

"SAVORY" Seamless Roaster

Fish, Meat or Fowl

ALL cooked to a juicy tenderness, with all the natural gravy retained, by the "SAVORY" Seamless Roaster. Makes a second-class cut a first-class roast. Seamless—round corners—oval bottom. Self-basting and self-browning in meat's own juices and retains the full supporting aroma and flavor. Very economical. Applies the heat evenly, insuring quick and thorough roasting. Needs no attention. Roasts almost everything—and roasts it right. Made in two sizes. Blued steel or enamel finishes. "SAVORY" Prize Recipe Book Free. Tells how to buy and cook meat. Housewives who appreciate the real value of excellence should visit our store.

J.M. Devine
THE RIGHT HOUSE

King Alfonso's Story.

King Alfonso told a shooting party at the bouffant an amusing story of a rabbit he played on one of his Ministers in Spain.

"This Minister," said the King, "was a simply appalling shot, but he would have felt injured if he had been left out of the shooting parties which are given from time to time for the members of the Cabinet. One day he was posted outside a wood when he saw moving slowly through the grass about fifteen yards away a little rabbit. He fired at it with both barrels and missed—as usual—but to his surprise the rabbit still remained in sight, apparently nibbling.

"Once more the Minister fired. He fired in all thirty-six cartridges, and at last brought the obstinate rabbit down. Delighted with his success the Minister himself ran forward to secure the spoils. His chagrin can be imagined when this rabbit of four times nine lives was found to have tied round its neck a card, with the words 'Long life to Senor—' and then the Minister's name.

"Fastened to one of the paws was a piece of string. It was a stuffed rabbit, which one of the beaters had pulled about by means of the string. It was a whole year before my Minister forgave me for the trick played upon him," concluded the King.

England's New Hope

London, Jan. 1.—Bandsman, Blake, the champion English middleweight pugilist, to-night defeated "Dixie Kid," the American negro boxer, on points, in a twenty-round bout. Blake is regarded by the followers of pugilism as the man most likely to regain England's lost heavyweight honors from Frenchman Carpentier.

Blake first gained recognition as a fighter while with the army in India, winning the middleweight and heavyweight championships. He recently knocked out Private Harris, a heavyweight, in ten rounds. Blake weighs only 155 pounds. Carpentier weighs 175 pounds. "Dixie Kid" knocked out Carpentier in five rounds in 1911. Carpentier at that time was a welterweight.

Australian Championship.

Sydney, N.S.W., Jan. 1.—Eddie McGoorty, the American boxer, knocked out Dave Smith, of Australia, in a minute and a half to-day in the first round of a twenty round bout for the middleweight championship of Australia. McGoorty sent his opponent

to the floor three times in rapid succession before giving him the knock-out blow. There were 16,000 spectators.

Sullivan and McIntyre.

Sydney, Jan. 1.—The boxing match between Mickey McIntyre and Mike (Twin) Sullivan at Glace Bay this afternoon, resulted in a 12-round draw. Sullivan was apparently not in the very best of condition, but after the sixth round, he was never in any serious danger.

McIntyre was in splendid form. He landed some strong blows upon his opponent, but they did not seem to have a great deal of effect upon Sullivan, who finished without a scratch. On the other hand, McIntyre received a nasty mark over the right eye his ear was bruised and his upper lip cut. Sullivan showed great skill and judgment in avoiding the blows which got past his guard. Both men, although showing a little fatigue, finished up in fairly good condition. They weighed in: McIntyre, 156 pounds; Sullivan, 154.

New Comet Coming

Latest Stranger in the Sky May Soon Be Visible to Naked Eye.

Washington, D.C., Dec. 27.—Delavan's comet, the latest stranger in the sky, may soon be visible to the naked eye. The faintly illuminated, bearded object apparently is drawing nearer the earth, although up to last night it was not to be seen by a less powerful glass than the five-inch diameter of the great telescope at the observatory here.

Astronomers are keenly interested in the comet, which was discovered by Delavan of the Argentine naval observatory at La Plata. It was first observed in this country by Professor Asaph Hall, U. S. N., at the observatory last Thursday night and observations were taken again on Friday night and last night. Reports also have been received of observations in Europe last Thursday.

According to the telegram from Sao Paulo, "America," Professor Hall said last night, "a large telescope was

necessary for observations there. As observed here, the comet has a bright nebulosity, and on the night of December 19th it showed a fairly bright nucleus, surrounded by nebulosity, and appeared to have a faint tail following.

