be restored by Nature in the ordinary processes of nourishment and rest. Dr. Pierce's Pleasant Pellets are universal favorites with women because they are easy to take and thoroughly effective in suring the consequences of constipation.

"I had Kidney Trouble and it developed into Diabetes. I went to the doctor but his treatment was of no use whatever to me. I began to take use whatever to me. I began to take
Dodd's Kidney Pills in December,
1902. I took them all winter and
summer while I was unable to work
my farm. I took twelve boxes in
all and in August I was able to

work.

"Now I am quite strong. I worked all winter without pains in my