Amateur astronomers with small glasses may seek the comet. Professor Hall said, by using the star Zeta Eridani for a starting point "The comet is approximately 14 1/2 minutes of time west of this star," he explained, "and north of it 2 1-3 degrees. It is moving west about 54 seconds of time per day, north about 5 1/2 minutes, but there has not been enough action so far to compute an orbit."

This is the sixth comet discovered this year. The one that has attracted the most attraction was found by Neujmin on September 3rd. This was a very small body and showed only the slightest trace of nebulosity, its appearance being rather that of an asteroid.

Ramea Notes.

Schooner M. E. Schwartz, by J. Penney & Sons, arrived at St. John's on the 2nd inst., after a passage of 21 days. The Rameas are now all home and will be for a month when the Messrs. Penney will be fitting them up for the fishery.

STAFFORD'S LINIMENT RELIEVES NEURALGIA.

have started, and that is a Fox farm, and they have some very fine foxes on their farm; one in particular very choice.

Stafford's Prescription "A" cures Indigestion, Dyspepsia, Catarrh of the Stomach and Nervous Dyspepsia. Price 25 & 50c. a bottle; postage 5 & 10c. extra.—Jan 3, 14

Misard's Liniment Cures Diphtheria.

Cable News.

Special to The Evening Telegram. NEW YORK, To-day. Whitney's condition is unchanged.

CONCORD, N.H., To-day. Harry K. Thaw's release under bail would not be a public menace, is the opinion of the Commission appointed by Judge Eldrich, in its finding. It says Thaw is not suffering from any of those forms of mental disease alleged at the time of his trials for killing Stanford White.

BERLIN, To-day. The acquittal of Colonel Von Penter, Lieut. Schad, Lieut. Baron von Forstner, Strassburg, of all charges in connection with the Zabern affair is apparently a victory for the army all along the line, but it is already seen that there will be a serious aftermath. The crisis is graver than that predicted in December.

JOHANNESBURG, To-day. The situation is more favorable; martial law has been proclaimed, and conditions are quiet both here and at Pretoria. The Government appears to retain full control and a mass meeting at Cape Town was unable to agree to a resolution either for or against a strike. This points to continued loyalty of Cape men which is the pivot of the situation. Restricted railway service continues at all points.

PRESIDIO, Texas, To-day. The Mexican Federal army with its nine Generals, evacuated Ojinaga last night. The rebel forces under General Villa, immediately occupied the village. General Mercado, who was Huerta's chief military Commander, crossed the river and surrendered to Major McNamee of the United States Army. The defeat of the Federal army followed after only a few hours' fight, in which the Rebels beginning at sundown started to close in on the garrison with cannon and rifle fire.

The Greatest Invention Of The Age

NOW IN USE BY LEADING MERCHANTS IN ST. JOHN'S.

By the use of this latest invention you can have, in one second, speech with any or all of your staff, located anywhere on your premises, without leaving your desk, without wasting the time your employees use in going from their station to the private office, without any bell to ring or other attachment to handle. You may give callers attention without admitting them to your room and all the time your hands are disengaged and you may speak from three to ten feet from your instruments and be perfectly heard at the other end of the line. If you are interested in this service Mr. Percie Johnson will furnish detailed information on request. This service has been tested by six months perfect working in St. John's.

Yesterday at St. Patrick's.

Solemn High Mass was celebrated at St. Patrick's Church yesterday. His Grace the Archbishop occupied the throne, and was attended by Revs. Fr. McDermott and Dr. Greene. Rev. Fr. Pippy was celebrant of the Mass, and Rev. Frs. Kelly and Conway, deacon and sub-deacon respectively. After the Gospel His Grace preached an instructive sermon from the Gospel of the day, and very clearly explained the meaning of the "Finding of our Lord in the Temple," and spoke eloquently upon the coming of Christ into the world.

Wedding Bells.

MURPHY—POWER.

A quiet but pretty wedding took place at St. Patrick's Church on Jan. 6th, when Mr. P. Murphy, of this city, led to the altar Miss S. Power, of Mortier, P.E., the ceremony being performed by the Rev. J. J. McDermott. The bride was neatly attired in a costume of cream whip cord, with black hat. The bride was given away by Mr. J. J. Maney and attended by Misses K. Murphy and M. Smith, while Mr. W. Maddigan and Mr. L. Clare supported the groom. After the ceremony the happy couple drove to their future home, Water St. West, where supper was served to the immediate friends of the young couple. The presents received were numerous and costly, showing the popularity of the young couple.

Here and There.

SAILS FOR SYDNEY.—The s.s. Adventure leaves port again on Wednesday for Sydney for another coal cargo.

HOCKEY.—Interest and enthusiasm is now going on apace in hockey circles and if the present weather conditions continue the League fixtures will commence this night week. To-night the Crescents will have a practice at the Prince's Rink at 6.30 and the Victorias will go on at 10.30.

The Up-To-Date Optical Firm

Where your eyes can be scientifically, carefully and correctly tested. Where most practical and modern methods are employed in detecting errors. Where you can have your glasses ground and delivered without delay. Where all kinds of frames and mountings are kept, excepting low grade. Where glasses can be had at most reasonable prices for first-class goods. Where satisfaction in every detail is guaranteed.

R. H. Trapnell, Eyesight Specialist.

Buffett Parsonage Subscriptions.

Editor Evening Telegram. Dear Sir,—Please allow me through your columns to acknowledge with many thanks the receipt of the sum of Twenty-three Dollars, very kindly contributed by numerous friends on Belle Isle and sent me through the good offices of Mrs. Moses Dicks, to assist in replacing property lost in the fire which destroyed Buffett Parsonage last September.

Yours faithfully,
ARTHUR SHORTER.
Hr. Buffett, Jan. 6th, 1914.

Entertainment at Witless Bay.

A very enjoyable entertainment was given at the Convent School, Witless Bay, on the night of January 6th, consisting of songs, recitations, choruses, and a Christmas play. The hall was crowded, and all seemed pleased at the able manner in which all went through their parts. The entertainment, which will be repeated to-morrow night, reflects great credit on the children and on dear old Witless Bay.—Com. Jan. 10, 1914.

TO-NIGHT'S MATCH.

An interesting Curling match will take place at the Curling Rink to-night when the Greens and Whites will compete for the Victoria Trophy.

FIRE ENQUIRY.

A further magisterial enquiry into the Cohen fire was held Saturday afternoon, when the evidence of an employee named Gardner was taken.

The Chorus Girl

AT THE CASINO TO-NIGHT. At the Casino to-night, the W. S. Harkins players will present that splendid comedy-drama The Chorus Lady. The story of the play is entirely different from anything that the company has yet presented. Briefly it tells the story of a bright young Irish girl, Patricia O'Brien, who is in the chorus of a musical comedy company. She returns home broke, to find her father and fiancée who are partners in a racing stake have met with financial reverses. They have been assisted by a "man about town" to whom they give an interest in their stake. This man has assisted them in order to get into the good graces of Patricia's younger sister Nora. Patricia soon discovers his object, and takes her sister to New York with her. The man about town follows and secretly lends Nora money to bet on the races, fascinating her with false "tips." Naturally she loses and he persuades her to sign her father's name to a note. She does so. The balance of the story will be told to-night at the Casino. The second act shows the dressing room of the Merry Musical Comedy Co., and is very funny. A large advance sale indicates a full house. To-night's performance is under the patronage of His Excellency the Governor and Mrs. Davidson.

AMBULANCE CALLED OUT.

The ambulance, in charge of Cabman T. Voisey, was dispatched yesterday to a house near Long Pond, and conveyed a boy named Herbert Cook, to Hospital. The patient is suffering from acute pneumonia and yesterday was so seriously ill that grave fears were entertained for his recovery.

The Divine Presence.

How rich the word of promise To God's own people given, Sweet foretaste of the glory More fully theirs in heaven! Among their pilgrim blessings, This is of all the best: "My presence shall go with thee! And I will give thee rest."

"My presence shall go with thee!" We cannot ask for more; This is the sum of blessing The treasure of His store; The outward man may perish And earthly good decay, His presence to our spirits Is life from day to day.

"My presence shall go with Thee!" Then never need we fear, Though foes encamp about us Jehovah still is near. Before, behind around us Almighty power defends, In every time of trial His people He befriends.

Through all the "light afflictions" Which meet us on the way, Through all the griefs and sorrows Which shade life's brightest day, We rest upon the promise— It long has stood the test—"My presence shall go with thee, And I will give thee rest."

Meeting of Star of the Sea.

Yesterday's meeting of the Star of the Sea Association was largely attended. The President, Mr. E. M. Jackman, occupied the chair, and twelve associate members were enrolled. Rev. Dr. Greene, the Spiritual Director, was present and delivered an interesting discourse on the Edict of Milan, and explained the meaning of the Constantine Jubilee. Several matters in connection with the new Club were discussed during the meeting.

Bank Fishery Returns.

The complete returns of the Bank Fishery for 1913 as compiled and posted at the Board of Trade Rooms are:—

Locality.	No. Vsls.	Tgr.	Crew.	Qts.	
Burgeo	2	130	28	1231	
Pushthrough	1	62	15	880	
Rames	2	119	26	1297	
Marystown	5	256	65	5067	
St. Jacques	8	647	151	9051	
Catalina	2	159	32	1471	
Fortune	4	230	58	4690	
Grand Bank	31	2333	569	45723	
Burin	23	1550	385	31530	
Belleoram	11	932	223	20651	
Hr. Breton	10	714	176	16053	
Stone's Cove	5	414	102	8850	
		104	7551	1830	145091

In addition to the codfish at Burin 6,473 quintals of ling were also landed, bringing the grand total up to 152,374. This shows a decrease of 3,143 quintals from the catch of the previous season when 124 vessels carrying crews numbering 2,065 men, landed 155,517. The average, however, was 83 quintals per man as against 75 1/2 in 1911-12.

T. A. Meeting.

The T. A. and B. Society held its regular monthly meeting yesterday afternoon. Vice-President Griffin was in the chair in the absence of President Ellis, who was ill. Seventeen new members were enrolled, three of whom were transferred from the Juvenile Branch and these in particular were congratulated by the chairman. Letters were then read from the Newfoundland British Society extending the Season's Greetings; from the Premier for resolution passed at annual meeting, and from Dr. O'Connell thanking the Society for their wedding present. Matters in connection with the Society's annual soiree, which will take place shortly, were then taken up. A committee was appointed with Mr. P. J. Hanley as chairman, and Mr. J. P. Grace as Secretary, to look after arrangements.

Sunday Evening at Wesley Church

REV. MR. THOMAS PREACHES.

A very bright service was held at Wesley Church on Sunday evening. Rev. Mr. Thomas, the esteemed Pastor of the Congregational Church, was the preacher. Ascending the Rostrum he was face to face with a crowded and most interested congregation. His subject was the Parable of the "Prodigal Son," and perhaps no one could find the pathetic points in the parable and present them to the congregation with greater force than he. The Rev. gentleman has a very acceptable manner of delivery and a genius for presenting the simple gospel truth in a most striking and effective manner. The congregation last night on leaving the church gave many expressions of their respect and esteem for the preacher and demonstrated that they were delighted and edified by the opportunity to hear him. The whole service last night was all that could be desired. The singers and organist did their parts well and the ushers were at their places heartily welcoming strangers and directing them to seats in the commodious building.—R.P.

SHOEWORKERS' STRIKE.—The shoeworkers strike, which has lasted for four months, will soon be over. A settlement is in sight, we hear, satisfactory to all concerned.

What Is It?

The usual cup of tea or coffee contains from 1 1/2 to 3 grains of caffeine, a drug which often produces aches, ails and discomfort; but the habit can be quickly overcome by using well-made Postum.

One of the most pleasing features of this change from tea and coffee to Postum is the total absence of a sense of something missed.

But more important is that "good all over" feeling of returning health; and it's the finest trade possible to quit tea and coffee and get well.

Postum, made of prime wheat and a small per cent of New Orleans molasses, is a pure-food drink. It is wholesome and nourishing; and has a delicious, snappy flavour, but is entirely free from the drug, caffeine, in tea and coffee.

Anyone can make a stand for the old fashioned fun that comes with health and the power to "do things." Suppose you try it!

"There's a Reason" for POSTUM

Postum now comes in two forms: **Regular Postum**—must be boiled 15 to 20 minutes. **Instant Postum**—is a soluble powder. A scant teaspoonful stirred in a cup of hot water dissolves instantly.

The convenience of Instant Postum is apparent. But, when prepared according to directions, both kinds are exactly the same. The cost per cup is about equal.

—Grocers everywhere sell both kinds.

Canadian Postum Cereal Co., Ltd., Windsor, Ont.
